

## Ed Lechner

AMS Product Marketing Director

Ed Lechner joined Synopsys in 2005 and has more than 25 years of experience in the analog and mixed-signal field including semiconductors, EDA, and IP. He is currently responsible for Synopsys SPICE and library characterization products.

Ed was instrumental in establishing the Interoperable Process Design Kit Libraries (IPL) Alliance. This is a collaborative industry effort to create PDK standards and accelerate innovation in custom and analog design.

Prior to joining Synopsys, Ed worked at Arm as Marketing Director for the high-speed serial interconnect IP products. He has also held various engineering, sales, and marketing positions at Cadence Design Systems and Harris Semiconductor (now Intersil).

Ed holds a BSEE degree from the University of Evansville and an MBA from Florida Tech.
