

Dr. Gary McGraw

Vice President, Security Technology

Dr. Gary McGraw is the Vice President of Security Technology at Synopsys. He is a globally recognized authority on software security and the author of eight best-selling books on this topic. His titles include *Software Security*, *Exploiting Software*, *Building Secure Software*, *Java Security*, and *Exploiting Online Games*; he is also the editor of the Addison-Wesley Software Security series. Gary has written more than 100 peer-reviewed scientific publications, authors a monthly security column for SearchSecurity and Information Security magazine, and is frequently quoted in the press.

In addition to serving as a strategic counselor for top business and IT executives, Gary is on the advisory boards of Max Financial, NTrepid, and Ravenwhite. He has also served as advisor to Dasient (acquired by Twitter), Fortify Software (acquired by HP), and Invotas (acquired by FireEye).

Gary's dual Ph.D. is in cognitive science and computer science from Indiana University, where he serves on the Dean's Advisory Council for the School of Informatics. Gary served on the IEEE Computer Society Board of Governors and produces the monthly Silver Bullet Security podcast for IEEE Security & Privacy magazine (syndicated by SearchSecurity).
