

Dr. Steve Pateras

VP of Marketing, Silicon Realization Group

Steve Pateras and his team are responsible for product marketing and business development for the test automation product line. Dr. Pateras has nearly 30 years of experience in semiconductor test, both on the implementation side as well as in EDA. Before joining Synopsys, he held various engineering and marketing management positions at IBM, LogicVision, and Mentor Graphics. Dr. Pateras received his Ph.D. in Electrical Engineering from McGill University in Montreal, Canada.
