

August 30, 2006

Dear Synopsys partners:

Your entire Carlson Wagonlit Travel (CWT) team offers its congratulations to Synopsys as you celebrate your 20<sup>th</sup> anniversary.

Synopsys and CWT began its business relationship in September 2001. Since that time, our partnership has grown to serving more than 3,000 Synopsys travelers in 79 locations worldwide. We remain committed to continuous improvement and value in the products and services delivered to your organization, including *CWT Portrait*, the online traveler profile system, *CWT Horizon*, the online self-booking tool, *CWT Freedom*, the mobile services offering, and *CWT Discovery*, the online global reporting tool. Additionally, CWT and Carlson Marketing Worldwide (CMW) have partnered to offer Synopsys a Web-based meeting planning tool, *MeetingsLogic*®.

We value and are very proud of the great relationship we have with many people in your fine organization. Lawrence Armentano, Director, Corporate Procurement, for Synopsys has been invited to be a guest speaker at CWT leadership conferences; providing first-hand feedback on business successes and areas of improvement. Most recently in February, Larry spoke at the Global Account Management meeting in San Francisco; outlining the challenges of managing a global mid-market company.

We look forward to our continued and growing partnership. Again, from all of us at CWT, congratulations on your 20<sup>th</sup> anniversary milestone and best wishes for continued success.

Sincerely,

President & CEO  
Carlson Wagonlit Travel

COO, North America
