

Robert Hoogenstryd

Senior Director of Marketing, Design Analysis and Sign-off Tools

Robert Hoogenstryd is Senior Director of Marketing for design analysis and sign-off tools at Synopsys, including Synopsys' flagship products such as PrimeTime static timing analysis (STA) and StarRC extraction tools. He has been involved in the EDA industry for over 20 years, having held a number of roles in applications engineering, marketing and sales within pioneering companies such as Daisy Systems, Silicon Compiler Systems, Mentor Graphics and Silicon Metrics.

Prior to this, Mr. Hoogenstryd worked as a design engineer within the avionics industry where he was involved in the design of high-speed radar electronics.

Mr. Hoogenstryd holds a BEEE degree from Stevens Institute of Technology.
