**PROXY STATEMENT  
FOR THE 2011 ANNUAL MEETING OF STOCKHOLDERS  
TO BE HELD ON MARCH 24, 2011**

---

**INFORMATION CONCERNING SOLICITATION AND VOTING**

Our Board of Directors is soliciting proxies for our 2011 Annual Meeting of Stockholders (referred to in this Proxy Statement as the Annual Meeting) to be held on Thursday, March 24, 2011 at 8:00 a.m. Pacific Time at 1030 West Maude Avenue, Sunnyvale, California 94085. Our principal executive offices are located at 700 East Middlefield Road, Mountain View, California 94043, and our telephone number is (650) 584-5000.

The proxy materials, including this Proxy Statement, the proxy card or voting instruction form, and our 2010 Annual Report on Form 10-K, are being distributed and made available on or about February 11, 2011. This Proxy Statement contains important information for you to consider when deciding how to vote on the matters brought before the meeting. Please read it carefully.

For more information about this solicitation and voting, please see the Questions and Answers section below.

**QUESTIONS AND ANSWERS**

**Q: Why did I receive a notice about Synopsys, Inc.'s proxy materials?**

A: If you owned common stock of Synopsys, Inc. at the close of business on January 28, 2011, the Record Date, you are considered a stockholder. Accordingly, we are providing you with access to our proxy materials in order to solicit your vote at the Annual Meeting.

**Q: Why did I receive a two-page notice instead of the proxy materials themselves and how can I get the materials?**

A: We are pleased to continue to take advantage of the U.S. Securities and Exchange Commission rule that allows companies to furnish proxy materials to their stockholders over the Internet. As a result, we are mailing to most of our stockholders a two-page Notice of Availability of Proxy Materials instead of a printed copy of all of the proxy materials. The Notice of Availability of Proxy Materials you received provides instructions on how to access and review our proxy materials and submit your vote on the Internet and also instructs you on how to request a printed copy of our proxy materials. We believe this process of sending a two-page notice reduces the environmental impact of printing and distributing hard copy materials and lowers the costs of such printing and distribution.

**Q: Why did I receive a full set of proxy materials in the mail instead of a two-page notice?**

A: If you previously requested printed copies of the proxy materials, we have provided you with printed copies of the proxy materials instead of a two-page Notice of Availability of Proxy Materials. If you would like to reduce the environmental impact and the costs incurred by us in mailing proxy materials, you may elect to receive all future proxy materials electronically via email or the Internet.

To sign up for electronic delivery, please follow the instructions to vote using the Internet provided with your proxy materials and on your proxy card or voting instruction form, and, when prompted, indicate that you agree to receive or access stockholder communications electronically in the future.

**Q: What proposals will be presented at the Annual Meeting and what are the voting recommendations of the Board of Directors?**

A: The proposals that will be presented at the Annual Meeting and our Board's voting recommendations are set forth in the table below:

1. Election of eight directors nominated by our Board of Directors to serve for the ensuing year and until their successors are elected . . . . .	For all nominees

As of February 9, 2011, we are not aware of any other matters to be submitted for consideration at the Annual Meeting. If any other matters are properly brought before the meeting, the persons named in the enclosed proxy card or voting instruction form will vote the shares they represent using their best judgment.

**Q: When and where will the Annual Meeting be held?**

A: The Annual Meeting will be held on March 24, 2011, at 8:00 a.m. Pacific Time at our office located at 1030 West Maude Avenue, Sunnyvale, California 94085. A map and directions are set forth on the back of this Proxy Statement.

**Q: How can I attend the Annual Meeting?**

A: You will be admitted to the Annual Meeting if you were a Synopsys stockholder or joint holder as of the close of business on January 28, 2011, or you have authority to vote under a valid proxy for the Annual Meeting. You should be prepared to present photo identification for admittance. In addition, if you are a stockholder of record, your name will be verified against the list of stockholders of record prior to admittance to the Annual Meeting. If you are a beneficial owner, you should provide proof of beneficial ownership on the Record Date, such as your most recent account statement prior to January 28, 2011, a copy of the voting instruction form provided by your broker, trustee, or nominee, or other similar evidence of ownership. If you are a stockholder who is a natural person and not an entity, you and your immediate family members will be admitted to the Annual Meeting, provided you and they comply with the above procedures.

**Q: Who can vote?**

A: If you are a stockholder of record or a beneficial owner who owned our common stock at the close of business on the Record Date of January 28, 2011, you are entitled to attend and vote at the Annual Meeting. As of the Record Date, 149,246,111 shares of our common stock were

outstanding and entitled to vote. You are entitled to one vote for each share of common stock you held on the Record Date. Whether or not you plan to attend the Annual Meeting, we urge you to submit your proxy.

**Q: What is the difference between a stockholder of record and a beneficial owner?**

A: *Stockholder of Record:* If on the Record Date your shares were registered directly in your name with our transfer agent, Computershare Investor Services, then you are a stockholder of record.

*Beneficial Owner:* If on the Record Date your shares were held through a broker, bank, or other agent and not in your name, then you are the beneficial owner of our common stock. If you are a beneficial owner, your shares are held in street name, as is the case for most of our stockholders.

**Q: How can I vote if I am a stockholder of record?**

A: There are four ways to vote:

- *In person.* If you are a stockholder of record, you may vote in person at the Annual Meeting. We will provide a ballot to you when you arrive.
- *Via the Internet.* You may vote by proxy via the Internet by following the instructions provided in the proxy card or Notice of Availability of Proxy Materials.
- *By Telephone.* If you received printed copies of the proxy materials, you may vote by proxy by calling the toll free number found on the proxy card. If you only received a Notice of Availability of Proxy Materials and wish to vote by proxy over the telephone, you may do so by first requesting printed copies of the proxy materials by mail and then calling the toll free number found on the proxy card.
- *By Mail.* If you received printed copies of the proxy materials, you may vote by proxy by filling out the proxy card and sending it back in the envelope provided. If you only received a Notice of Availability of Proxy Materials and wish to vote by proxy via mail, you may do so by first requesting printed copies of the proxy materials by mail and then filling out the proxy card and sending it back in the envelope provided.

Whether or not you plan to attend the meeting, we urge you to vote by proxy.

**Q: How can I vote if I am the beneficial owner?**

A: There are four ways to vote:

- *In person.* If you are a beneficial owner and you wish to vote in person at the Annual Meeting, you must obtain a legal proxy from the organization that holds your shares. Please contact that organization for instructions regarding obtaining a legal proxy.
- *Via the Internet.* You may vote by proxy via the Internet by following the instructions provided in the voting instruction form or Notice of Availability of Proxy Materials.
- *By Telephone.* If you received printed copies of the proxy materials, you may vote by proxy by calling the toll free number found on the voting instruction form. If you only received a Notice of Availability of Proxy Materials and wish to vote by proxy over the telephone, you may do so by first requesting printed copies of the proxy materials by mail and then calling the toll free number found on the voting instruction form.
- *By Mail.* If you received printed copies of the proxy materials, you may vote by proxy by filling out the voting instruction form and sending it back in the envelope provided. If you only received a Notice of Availability of Proxy Materials and wish to vote by proxy via mail, you may do so by first requesting printed copies of the proxy materials by mail and then filling out the voting instruction form and sending it back in the envelope provided.

As a beneficial owner, you are also invited to attend the Annual Meeting. However, since you are not a stockholder of record, you may not vote your shares in person at the Annual Meeting unless you request and obtain a legal proxy from the organization that holds your shares.

**Q: What votes can I cast for the proposals?**

A: With respect to Proposal 1, you may either vote “For” all the nominees to our Board of Directors or you may “Withhold” your vote for any nominee you specify. With respect to Proposals 2, 3 and 5, you may vote “For” or “Against”, or “Abstain” from voting. With respect to Proposal 4, you may vote for “1 Year”, “2 Years” or “3 Years”, or “Abstain” from voting. An abstention vote will have the same effect as an “Against” vote with respect to Proposal 2 and Proposal 5. An abstention vote will not be counted as either a vote cast “For” or “Against” with respect to Proposal 3 or as a vote for “1 Year”, “2 Years” or “3 Years” with respect to Proposal 4.

**Q: What if I don’t give specific voting instructions?**

A: If you indicate a choice on your proxy on a particular matter to be acted upon, the shares will be voted as indicated.

If you are a stockholder of record and you return a signed proxy card but do not indicate how you wish to vote, the proxy holders will vote your shares in the manner recommended by our Board of Directors on all matters presented in this proxy statement and as the proxy holders may determine in their discretion with respect to any other matters properly presented for a vote at the Annual Meeting. If you do not return the proxy card, your shares will not be voted and will not be deemed present for the purpose of determining whether a quorum exists.

If you are a beneficial owner and the organization holding your account does not receive instructions from you as to how to vote those shares, under the rules of various national and regional securities exchanges, that organization may exercise discretionary authority to vote on routine proposals but may not vote on non-routine proposals. As a beneficial owner, you will not be deemed to have voted on such non-routine proposals. The shares that cannot be voted by brokers on non-routine matters are called broker non-votes. Broker non-votes will be deemed present at the Annual Meeting for purposes of determining whether a quorum exists for the Annual Meeting. Broker non-votes will make a quorum more readily obtainable but will not otherwise affect the outcome of the vote of any proposal.

**Q: Which ballot measures are considered “routine” or “non-routine”?**

A: The ratification of the appointment of KPMG LLP as our independent registered public accounting firm for fiscal 2011 (Proposal 5) is a matter considered routine under applicable rules. A broker or other nominee may generally vote on routine matters, and therefore no broker non-votes are expected to exist in connection with Proposal 5.

The election of directors (Proposal 1), the proposal to amend our 2006 Employee Equity Incentive Plan (Proposal 2), the advisory vote on executive compensation (Proposal 3) and the advisory vote on the frequency of the advisory vote on executive compensation (Proposal 4) are matters considered non-routine under applicable rules. A broker or other nominee cannot vote without instructions on non-routine matters, and therefore there may be broker non-votes on Proposals 1, 2, 3 and 4.

**Q: What if I change my mind and want to revoke my proxy?**

A: If you are a stockholder of record, you may revoke your proxy at any time before the Annual Meeting by delivering a written notice of revocation or a duly executed proxy card bearing a later date to our principal executive offices at 700 East Middlefield Road, Mountain View,

California 94043, attention Corporate Secretary. Such notice or later dated proxy must be received by us prior to the Annual Meeting. You may also revoke your proxy by attending the Annual Meeting and voting in person.

If you are a beneficial owner, please contact your broker, bank or other agent for instructions on how to revoke your proxy.

**Q: What is a quorum?**

A: We need a quorum of stockholders to hold our Annual Meeting. A quorum exists when at least a majority of the outstanding shares entitled to vote on the Record Date are represented at the Annual Meeting either in person or by proxy. Your shares will be counted towards the quorum only if a valid proxy or vote is submitted. Stockholders who vote "Abstain" on any proposal and discretionary votes by brokers, banks and related agents on routine proposals will be counted towards the quorum requirement.

**Q: Who is paying for this solicitation?**

A: Synopsys will bear the cost of soliciting proxies. We have retained D.F. King & Co., Inc. to assist us in soliciting proxies, for which we will pay D.F. King & Co. a fee of approximately \$10,000 plus out-of-pocket expenses. We will also reimburse brokerage firms and other persons representing beneficial owners of shares for their reasonable expenses in forwarding solicitation material to such beneficial owners. We will furnish copies of solicitation material to such brokerage firms and other representatives. Proxies may also be solicited personally or by telephone, facsimile or email by our directors, officers and employees without additional compensation.

**Q: I received notice that communications to my address are being householded. What does that mean?**

A: The Securities and Exchange Commission has adopted rules that permit companies and intermediaries (for example, brokers) to satisfy the delivery requirements for proxy statements and annual reports with respect to two or more stockholders sharing the same address by delivering a single proxy statement or Notice of Availability of Proxy Materials addressed to those stockholders. A number of brokers with account holders who are our stockholders "household" our proxy materials in this manner. If you have received notice from your broker that it will be householding communications to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate proxy statement, 2010 Annual Report on Form 10-K or Notice of Availability of Proxy Materials, please notify your broker and our investor relations department in writing at 700 East Middlefield Road, Mountain View, California 94043, by email at [invest-info@synopsys.com](mailto:invest-info@synopsys.com) or by telephone at (650) 584-4257. If you currently receive multiple copies of the Notice of Availability of Proxy Materials or proxy statement at your address and would like to request householding of your communications, please contact your broker, bank or other agent.

**Q: I also have access to Synopsys, Inc.'s 2010 Annual Report on Form 10-K. Is that a part of the proxy materials?**

A: Our Annual Report on Form 10-K for the fiscal year ended October 31, 2010, as filed with the Securities and Exchange Commission on December 17, 2010 and amended on February 9, 2011 (referred to in this Proxy Statement as the 2010 Annual Report on Form 10-K), accompanies this Proxy Statement. These documents constitute our Annual Report to Stockholders and are being made available to all stockholders entitled to receive notice of and to vote at the Annual Meeting. Except as otherwise stated, the Annual Report on Form 10-K is not incorporated into this Proxy Statement and should not be considered proxy solicitation material.

**Q: Where can I find the voting results of the meeting?**

A: The preliminary voting results will be announced at the Annual Meeting. The final results will be published in a Current Report on Form 8-K, which we will file with the Securities and Exchange Commission by March 30, 2011.

**Q: How can I make a proposal to be voted on at next year's annual meeting of stockholders?**

A: To be considered for inclusion in the proxy materials for next year's annual meeting of stockholders, your proposal must be submitted in writing by October 14, 2011 to Corporate Secretary, c/o Synopsys, Inc., 700 East Middlefield Road, Mountain View, California 94043, and must comply with all applicable requirements of Rule 14a-8 promulgated under the Securities Exchange Act of 1934, as amended (referred to in this Proxy Statement as the Exchange Act). If you wish to submit a proposal that is not to be included in next year's proxy materials, but that may be considered at the annual meeting of stockholders to be held in 2012, you must do so in writing following the above instructions not earlier than the close of business on September 14, 2011 and not later than the close of business on October 14, 2011. We advise you to review our Bylaws, which contain additional requirements about advance notice of stockholder proposals and director nominations, including the different notice submission date requirements in the event our annual meeting for 2012 is held more than 30 days before or after March 24, 2012. The section titled "Director Nominations" on page 63 of this Proxy Statement provides additional information on the director nomination process.

**MATTERS TO BE CONSIDERED AT ANNUAL MEETING**  
**PROPOSAL 1**  
**ELECTION OF DIRECTORS**

Our Board of Directors is elected each year at the annual meeting of stockholders. Synopsys currently has eight directors. Upon the recommendation of the Corporate Governance and Nominating Committee of our Board of Directors, each of the current directors has been nominated by our Board for election at the Annual Meeting and has decided to stand for election.

Provided that there is a quorum at the Annual Meeting, the eight nominees receiving the highest number of “For” votes of the shares present in person or represented and entitled to vote at the Annual Meeting will be elected as directors. In the event a nominee is unable or declines to serve as a director, the proxies will be voted at the Annual Meeting for any nominee who may be designated by our Board of Directors to fill the vacancy. As of the date of this Proxy Statement, our Board is not aware of any nominee who is unable or will decline to serve as a director. Each director to be elected at the Annual Meeting will serve until our next annual meeting of stockholders and until his or her successor is elected and qualified or, if earlier, the director’s death, resignation or removal. You may either vote “For” all the nominees to our Board of Directors or you may “Withhold” your vote for any nominee you specify. Unless marked otherwise, proxies returned to us will be voted for each of the nominees named below. If you hold your shares through a bank, a broker or other holder of record you must instruct your bank, broker or other holder of record to vote so that your vote can be counted on this Proposal 1.

The election of directors pursuant to this Proposal 1 is an uncontested election. In addition to the voting requirements under Delaware law described above, our Corporate Governance Guidelines provide that in an uncontested election any nominee for director who receives a greater number of votes “Withheld” from his or her election than votes “For” such election will, promptly following certification of the stockholder vote, submit to our Board of Directors a letter of resignation for consideration by the Corporate Governance and Nominating Committee. Our Board, after taking into consideration the recommendation of the Corporate Governance and Nominating Committee, will determine whether to accept the director’s resignation. Synopsys will publicly disclose the decision reached by our Board and the reasons for such decision.

**OUR BOARD OF DIRECTORS RECOMMENDS THAT YOU  
VOTE “FOR” ALL NOMINEES.**

**Nominees**

Set forth below is information regarding the nominees, including information they have furnished as to their principal occupations, certain other directorships they hold, or have held, and their ages as of the Record Date, January 28, 2011. ## PROPOSAL 2

### APPROVAL OF AN AMENDMENT OF OUR 2006 EMPLOYEE EQUITY INCENTIVE PLAN

Subject to stockholder approval, our Board of Directors approved an amendment (referred to in this Proxy Statement as the Amendment) of our 2006 Employee Equity Incentive Plan (referred to in this Proxy Statement as the 2006 Employee Plan) in December 2010 to address the periodic need to replenish the number of shares available under the 2006 Employee Plan to issue future equity awards to our employees.

The Amendment would, among other things, increase the number of shares of common stock available for future issuance under the 2006 Employee Plan by 7,000,000 shares, representing approximately 4.7% of the shares of common stock outstanding as of January 1, 2011. If approved by our stockholders, the Amendment will become effective as of the Annual Meeting date.

Approval of the Amendment requires the affirmative vote of the holders of a majority of the shares present in person or represented by proxy and entitled to vote at the Annual Meeting. Abstentions will have the same effect as a negative vote.

### OUR BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE “FOR” THE APPROVAL OF THE AMENDMENT TO THE 2006 EMPLOYEE PLAN.

#### Purpose and Background

The purpose of this Amendment is to provide us with a sufficient reserve of common stock to offer appropriate incentives to our employees. Like all technology companies, we actively compete for highly qualified employees, especially technical employees. Our equity program is a key component of our strategy to attract and retain those individuals. Each year the Compensation Committee of our Board of Directors and management review our overall compensation strategy and determine the allocations of cash and equity compensation in light of our pay for performance philosophy. We continue to believe that equity compensation is a critical component to motivate key employees and effectively aligns employee compensation with stockholder interests. The 2006 Plan is the sole available plan for providing equity grants to our employees. If the Amendment is not approved and we are unable to grant equity compensation in the future, we may need to consider other compensation alternatives, such as increasing cash compensation.

We are committed to effectively managing our equity compensation share reserve while minimizing stockholder dilution. For this reason, we carefully manage both our gross burn rate and net burn rate. Gross burn rate reflects equity awards granted during the fiscal year divided by the number of shares outstanding. Net burn rate reflects equity awards granted during the year less equity awards cancelled and returned to the plans (net equity grants), divided by the number of shares outstanding. We endeavor to ensure that our gross burn rate approximates the average rate for our peer group companies as well as for the software and services industry more generally, and that our burn rates are within the limits recommended by independent shareholder advisory groups, such as Institutional Shareholders Service (referred to in this Proxy Statement as ISS). While there are several methodologies to arrive at burn rates, using ISS current methodology, our gross burn rates for the last three years are well within the guidelines recommended by ISS. Detailed information about equity awards issued in fiscal 2010 as well as other relevant information is set forth below.

We note that the cornerstone of our compensation philosophy as discussed in the Compensation Discussion and Analysis beginning on page 28 is pay for performance and in that regard, more than half of the value of the equity grants to our named executive officers in fiscal 2010 was in performance-

based RSU grants, and the balance was in stock option grants directly linked to the appreciation of our stock price. We also note that our 2006 Employee Plan includes additional provisions that are designed to protect our stockholders' interests and to reflect corporate governance best practices, including:

- *Stockholder approval required for additional shares.* The 2006 Employee Plan does not contain an annual "evergreen" provision that provides for automatic increases of shares on an ongoing basis. The 2006 Employee Plan instead authorizes a fixed number of shares, and stockholder approval is required for any increase in the number of shares.
- *No discounted stock options or stock appreciation rights.* All stock options and stock appreciation rights must have an exercise price equal to or greater than the fair market value of our common stock on the date of grant.
- *Repricing not allowed.* The 2006 Employee Plan expressly prohibits the repricing of equity awards—including the cancellation and re-grant of new equity awards—without prior stockholder approval.
- *Reasonable share counting provisions.* In general, when awards lapse or are cancelled, the shares reserved for those awards are returned to the share reserve and become available for future awards. However, shares of common stock tendered to us in payment of the exercise price or to cover tax withholdings are not returned to our share reserve.
- *7 Year Term.* All equity awards granted under the 2006 Employee Plan have a term of no more than seven years. In 2009, we amended the plan to establish seven years as the maximum permissible term for all equity awards, thereby limiting the potential for unproductive overhang.
- *Fungible Share Reserve.* The 2006 Employee Plan has a fungible share reserve, which increases the rate at which the share reserve is depleted for restricted stock and restricted stock unit awards, in order to minimize stockholder dilution.

### Historical Grant Information

No awards have been granted or promised with respect to the additional 7,000,000 shares requested. Awards under our 2006 Employee Plan are made at the discretion of our Board of Directors or the Compensation Committee and are therefore not determinable at this time. The following tables set forth detailed information about our historical equity compensation practices.

### Description of the 2006 Employee Plan, as Amended

The terms and provisions of the 2006 Employee Plan, as amended, are summarized below. This summary, however, does not purport to be a complete description of the 2006 Employee Plan. The following summary of the 2006 Employee Plan is qualified in its entirety by reference to the complete text of the 2006 Employee Plan, a copy of which is included as an appendix to this Proxy Statement. Any stockholder that wishes to obtain a copy of the actual plan document may do so by written request to: Corporate Secretary, Synopsys, Inc., 700 East Middlefield Road, Mountain View, California 94043.

## **General**

The 2006 Employee Plan was originally adopted by our Board of Directors in March 2006 and approved by stockholders in April 2006 as a successor plan to prior stock option plans for our employees. Our stockholders approved an amendment to the plan in February 2009. The 2006 Employee Plan provides for the grant of incentive stock options, non-statutory stock options, restricted stock awards, restricted stock units, stock appreciation rights, and other forms of equity compensation (collectively referred to in this Proxy Statement as equity awards). The 2006 Employee Plan also provides the ability to grant performance equity awards and performance cash awards (together referred to in this Proxy Statement as performance awards), which enable our Compensation Committee to use performance criteria in establishing specific targets to be attained as a condition to the vesting of awards.

Incentive stock options granted under the 2006 Employee Plan are intended to qualify as “incentive stock options” within the meaning of Section 422 of the Internal Revenue Code (referred to in this Proxy Statement as the Code). Non-statutory stock options granted under the 2006 Employee Plan are not intended to qualify as incentive stock options under the Code. See “Federal Income Tax Information” for a discussion of the tax treatment of equity awards.

## **Purpose**

The 2006 Employee Plan provides eligible employees with the opportunity to benefit from increases in the value of our common stock as an incentive to such employees to exert maximum efforts toward our success, thereby aligning their interests with the interests of our stockholders.

## **Administration**

The 2006 Employee Plan provides that our Board of Directors has the authority to construe and interpret the plan, to determine the persons to whom and the dates on which equity awards will be granted, the number of shares of common stock to be subject to each equity award, the time or times during the term of each equity award within which all or a portion of the award may be exercised, the exercise, purchase, or strike price of each equity award, the type of consideration permitted to exercise or purchase each equity award, and other terms of the equity awards.

Our Board of Directors has the authority to delegate some or all of the administration of the 2006 Employee Plan to a committee or committees composed of members of our Board. In the discretion of our Board of Directors, a committee may consist solely of two or more “non-employee directors” within the meaning of Rule 16b-3 under the Exchange Act or solely of two or more “outside directors” within the meaning of Section 162(m) of the Code. The 2006 Employee Plan also permits delegation of administration of the plan to one or more executive officers with respect to grants to employees of Synopsys. Our Board has delegated to the Compensation Committee administration of the 2006 Employee Plan with respect to stock option and restricted stock awards to executive officers, and with respect to restricted stock awards to our other employees. Our Board has delegated to our Chief Executive Officer, as both an officer and a member of our Board of Directors, administration of the plan with respect to stock option awards to employees other than executive officers, subject to specified limitations and restrictions.

## **Eligibility**

*General.* As of January 1, 2011, Synopsys had 6,594 employees, all of whom were eligible to participate under the 2006 Employee Plan. Our non-employee directors are not eligible to receive any awards under the 2006 Employee Plan.

*Incentive Stock Options.* Incentive stock options may be granted under the 2006 Employee Plan only to employees (including officers) of Synopsys and its affiliates. Employees (including executive officers) and consultants of Synopsys and its affiliates are eligible to receive all other types of equity awards and performance awards under the 2006 Employee Plan.

No incentive stock option may be granted under the 2006 Employee Plan to any person who, at the time of the grant, owns (or is deemed to own) stock possessing more than 10% of the total combined voting power of Synopsys or its affiliates, unless the exercise price of such stock option is at least 110% of the fair market value of the stock subject to the stock option on the date of grant and the term of the stock option does not exceed five years from the date of grant. In addition, the aggregate fair market value, determined on the date of grant, of the shares of common stock with respect to which incentive stock options are exercisable for the first time by a participant during any calendar year (under the 2006 Employee Plan and any other equity plans of Synopsys and its affiliates) may not exceed \$100,000 (any excess of such amount shall be treated as non-statutory stock options).

*Non-Statutory Stock Options, Restricted Stock and Other Awards.* Non-statutory stock options, restricted stock and all other awards authorized under the 2006 Employee Plan may be granted to employees and consultants.

*Individual Limit.* No person may be granted stock options or stock appreciation rights under the 2006 Employee Plan covering more than 1,000,000 shares of common stock during any calendar year. Stockholder approval of this Proposal 2 will also constitute a re-approval of the 1,000,000-share limitation for purposes of Section 162(m) of the Code. This limitation assures that any deductions to which we would otherwise be entitled either upon the exercise of stock options or stock appreciation rights granted under the 2006 Employee Plan, or upon the subsequent sale of the shares acquired under those equity awards, will not be subject to the \$1,000,000 limitation on the income tax deductibility of compensation paid to covered executive officers under Section 162(m) of the Code.

### **Stock Subject to the 2006 Employee Plan**

As of January 1, 2011, 1,118,598 shares of common stock were available for future grants under the 2006 Employee Plan. If this Proposal 2 is approved by our stockholders, an additional 7,000,000 shares will be available for future grants under the 2006 Employee Plan. Assuming the stockholders approve this Proposal 2, a total of 58,997,258 shares of our common stock will have been reserved for issuance under the 2006 Employee Plan.

The number of shares of common stock available for issuance under the 2006 Employee Plan is reduced by one share for each share of common stock issued pursuant to a stock option or a stock appreciation right and by 2.18 shares for each share of common stock issued pursuant to restricted stock unit awards granted prior to the date of the Annual Meeting and, if this Proposal 2 is approved, by 1.25 shares for each share of common stock issued pursuant to restricted stock unit awards granted on or after the date of the Annual Meeting.

When stock option awards granted expire or otherwise terminate without being exercised and when restricted stock awards or restricted stock unit awards expire or otherwise terminate without being vested, the shares subject to those awards become available for subsequent issuance under the plan. Such returning shares will increase the number of shares available for issuance under the 2006 Employee Plan, if amended, by one share if they were issued pursuant to a stock option or stock appreciation right and by 1.25 shares if they were issued pursuant to restricted stock awards or restricted stock unit awards.

If shares subject to an award granted under the 2006 Employee Plan are not delivered to a participant because:

- an equity award is exercised through a reduction in the number of shares subject to the equity award (a “net exercise”),
- the appreciation distribution upon exercise of a stock appreciation right is paid in shares of common stock, or
- shares are withheld in satisfaction of applicable withholding taxes,

then those do not become available for subsequent issuance under the plan. If the exercise price of a stock option is satisfied by a participant tendering previously held shares, the tendered shares do not become available for subsequent issuance under the plan.

### **Terms of Stock Options**

We may grant stock options under the 2006 Employee Plan pursuant to stock option agreements adopted by our Board of Directors or a duly authorized committee. The following is a description of the permissible terms of stock options under the 2006 Employee Plan. Individual stock option agreements may be more restrictive as to any or all of the permissible terms described below.

*Exercise Price.* The exercise price of incentive stock options and non-statutory stock options may not be less than 100% of the fair market value of the stock subject to the stock option on the date of grant and, in some cases (see “Eligibility” above), may not be less than 110% of such fair market value.

As of February 9, 2011, the closing price of our common stock as reported on the NASDAQ Global Select Market was \$28.67 per share.

*Consideration.* The stock option exercise price may, at the discretion of our Board of Directors, be paid in cash or by check, pursuant to a broker-assisted cashless exercise, by delivery of other shares of Synopsys common stock, pursuant to a net exercise arrangement, or in any other form of legal consideration acceptable to our Board of Directors.

*Vesting.* Stock options granted under the 2006 Employee Plan vest, or become exercisable, as determined by our Board of Directors. Vesting typically occurs during the optionholder’s continued service with Synopsys or an affiliate, whether such service is in the capacity of an employee, director or consultant (collectively referred to as service) and regardless of any change in the capacity of the optionee, or upon achievement of quantitative or qualitative goals determined by the plan administrator. Shares covered by different stock options may be subject to different vesting terms.

*Term.* Under the current 2006 Employee Plan, the maximum term of a stock option is seven years, except that in certain cases (see “Eligibility” above) the maximum term is five years.

*Termination of Service.* Stock options generally terminate three months after termination of a participant’s service unless:

- termination is due to the participant’s disability, in which case the stock option may be exercised (to the extent the stock option was exercisable at the time of the termination of service) at any time within 12 months of termination,
- the participant dies before the participant’s service has terminated, or the participant dies within a specified period after termination of service, in which case the stock option may be

exercised (to the extent the stock option was exercisable at the time of the participant's death) within 12 months of the participant's death by the person or persons to whom the rights to such stock option have passed, or

- the stock option by its terms specifically provides otherwise.

The stock option term may be extended in the event that exercise of the stock option following termination of service is prohibited by applicable securities laws. In no event, however, may a stock option be exercised beyond the expiration of its term.

*Restrictions on Transfer.* A participant generally may not transfer a stock option other than by will, by the laws of descent and distribution, or pursuant to a domestic relations order. During the lifetime of the participant, only the participant may exercise an incentive stock option. A participant may also designate a beneficiary who may exercise a stock option following the participant's death.

### **Terms of Restricted Stock**

We may grant restricted stock awards under the 2006 Employee Plan pursuant to restricted stock award agreements adopted by our Board of Directors or a duly authorized committee. Restricted stock awards are shares of our common stock that may be subject to restrictions, such as vesting requirements.

*Consideration.* Our Board of Directors may grant restricted stock awards in consideration for past or future services rendered to Synopsys or an affiliate, or any other form of legal consideration acceptable to our Board.

*Vesting.* Shares of stock acquired under a restricted stock award may, but need not, be subject to a repurchase option in favor of Synopsys or forfeiture to Synopsys in accordance with a vesting schedule as determined by our Board.

*Termination of Service.* Upon termination of a participant's service, Synopsys may repurchase or otherwise reacquire any forfeited shares of stock that have not vested as of such termination under the terms of the applicable restricted stock award.

### **Terms of Restricted Stock Units**

We may grant restricted stock unit awards under the 2006 Employee Plan pursuant to restricted stock unit award agreements adopted by our Board of Directors or a duly authorized committee. Restricted stock units represent the value of a fixed number of shares of Synopsys common stock on the date of grant.

*Consideration.* Our Board of Directors may grant restricted stock units in consideration for past or future services rendered to Synopsys or an affiliate, or any other form of legal consideration acceptable to our Board.

*Vesting.* Restricted stock units vest at the rate or on the terms specified in the restricted stock unit award agreement as determined by our Board.

*Settlement.* Restricted stock units may be settled by the delivery of shares of Synopsys common stock, cash, or any combination as determined by our Board of Directors. At the time of grant, our Board may impose additional restrictions or conditions that delay the delivery of stock or cash subject to the restricted stock unit award after vesting.

*Termination of Service.* Except as otherwise provided in the applicable award agreement, restricted stock units that have not vested will be forfeited upon the participant's termination of service.

### **Terms of Stock Appreciation Rights**

We may grant stock appreciation rights under the 2006 Employee Plan pursuant to stock appreciation rights agreements adopted by our Board of Directors or a duly authorized committee. A stock appreciation right is a right to receive the excess value over the strike price of a fixed number of shares. Individual stock appreciation right agreements may be more restrictive as to any or all of the permissible terms described below. Each stock appreciation right is denominated in shares of common stock equivalents but may be settled in cash.

*Term.* The maximum term of stock appreciation rights is seven years.

*Strike Price.* The strike price of stock appreciation rights may not be less than 100% of the fair market value of the common stock equivalents subject to the stock appreciation rights on the date of grant.

*Exercise.* Upon exercise of a stock appreciation right, Synopsys will pay the participant an amount equal to the excess of the aggregate fair market value on the date of exercise of a number of common stock equivalents with respect to which the participant is exercising the stock appreciation right, over the strike price determined on the date of grant. The appreciation distribution upon exercise of a stock appreciation right may be paid in cash, shares of our common stock, or any other form of consideration determined by our Board.

*Vesting.* Stock appreciation rights vest and become exercisable at the rate specified in the stock appreciation right agreement as determined by our Board of Directors.

*Termination of Service.* Stock appreciation rights generally terminate three months after termination of a participant's service unless:

- termination is due to the participant's disability, in which case the stock appreciation right may be exercised (to the extent vested at the time of the termination of service) at any time within 12 months of termination,
- the participant dies before the participant's service has terminated, or within a specified period after termination of service, in which case the stock appreciation right may be exercised (to the extent vested at the time of the participant's death) within 12 months of the participant's death by the person or persons to whom the rights to such stock appreciation right have passed, or
- the stock appreciation right by its terms specifically provides otherwise.

The term of a stock appreciation right may be extended in the event that exercise following termination of service is prohibited by applicable securities laws. In no event may a stock appreciation right be exercised beyond the expiration of its term.

### **Terms of Other Stock Awards**

Our Board of Directors may grant Other Stock Awards based in whole or in part by reference to the value of our common stock. Subject to the provisions of the 2006 Employee Plan, our Board has the authority to determine the persons to whom and the dates on which such other equity awards will be granted, the number of shares of common stock (or cash equivalents) to be subject to each award,

and other terms and conditions of such awards. Such awards may be granted either alone or in addition to other equity awards granted under the plan. These awards may not have a term in excess of seven years from the date of grant.

### **Terms of Performance Awards**

*General.* Our Board of Directors may grant performance awards and performance cash awards that qualify as performance-based compensation that is not subject to the income tax deductibility limitations imposed by Section 162(m) of the Code, if the award is approved by the Compensation Committee and the grant or vesting of the award is tied solely to the attainment of performance goals during a designated performance period.

*Performance Goals.* To preserve the possibility that the compensation attributable to awards may qualify as performance-based compensation that will not be subject to the \$1,000,000 limitation on the income tax deductibility of the compensation paid per covered executive officer imposed under Section 162(m) of the Code, the Compensation Committee has the authority to structure one or more such awards so that stock or cash will be issued or paid pursuant to the award only upon the achievement of certain pre-established performance goals that have already been approved by our stockholders. Performance goals for awards granted under the 2006 Employee Plan may be based on any one of, or combination of, the following: (a) earnings per share; (b) earnings before interest, taxes and depreciation; (c) earnings before interest, taxes, depreciation and amortization (EBITDA); (d) net earnings; (e) return on equity; (f) return on assets, investment, or capital employed; (g) operating margin; (h) gross margin; (i) operating income; (j) net income (before or after taxes); (k) net operating income; (l) net operating income after tax; (m) pre- and after-tax income; (n) pre-tax profit; (o) operating cash flow; (p) orders (including backlog) and revenue; (q) orders quality metrics; (r) increases in revenue or product revenue; (s) expenses and cost reduction goals; (t) improvement in or attainment of expense levels; (u) improvement in or attainment of working capital levels; (v) market share; (w) cash flow; (x) cash flow per share; (y) share price performance; (z) debt reduction; (aa) implementation or completion of projects or processes; (bb) customer satisfaction; (cc) stockholders' equity; (dd) quality measures; (ee) "Non-GAAP Net Income" (meaning net income excluding (1) the amortization of acquired intangible assets; (2) the impact of stock-based compensation expense; (3) in-process research and development expenses; (4) acquisition-related costs; (5) other non-recurring significant items, such as the effect of tax or legal settlements with the Internal Revenue Service and restructuring charges; and (6) the income tax effect of non-GAAP pre-tax adjustments from the provision for income taxes); and (ff) any other measures of performance selected by our Board of Directors.

*Annual Limitation.* The maximum benefit to be received by a participant in any calendar year attributable to performance equity awards may not exceed 1,000,000 shares of common stock. The maximum benefit to be received by a participant in any calendar year attributable to performance cash awards granted pursuant to the 2006 Employee Plan may not exceed \$2,000,000. Stockholder approval of this Proposal 2 will also constitute a re-approval of the foregoing limitations for purposes of Section 162(m) of the Code.

### **Changes to Capital Structure**

In the event any change is made to the outstanding shares of our common stock without receipt of consideration (whether through a stock split, reverse stock split or other changes in the capital structure), appropriate adjustments will be made to the class of securities issuable under the 2006 Employee Plan, the maximum number of securities issuable under the plan, the incentive stock option limitation, the maximum award that one person may be granted in a calendar year under the plan, and the number, class and price per share under outstanding equity awards under the plan.

## **Corporate Transactions; Changes in Control**

In the event of significant corporate transactions, outstanding equity awards under the 2006 Employee Plan may be assumed, continued or substituted by any surviving or acquiring entity (or its parent company). If the surviving or acquiring entity (or its parent company) elects not to assume, continue or substitute such equity awards, then:

- with respect to any such equity awards that are held by individuals then performing services for Synopsys or its affiliates, the vesting and exercisability provisions of such equity awards will be accelerated in full and such awards will be terminated if not exercised prior to the effective date of the corporate transaction, and
- all other outstanding equity awards will be terminated if not exercised prior to the effective date of the corporate transaction. Other equity awards, such as restricted stock awards, may have their repurchase or forfeiture rights assigned to the surviving or acquiring entity (or its parent company) in the corporate transaction. If such repurchase or forfeiture rights are not assigned, then such equity awards will become fully vested.

A significant corporate transaction will be deemed to occur in the event of:

- a sale of all or substantially all of the consolidated assets of Synopsys and its subsidiaries,
- the sale of at least 90% of the outstanding securities of Synopsys,
- a merger or consolidation in which Synopsys is not the surviving corporation, or
- a merger or consolidation in which Synopsys is the surviving corporation, but shares of Synopsys outstanding common stock are converted into other property by virtue of the corporate transaction.

The 2006 Employee Plan provides, at the discretion of our Board of Directors, that the holder of an outstanding equity award that would otherwise terminate if not exercised prior to the corporate transaction may surrender such equity award in exchange for a payment equal to the excess of the value of the property that the participant would have received upon exercise of the equity award, over the exercise price otherwise payable in connection with the equity award. Additionally, the 2006 Employee Plan provides our Board of Directors with the discretion to grant individual equity awards that vest as to all or any portion of the shares subject to the equity award in connection with a change of control transaction. No such equity awards have been granted by our Board of Directors.

The acceleration of an equity award in the event of an acquisition or similar corporate event may be viewed as an anti-takeover provision, which may have the effect of discouraging a proposal to acquire or otherwise obtain control of Synopsys.

## **Duration, Termination and Amendment**

Our Board of Directors may suspend or terminate the 2006 Employee Plan without stockholder approval or ratification at any time. Unless sooner terminated, the plan will terminate on March 2, 2016. Our Board may amend or modify the plan at any time, subject to any required stockholder approval. To the extent required by applicable law or regulation, stockholder approval will be required for any amendment that:

- materially increases the number of shares available for issuance under the plan,
- materially expands the class of individuals eligible to receive equity awards under the plan,
- materially increases the benefits accruing to the participants under the plan or materially reduces the price at which shares of common stock may be issued or purchased under the plan,

- materially extends the term of the plan, or
- expands the types of awards available for issuance under the plan.

Our Board of Directors also may submit to stockholders any other amendment to the plan intended to satisfy the requirements of Section 162(m) of the Code regarding the exclusion of performance-based compensation from the limitation on the deductibility of compensation paid to certain employees.

### **Federal Income Tax Information**

The following is a summary of the principal United States federal income taxation consequences to participants and Synopsys with respect to participation in the 2006 Employee Plan. This summary is not intended to be exhaustive, and does not discuss the income tax laws of any city, state or foreign jurisdiction in which a participant may reside.

*Incentive Stock Options.* Incentive stock options granted under the 2006 Employee Plan are intended to qualify for the favorable federal income tax treatment accorded “incentive stock options” under the Code. There generally are no federal ordinary income tax consequences to the participant or Synopsys by reason of the grant or exercise of an incentive stock option. However, the exercise of an incentive stock option may increase the participant’s alternative minimum tax liability, if any.

The difference between the exercise price and fair market value of the incentive stock option shares on the date of exercise is an adjustment to income for purposes of the alternative minimum tax. Alternative minimum taxable income is determined by adjusting regular taxable income for certain items, increasing that income by certain tax preference items and reducing this amount by the applicable exemption amount.

If a participant holds stock acquired through exercise of an incentive stock option for more than two years from the date on which the stock option was granted and more than one year after the date the stock option was exercised for those shares, any gain or loss on a disposition of those shares (referred to in this Proxy Statement as a qualifying disposition) will be a long-term capital gain or loss. Upon such a qualifying disposition, Synopsys will not be entitled to any income tax deduction.

Generally, if the participant disposes of the stock before the expiration of either of those holding periods (referred to in this Proxy Statement as a disqualifying disposition), then at the time of disposition the participant will realize taxable ordinary income equal to the lesser of (a) the excess of the stock’s fair market value on the date of exercise over the exercise price, or (b) the participant’s actual gain, if any, on the purchase and sale. The participant’s additional gain or any loss upon the disqualifying disposition will be a capital gain or loss, which will be long-term or short-term depending on whether the stock was held for more than one year after exercise.

To the extent the participant recognizes ordinary income by reason of a disqualifying disposition, generally Synopsys will be entitled (subject to the provisions of Section 162(m) of the Code and the satisfaction of a tax reporting obligation) to a corresponding income tax deduction in the tax year in which the disqualifying disposition occurs.

*Non-Statutory Stock Options.* No taxable income is recognized by a participant upon the grant of a non-statutory stock option. Upon exercise of a non-statutory stock option, the participant will recognize ordinary income equal to the excess, if any, of the fair market value of the purchased shares on the exercise date over the exercise price paid for those shares. Generally, Synopsys will be entitled (subject to the provisions of Section 162(m) of the Code and the satisfaction of a tax reporting

obligation) to an income tax deduction in the tax year in which such ordinary income is recognized by the participant. Synopsys will be required to satisfy certain tax withholding requirements applicable to such income.

Upon disposition of the stock, the participant will recognize a capital gain or loss equal to the difference between the selling price and the sum of the amount paid for such stock plus any amount recognized as ordinary income upon acquisition of the stock. Such gain or loss will be long-term or short-term depending on whether the stock was held for more than one year after exercise.

*Restricted Stock Awards.* Upon receipt of a restricted stock award, the participant will recognize ordinary income equal to the excess, if any, of the fair market value of the shares on the date of issuance over the purchase price, if any, paid for those shares. Synopsys will be entitled (subject to the provisions of Section 162(m) of the Code and the satisfaction of a tax reporting obligation) to a corresponding income tax deduction in the year in which such ordinary income is recognized by the participant.

However, if the shares issued upon the grant of a restricted stock award are unvested and subject to repurchase by Synopsys in the event of the participant's termination of service prior to vesting in those shares, the participant will not recognize any taxable income at the time of issuance, but will have to report as ordinary income, as and when Synopsys' repurchase right lapses, an amount equal to the excess of (a) the fair market value of the shares on the date the repurchase right lapses, over (b) the purchase price, if any, paid for the shares. The participant may, however, elect under Section 83(b) of the Code to include as ordinary income in the year of issuance an amount equal to the excess of (a) the fair market value of the shares on the date of issuance, over (b) the purchase price, if any, paid for such shares. If the Section 83(b) election is made, the participant will not recognize any additional income as and when the repurchase right lapses. The participant and Synopsys will be required to satisfy certain tax withholding requirements applicable to such income. Synopsys will be entitled to an income tax deduction equal to the amount of ordinary income recognized by the participant at the time the shares are issued. In general, the deduction will be allowed for the taxable year in which such ordinary income is recognized by the participant.

Upon disposition of the stock acquired upon the receipt of a restricted stock award, the participant will recognize a capital gain or loss equal to the difference between the selling price and the sum of the amount paid for such stock plus any amount recognized as ordinary income upon issuance (or vesting) of the stock. Such gain or loss will be long-term or short-term depending on whether the stock was held for more than one year.

*Restricted Stock Unit Awards.* No taxable income is recognized upon receipt of a restricted stock unit award. The participant will generally recognize ordinary income in the year in which the shares subject to that unit are actually vested and issued to the participant in an amount equal to the fair market value of the shares on the date of issuance. The participant and Synopsys will be required to satisfy certain tax withholding requirements applicable to such income. Synopsys will be entitled (subject to the provisions of Section 162(m) of the Code and the satisfaction of a tax reporting obligation) to an income tax deduction equal to the amount of ordinary income recognized by the participant at the time the shares are issued. In general, the deduction will be allowed for the taxable year in which such ordinary income is recognized by the participant.

*Stock Appreciation Rights.* No taxable income is realized upon the receipt of a stock appreciation right. Upon exercise of the stock appreciation right, the fair market value of the shares (or cash in lieu of shares) received is recognized as ordinary income to the participant in the year of such exercise. Generally, with respect to employees, Synopsys is required to withhold from the payment made on exercise of the stock appreciation right or from regular wages or supplemental wage payments an

amount based on the ordinary income recognized. Generally, Synopsys will be entitled (subject to the provisions of Section 162(m) of the Code and the satisfaction of a tax reporting obligation) to an income tax deduction in the year in which such ordinary income is recognized by the participant.

*Potential Limitation on Deductions.* Section 162(m) of the Code denies a deduction to any publicly held corporation for compensation paid to certain “covered employees” in a taxable year to the extent that compensation to each covered employee exceeds \$1,000,000. It is possible that compensation attributable to awards, when combined with all other types of compensation received by a covered employee from Synopsys, may cause this limitation to be exceeded in any particular year. However, certain kinds of compensation, including qualified “performance-based compensation”, are disregarded for purposes of the deduction limitation.

Below is a summary of the material conditions under which certain equity awards qualify as performance-based compensation that is exempt from the \$1,000,000 deduction limitation in accordance with Section 162(m) of the Code:

- Stock options and Stock Appreciation Rights. Compensation paid to covered employees that is attributable to stock options and stock appreciation rights will qualify as performance-based compensation if (a) such awards are granted by a compensation committee or committee of our Board of Directors comprised solely of “outside directors,” (b) the plan contains a per-employee limitation on the number of shares for which such awards may be granted during a specified period, (c) the per-employee limitation is approved by our stockholders, and (d) the exercise or strike price of the award is no less than the fair market value of the stock on the date of grant. It is intended that all stock options and stock appreciation rights granted to covered employees under the 2006 Employee Plan qualify as performance-based compensation that is exempt from the \$1,000,000 deduction limitation.
- Restricted Stock Awards, Restricted Stock Unit Awards, Performance Stock Awards and Performance Cash Awards. Compensation paid to covered employees that is attributable to restricted stock awards, restricted stock unit awards, performance stock awards, and performance cash awards will qualify as performance-based compensation, provided that: (a) the award is granted by a compensation committee comprised solely of “outside directors,” (b) the award is granted (or vests) only upon the achievement of an objective performance goal established in writing by the compensation committee while the outcome is substantially uncertain, (c) the compensation committee certifies in writing prior to the grant or vesting of the award that the performance goal has been satisfied, and (d) prior to the grant of the award, stockholders have approved the material terms of the award (including the class of employees eligible for such award, the business criteria on which the performance goal is based, and the maximum amount, or formula used to calculate the amount, payable upon attainment of the performance goal).

**PROPOSAL 3**  
**ADVISORY VOTE ON EXECUTIVE COMPENSATION**

We are requesting your advisory approval of the compensation of our named executive officers as disclosed in the Compensation Discussion and Analysis, the compensation tables, and the narrative discussion set forth on pages 28 to 43 of this Proxy Statement. This non-binding advisory vote is commonly referred to as a “say on pay” vote.

Our Compensation Committee, which is responsible for designing and administering our executive compensation program, has designed our executive compensation program to provide a competitive and internally equitable compensation and benefits package that reflects company performance, job complexity and strategic value of the position, while ensuring long-term retention, motivation and alignment with the long-term interests of Synopsys’ stockholders. Synopsys has maintained profitability since fiscal 2006 and we believe the compensation program for our named executive officers has been instrumental in helping Synopsys achieve strong financial performance in the challenging macroeconomic environment over the past few years. We encourage you to carefully review the “Compensation Discussion and Analysis” beginning on page 28 of this Proxy Statement for additional details on Synopsys’ executive compensation, including Synopsys’ compensation philosophy and objectives, as well as the processes our Compensation Committee used to determine the structure and amounts of the compensation of our named executive officers in fiscal 2010.

We are asking you to indicate your support for the compensation of our named executive officers as described in this Proxy Statement. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers and the philosophy, policies and practices described in this Proxy Statement. Accordingly, we are asking you to vote, on an advisory basis, “For” the following resolution at the Annual Meeting:

“RESOLVED, that the compensation paid to Synopsys, Inc.’s named executive officers, as disclosed pursuant to the Securities and Exchange Commission’s compensation disclosure rules, including the Compensation Discussion and Analysis, compensation tables and narrative discussion set forth on pages 28 to 43 of this Proxy Statement, is hereby approved.”

While the results of this advisory vote are not binding, the Compensation Committee will consider the outcome of the vote in deciding whether to take any action as a result of the vote and when making future compensation decisions for named executive officers.

**OUR BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE “FOR” THE COMPENSATION  
OF OUR NAMED EXECUTIVE OFFICERS AS DISCLOSED IN THIS PROXY STATEMENT.**

## PROPOSAL 4

### ADVISORY VOTE ON FREQUENCY OF AN ADVISORY VOTE ON EXECUTIVE COMPENSATION

You are being provided with the opportunity to cast an advisory vote on how frequently we should seek an advisory vote on the compensation of our named executive officers, commonly referred to as a “say on pay” vote, as provided in Proposal 3. This advisory vote is referred to here as the “frequency of say on pay” vote. Under this Proposal 4, you may vote on whether you would prefer to have a “say on pay” vote every year, every 2 years or every 3 years.

The “say on pay” and “frequency of say on pay” voting provisions are new and, based upon current information, our Board of Directors believes that the “say on pay” advisory vote should be conducted every year. An annual advisory vote on executive compensation will allow our stockholders to provide input on our compensation philosophy, policies and practices as disclosed in the proxy statement every year.

You may cast your vote on your preferred voting frequency by choosing the option of 1 year, 2 years or 3 years or abstain from voting when you vote in response to the resolution set forth below.

“RESOLVED, that the option of 1 year, 2 years, or 3 years that receives the highest number of votes cast for this resolution will be determined to be the preferred frequency with which Synopsys, Inc. is to hold a stockholder vote to approve the compensation of the named executive officers, as disclosed pursuant to the Securities and Exchange Commission’s compensation disclosure rules (including the Compensation Discussion and Analysis, compensation tables and narrative discussion).”

You are not voting to approve or disapprove our Board of Directors’ recommendation.

While this advisory vote on the frequency of the “say on pay” vote is non-binding, our Board of Directors and Compensation Committee will give careful consideration to the choice that receives the most votes when considering the frequency of future “say on pay” votes.

**OUR BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR A “1 YEAR” FREQUENCY FOR FUTURE ADVISORY VOTES ON EXECUTIVE COMPENSATION.**

**PROPOSAL 5**  
**RATIFICATION OF SELECTION**  
**OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The Audit Committee of our Board of Directors has selected KPMG LLP, our independent registered public accounting firm, to audit our consolidated financial statements for fiscal 2011. KPMG LLP has audited our consolidated financial statements since fiscal 1992. You are being asked to ratify the Audit Committee's selection of KPMG LLP as our independent registered public accounting firm for fiscal 2011.

We expect that a KPMG LLP representative will be present at the Annual Meeting, will have the opportunity to make a statement if he or she desires to do so, and will be available to respond to appropriate questions.

Ratification of the selection of KPMG LLP requires that the holders of a majority of the shares present in person or represented by proxy and entitled to vote at the Annual Meeting vote "For" this Proposal 5. An "Abstention" vote will have the same effect as a vote "Against" this Proposal 5. Discretionary votes by brokers, banks and related agents on this routine proposal will be counted towards the quorum requirement and will affect the outcome of the vote.

Stockholder ratification of the appointment of KPMG LLP as our independent registered public accounting firm is not required by our Bylaws or otherwise. However, our Board of Directors is submitting the selection of KPMG LLP to our stockholders for ratification as a matter of good corporate practice. If our stockholders do not ratify the selection, the Audit Committee will reconsider whether or not to retain KPMG LLP. Even if the selection is ratified, the Audit Committee in its discretion may direct the selection of a different independent registered public accounting firm at any time if they determine that such a change would be in the best interests of Synopsys and our stockholders.

**OUR BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE "FOR" THE RATIFICATION OF THE SELECTION OF KPMG LLP TO SERVE AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR FISCAL 2011.**

**Fees and Services of Independent Registered Public Accounting Firm**

The following table presents fees for professional audit services rendered by KPMG LLP for the audit of our annual financial statements and fees billed for all other services rendered by KPMG LLP during the following fiscal years.

	Year Ended October 31,	
	2010	2009
	(in thousands)	
Audit fees .....	\$2,977	\$3,234
Audit-related fees(1) .....	277	—
Tax fees(2) .....	111	114
Total fees .....	<u>\$3,365</u>	<u>\$3,348</u>

(1) Consists of fees for due diligence services.

(2) Consists of fees for assistance with state tax proceedings and international tax compliance services relating to certain foreign subsidiaries.

## **Audit Committee Pre-Approval Policies and Procedures**

As required by Section 10A(i)(1) of the Exchange Act, all audit and non-audit services to be performed by our independent registered public accounting firm must be approved in advance by the Audit Committee, subject to certain exceptions relating to non-audit services accounting for less than five percent of the total fees paid to our independent registered public accounting firm which are subsequently ratified by the Audit Committee (referred to in this Proposal 5 as the De Minimus Exception). In addition, pursuant to Section 10A(i)(3) of the Exchange Act, as amended, the Audit Committee has established procedures by which the Chairperson of the Audit Committee may pre-approve such services, provided the Chairperson subsequently report the details of the services to the full Audit Committee. None of the non-audit services performed by KPMG LLP during fiscal 2010 or fiscal 2009 were performed pursuant to the De Minimus Exception.

## EXECUTIVE COMPENSATION AND RELATED INFORMATION

### Compensation Discussion and Analysis

This section explains how we compensate our named executive officers (referred to in this Proxy Statement as NEOs). The individuals who served as our NEOs during fiscal 2010 are listed below and detailed information about their compensation is presented in the tables and narratives that follow:

<u>Name</u>	<u>Title</u>
Aart J. de Geus	Chief Executive Officer and Chairman of the Board of Directors
Chi-Foon Chan	President and Chief Operating Officer
Brian M. Beattie	Chief Financial Officer
Joseph W. Logan	Senior Vice President, Worldwide Sales
Brian E. Cabrera	Vice President, General Counsel and Corporate Secretary

### EXECUTIVE SUMMARY

Synopsys has delivered year-over-year revenue growth and maintained profitability on an annual basis since fiscal year 2006, even during the recent global recession. We achieved these results not only because of our solid execution, leading technology, strong customer relationships, and recurring revenue business model, but because of our outstanding employees. Maintaining our results and continuing to position us for future success in support of our mission of producing superior financial returns for our stockholders requires that we foster high caliber talent. We design our executive compensation program to provide a competitive and internally equitable compensation and benefits package that reflects company performance, job complexity, and strategic value of the position, while ensuring long-term retention and motivation. We believe the compensation program for our NEOs was instrumental in helping us achieve strong financial performance in the challenging macroeconomic environment.

Our NEOs are especially knowledgeable about our business and industry. For example, our Chairman and Chief Executive Officer, Dr. Aart J. de Geus, co-founded Synopsys over twenty-four years ago and is a pioneer of the technology known as electronic design automation (referred to in this Proxy Statement as EDA). The expertise of our NEOs is particularly valuable to our company and stockholders as we continue to manage through economic uncertainty.

The cornerstone of our compensation philosophy continues to be pay for performance. We closely align the compensation paid to our NEOs with our performance on both a short-term and long-term basis and set performance goals that do not promote excessive risk-taking and support our core financial goals of achieving our revenue and operating margin targets and encouraging a stable and predictable future stream of revenue.

In fiscal 2010, performance-based compensation made up approximately 89% of the total direct compensation of our Chief Executive Officer (referred to in this Proxy Statement as CEO), and 82% of the total direct compensation of our other NEOs. We achieved a weighted average of greater than 100% of our financial performance goals and, as a result, performance-based cash compensation increased from fiscal 2009 for all of our NEOs. This increase in performance-based cash compensation was the principal driver for increases in total direct compensation of our NEOs, other than our CEO, whose actual total direct compensation decreased from fiscal 2009 upon his recommendation.

The Compensation Committee believes our executive compensation program is not only effective at achieving our performance goals, but reasonable in relation to the programs of our peer group

companies, and responsible in that it encourages our NEOs to work for meaningful stockholder returns, without taking unnecessary or excessive risks. The highlights of our compensation program include:

- Fixed compensation is targeted at only 12% of total direct compensation for our CEO and 22% of total direct compensation for our other NEOs, assuring that the vast majority of our NEOs' total direct compensation is performance-based.
- Total direct compensation for our NEOs is generally targeted to compensate our NEOs between the 50<sup>th</sup> and 75<sup>th</sup> percentiles of our peer group companies for on-target performance.
- Our variable cash incentive program encourages executives to think about current fiscal year revenue and operating margin, as well as revenue in future years, thereby promoting a predictable revenue stream and minimizing incentives for risky business practices with short-term impact.
- Our performance-based restricted stock unit program encourages our NEOs to achieve a specified non-GAAP net income level for the current fiscal year, and encourages retention, through time-based vesting, over the following three years.
- Our NEO change of control agreements are "double trigger".
- The change of control severance cash benefits offered to our NEOs do not exceed two times their annual target cash compensation.

The following compensation governance features underlie our compensation program:

- The Compensation Committee is composed solely of independent directors. Additionally, the Compensation Committee's independent compensation consultant is retained directly by the Compensation Committee.
- Stock Ownership Guidelines have been adopted for our NEOs. Our CEO currently holds shares of our common stock with a value (as of the end of fiscal 2010) of well over six times his annual base salary.
- We maintain a "clawback" policy for the recovery of performance-based compensation in the event of a substantial financial restatement.
- Our NEOs are prohibited from engaging in hedging transactions in Synopsys shares.
- Synopsys' executive compensation programs are structured to avoid inappropriate risk-taking by our executives. The Compensation Risk Assessment on page 44 describes how the Compensation Committee concluded that the risks arising from our employee compensation programs are reasonable, in the best interest of our stockholders, and not likely to have a material adverse effect on us.

## **OUR COMPENSATION PHILOSOPHY**

We have designed our executive compensation program to attract, motivate and retain a team of highly qualified executives who will drive technological and business success. Our primary goal is to motivate and reward our NEOs for direct contributions that lead to the improvement of our long-term business performance and increase stockholder value. To achieve this goal, we have developed the following compensation objectives:

- Provide competitive compensation that attracts and retains top-performing NEOs;
- Link NEO compensation to the success of our business and performance objectives;
- Motivate NEOs to achieve results that exceed our plan targets; and
- Align the interests of NEOs and stockholders through the managed use of long-term incentives.

Underlying these core objectives is our belief that the vast majority of each NEO's total compensation should be contingent upon the overall performance of our business and the individual NEO's contributions to that performance. We believe that this "pay for performance" principle helps us achieve our primary goal of improving our long-term business performance and increasing stockholder value.

**Role of Compensation Committee.** Our Compensation Committee is responsible for determining NEO compensation. The Compensation Committee meets in the first quarter of each fiscal year to review and approve:

- The achievement of performance metrics for the prior fiscal year;
- Annual incentive compensation, if earned, based on such achievement for the prior fiscal year;
- Annual performance metrics for the current fiscal year; and
- The level and mix of NEO compensation for the current fiscal year.

**Role of Compensation Committee Consultant.** The Compensation Committee retained the services of Radford, an Aon Consulting company, as an independent compensation consultant for fiscal 2010. Radford has served as the Compensation Committee's compensation consultant since September 2006. Synopsys pays the fees for the services provided by Radford to the Compensation Committee, which for fiscal 2010 included:

- Assisting in the selection of our peer group companies and applicable benchmarks;
- Providing compensation survey data to benchmark NEO compensation;
- Reviewing compensation data collected by our Human Resources department, and advising on the data collection methodology for consistency with best practices;
- Helping the Compensation Committee interpret compensation data;
- Advising on the reasonableness and effectiveness of our NEO compensation levels and programs; and
- Assisting in the review of executive compensation disclosure in this Proxy Statement.

In addition, in 2010 Radford conducted a detailed review of our CEO's total remuneration package, including a comparison to chief executive officer compensation among our peer group companies and the total value of his equity holdings.

During fiscal 2010, we paid less than \$125,000 in fees to Radford, of which approximately 70% were for services provided to the Compensation Committee. The balance of the fees was for access by our Human Resources department to Radford's general employee compensation benchmarking data. The Compensation Committee reviewed the fees charged for access to compensation benchmarking data and determined that these fees did not constitute a conflict of interest or prevent Radford from being objective in its work for the Compensation Committee.

**Peer Group Comparisons.** Our Compensation Committee reviews compensation data from a specific group of companies that are similar to us in scale and organizational complexity to establish guidelines for our three core elements of compensation (base salary, annual cash incentives, and

long-term equity-based incentives) and target NEO total direct compensation. Our Human Resources department gathers the data from the Radford Executive Compensation Survey and Equilar, Inc., a compensation information service, as well as the public securities filings of our peer group companies, and the data is then independently reviewed by Radford. This process allows the Compensation Committee to set compensation at levels it believes are appropriate to retain and motivate our NEOs.

For fiscal 2010, with the assistance and advice of Radford, our Compensation Committee selected the peer group companies listed below because they: (1) were business or labor market competitors in the software (excluding gaming and e-commerce software companies) or fabless semiconductor industries; (2) had approximately 2,000 to 10,000 employees; and (3) generated revenues between \$700 million and \$3 billion.

Altera Corporation	Intuit, Inc.	Microchip Technology Corporation
Autodesk, Inc.	KLA Tencor Corporation	Novell, Inc.
BMC Software, Inc.	LAM Research Corporation	Novellus Systems, Inc.
Cadence Design Systems, Inc.	Linear Technology Corporation	Parametric Technology Corporation
Citrix Systems, Inc.	LSI Corporation	Sybase, Inc.
Cypress Semiconductor Corporation	Marvell Technology Corporation	VeriSign, Inc.
Integrated Device Technology, Inc.	McAfee, Inc.	Xilinx, Inc.
	Mentor Graphics Corporation	

Our Compensation Committee established a range between the 50<sup>th</sup> and 75<sup>th</sup> percentiles of our peer group as a guideline for fiscal 2010 NEO total direct compensation and each core element of NEO compensation, excluding our CEO's base salary. For our CEO's base salary, the Compensation Committee set his pay at the 25<sup>th</sup> percentile, because it felt, as in past practice, placing a greater emphasis on performance-based compensation reinforces Dr. de Geus' focus on exceeding our financial performance goals and increasing stockholder value.

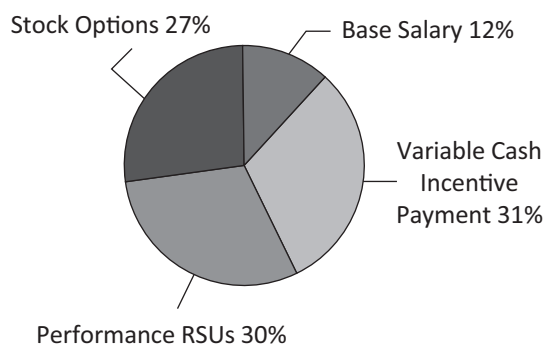

Our Compensation Committee believes that peer group comparisons are useful to measure the competitiveness of our compensation practices, and utilizes the information to guide its decision-making. The Compensation Committee understands that no two companies are exactly alike, and it maintains the discretion to set levels of NEO compensation above or below levels paid by our peers based upon factors such as individual performance, an NEO's level of experience and responsibilities, individual discussions with the NEO, and our compensation budget.

**Role of Management.** Our management team works closely with Radford to provide our Compensation Committee members relevant compensation data and background information. Our management team also makes appropriate compensation recommendations to our Compensation Committee so that our Compensation Committee can make effective decisions. For example, our Human Resources department and our executive team worked closely with Radford to provide access to our existing compensation data and to review our compensation practices and philosophy. The Compensation Committee discusses NEO performance assessments and compensation targets with Dr. de Geus, (our CEO), Dr. Chan (our President and Chief Operating Officer), and our Senior Vice President of Human Resources. To assess our CEO's performance, the Compensation Committee oversaw a comprehensive assessment process conducted by our Senior Vice President of Human Resources. No NEO was present for Compensation Committee decisions related to his individual compensation.

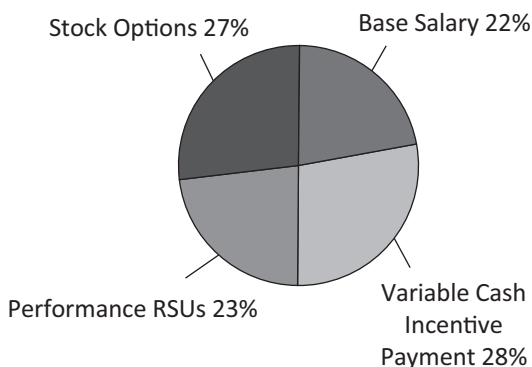

**Pay for Performance.** Our Compensation Committee believes that the majority of NEO compensation should be "performance-based"—that is, contingent upon the success of our business and the individual performance of our NEOs. As illustrated by the following graphs, approximately 88% of our CEO's target total direct compensation is performance-based, and approximately 78% of target total direct compensation is performance-based for our other NEOs, including in fiscal 2010. We

believe this direct and significant link between pay and performance is an effective way to motivate our NEOs to achieve our financial objectives and ultimately increase stockholder value.

#### Target Total Direct Compensation for CEO

#### Target Total Direct Compensation for All Other NEOs

### CORE ELEMENTS OF NEO COMPENSATION

The core elements of NEO compensation (total direct compensation) for fiscal 2010 consisted of:

- Base salary;
- Annual variable cash incentive payment; and
- Equity-based awards.

**Base Salary.** Base salaries compensate our NEOs for expected levels of day-to-day performance. Our Compensation Committee generally believes that base salaries should be determined based on each individual's role and responsibilities (reflecting internal pay equity between officers and in relation to our employees in general), our financial projections and budget for the coming year and historical salary levels. In addition, the Compensation Committee considers the base salaries paid to similarly situated executives at our peer group companies, targeting base salaries in the 50<sup>th</sup> to 75<sup>th</sup> percentile range for each NEO other than Dr. de Geus. As noted above, in the case of Dr. de Geus, the Compensation Committee sets his base salary near the 25<sup>th</sup> percentile of peer group companies and provides greater compensation opportunities in the form of incentive cash compensation, so that his target total direct compensation is between the 50<sup>th</sup> and 75<sup>th</sup> percentiles of our peer group companies. The Compensation Committee does this in recognition of our strong "pay for performance" culture and his significant role in our performance.

**Annual Variable Cash Incentive Payment.** We use annual cash-based incentive compensation to align NEO performance with the near-term financial interests of our stockholders. Our variable cash incentive payments are intended to motivate our NEOs to achieve our financial goals in furtherance of our long-term strategic plans. At the beginning of each fiscal year, our Compensation Committee establishes a target variable cash incentive payment, to be used in conjunction with our Executive Incentive Plan (EIP, as described below), that may be earned by each of our NEOs. In accordance with our EIP, the Compensation Committee also approves the financial performance goals and the associated payout matrix that determine the amount of the target variable cash incentive payment that may be earned for the current fiscal year at different levels of financial achievement.

Target Variable Cash Incentive Payment. The target variable cash incentive payment is the amount of cash incentive compensation that our NEOs could expect to earn if the Company's financial performance goals for the fiscal year are achieved. Each executive's target variable cash incentive payment is expressed as a percentage of the NEO's base salary. The target variable cash incentive payment has remained consistent for each NEO for the past two fiscal years. The fiscal 2010 target variable cash incentive payments for our NEOs are set forth below:

<u>Name</u>	<u>Target variable cash incentive payment (% of base salary)</u>
Aart J. de Geus . . . . .	240%
Chi-Foon Chan . . . . .	170%
Brian M. Beattie . . . . .	125%
Joseph W. Logan . . . . .	145%
Brian E. Cabrera . . . . .	60%

For Dr. de Geus, the target variable cash incentive payment was set at between the 50<sup>th</sup> and 75<sup>th</sup> percentiles of our peer group companies, reflecting, as discussed above, the decision by the Compensation Committee to provide less of his target total direct compensation in base salary and more in incentive compensation. The Compensation Committee chose to compensate for the lower salary through a cash incentive, rather than equity incentives, in light of Dr. de Geus' significant personal holdings of shares of our common stock. For each of our other NEOs, the target variable cash incentive payment fell between the 50<sup>th</sup> and 75<sup>th</sup> percentiles for our peer group which is consistent with our design principles. The Compensation Committee reviews this range annually to ensure they provide adequate performance and retention incentives.

Executive Incentive Plan. Our Executive Incentive Plan—162(m) (referred to in this Proxy Statement as the EIP), which was approved by the Compensation Committee in January 2010, sets forth the performance metrics that will be measured following the end of each fiscal year to determine the actual amount of variable cash incentive payments to be paid to our NEOs. The EIP was designed to provide "performance-based compensation" within the meaning of Section 162(m) of the Internal Revenue Code. To comply with Section 162(m), the EIP provides a formulaic, objective determination of cash incentive payments and only provides the Compensation Committee discretion to reduce an NEO's actual variable cash incentive payment, not increase it. The EIP caps variable cash incentive payments at the lesser of \$2,000,000 or 200% of the NEO's applicable target, regardless of the extent to which performance goals are achieved.

The Compensation Committee in recent years has exclusively used corporate performance goals, rather than a mix of corporate and individual goals, in order to foster teamwork among our NEOs and to reflect the importance of our corporate goals to our success. For the plan that was approved in January 2010, the Compensation Committee approved the same financial measures that have been approved for the past three years, as it considered these performance metrics to be the best indicators of Synopsys' financial performance and future prospects. The Compensation Committee believes that this provides good year-over-year continuity and allows our NEOs to primarily focus on stable growth and performance instead of short-term initiatives. The performance criteria are separated into Corporate Financial Goals and a Revenue Predictability Goal, as follows:

Corporate Financial Goals

- Current fiscal year GAAP revenue goal;
- Current fiscal year non-GAAP operating margin goal<sup>1</sup>; and

<sup>1</sup> Non-GAAP operating margin is GAAP operating margin adjusted to eliminate the effect of stock compensation, acquisition-related costs, amortization of intangible assets and certain significant non-recurring events.

- Next fiscal year revenue backlog goal<sup>2</sup>.

#### Revenue Predictability Goal

- Second following fiscal year revenue backlog goal<sup>2</sup>.

The use of current fiscal year GAAP revenue and non-GAAP operating margin as performance metrics focuses our NEOs on current fiscal year performance, while the following two years of revenue backlog goals focus our NEOs on near-term future revenue and revenue predictability. The three corporate financial goals listed above (referred to in this Proxy Statement as the Corporate Financial Goals) are equally weighted (*i.e.*, 33.3% each) to encourage our NEOs to focus on current financial goals while also being highly motivated to achieve near-term future benefits for Synopsys. The resulting average is then matched against a payout matrix, described below, to determine the “Corporate Financial Payout Factor”, which is multiplied against the target variable cash incentive payment amount to determine the actual amount of the variable cash incentive payment that can be earned by each NEO for the particular level of achievement. Achievement of the Revenue Predictability Goal acts as a multiplier to the actual amount determined using the Corporate Financial Payout Factor. Under-performance against the Revenue Predictability Goal does not act to decrease actual payments earned under the EIP.

The EIP requires that at the beginning of each fiscal year, our Compensation Committee approve a payout matrix, within the parameters prescribed in the EIP, showing the percentage of the target variable cash incentive payment that can be earned by our NEOs at different levels of achievement of our performance goals. Pursuant to the EIP, a weighted average of 90% achievement of the Corporate Financial Goals is required as a minimum threshold before our NEOs may earn variable cash incentive payments. Moreover, the EIP stipulates that at a 90% minimum performance level, no more than 67.5% of the NEO’s target variable cash incentive payment can be earned. The Compensation Committee structured the EIP in this way to provide a limited payment opportunity when performance goals are narrowly missed, thereby limiting exposure to the excessive risk-taking that can arise with an “all or nothing” performance goal. Our 90% minimum performance level is more stringent than the minimum performance levels required at our peer group companies, to account for the predictability of our recurring business model.

#### ***Performance Goals for Fiscal 2010***

At the beginning of fiscal 2010, the Compensation Committee approved the following targets for the fiscal 2010 EIP Corporate Financial Goals, based on our fiscal 2010 operating plan:

#### Corporate Financial Goals:

- Fiscal 2010 GAAP revenue of \$1.342 billion;
- Fiscal 2010 non-GAAP operating margin of 24.5%; and
- Fiscal 2011 revenue backlog<sup>3</sup>;

#### Revenue Predictability Goal:

Fiscal 2012 revenue backlog<sup>3</sup>

<sup>2</sup> Revenue backlog for a particular year is the portion of committed orders not yet recognized as revenue but that we expect to be recognized in that particular year, measured as of the end of the current fiscal year.

<sup>3</sup> We consider our revenue backlog goals to be confidential and the disclosure of these goals would cause us competitive harm. Our Compensation Committee sets revenue backlog goals that it believes to be attainable in the absence of changes in overall economic conditions. In the past three fiscal years, revenue backlog goals were achieved in fiscal 2008 and 2010, but not in fiscal 2009.

### **Payout Matrix for Fiscal 2010**

At the beginning of fiscal 2010, the Compensation Committee approved the payout matrix under the EIP for different levels of achievement against our performance goals. To align the EIP with the variable compensation plans for other employees, the Compensation Committee approved a payout matrix for fiscal 2010 such that NEOs may earn no more than 85% of their 2010 target variable cash incentive payment in the event we achieve 100% performance levels. Accordingly, we must have exceeded 100% performance levels before the NEO's full 2010 target variable cash incentive payment could be earned. This payout structure, in which we must exceed 100% performance levels before the full target variable cash incentive payment can be earned, provided a way for us to control short-term expenses in 2010 had financial performance not exceeded certain thresholds and was intended as a temporary measure, specific to fiscal 2010.

The following table provides a sampling of the 2010 payout matrix for our Corporate Financial Goals:

<u>Weighted-Average Achievement of Corporate Financial Goals</u>	<u>Corporate Financial Payout Factor<sup>4</sup></u>
< 90%	0.0%
90%	67.5%
100%	85%
102%	100%
≥ 120%	180%

For fiscal 2010, if we achieved more than 100% of our Revenue Predictability Goal, then actual NEO variable cash incentive payments would be multiplied by a percentage ranging from 100% to 150%.<sup>5</sup> In addition, in the event that we achieved an average greater than 100% of our Corporate Financial Goals, the EIP provides that actual NEO variable cash incentive payments would be increased by an additional multiplier of 1.25. In accordance with the EIP, the maximum actual payment is the lesser of \$2,000,000 or 200% of the NEO's applicable target variable cash incentive payment, and the Compensation Committee retained full discretion to reduce actual variable cash incentive payments after the application of these multipliers.

The Compensation Committee believes that the use of the Revenue Predictability Goal multiplier and the additional Corporate Financial Goal multiplier encourages our NEOs to maximize their efforts to achieve outstanding results for our stockholders. At the same time, the Compensation Committee's authority to use negative discretion preserves its ability to factor in other material information, including the impact of acquisition activity for the year and individual performance, that is not reflected in the payout matrix or multipliers in determining the actual variable cash incentive payments earned while maintaining favorable Section 162(m) tax treatment for the payments under the plan.

**Equity-Based Awards.** We believe that equity-based awards are an effective way to align the performance-based long-term interests of our NEOs with long-term interests of our stockholders, by providing a longer-term retention incentive to our NEOs, as well as a financial reward upon the achievement of business objectives that increase long-term stockholder value. Equity-based awards

<sup>4</sup> This table includes a sampling of the entire performance matrix approved by the Compensation Committee for fiscal 2010. The actual percentage that can be earned is interpolated based upon one-quarter percent increments of achievement.

<sup>5</sup> This percentage range is based on a matrix approved by the Compensation Committee for fiscal 2010. The actual percentage is interpolated based upon one-quarter percent increments of achievement. For example, if we achieve our goals at 101.75% then the multiplier is 108.75%. As discussed above, under-performance on this goal will not reduce payments.

are currently granted under our 2006 Employee Equity Incentive Plan, as amended. Currently, our Compensation Committee awards our NEOs performance-based restricted stock units (referred to in this Proxy Statement as RSUs), which have a performance trigger that precedes time-based vesting, as well as stock options with time-based vesting.

The Compensation Committee believes that stock options are an important form of long-term incentive compensation because stock options only have value if our stock price increases over time and only if the holder remains employed with us through the vesting date. As a result, our NEOs' interests are directly linked to our long-term business objectives through the appreciation of our stock price. The Compensation Committee sets the exercise price of the stock options at the closing price of our common stock as reported on the NASDAQ Global Select Market on the date of the pre-scheduled Compensation Committee meeting at which the stock option is granted. Stock options generally vest based on continued service over four years.

The Compensation Committee believes that RSUs help to further align the interests of our NEOs with those of our stockholders because the value of each RSU increases or decreases with our stock price. The grant date value of one share of stock subject to an RSU, using customary valuation principles, is greater than the value of one share of stock subject to a stock option, which allows us to better manage stockholder dilution by awarding fewer RSUs relative to stock options. In line with our overall philosophy of pay for performance, the Compensation Committee only grants RSUs that are subject to performance conditions, except in the event of new hire, promotional or special recognition awards.

The total number of equity awards granted to each of our NEOs is based on the estimated target value for the equity awards. To determine the estimated target value of performance-based RSUs, we assume 100% achievement of the RSUs' performance component and use an estimated closing price for our common stock on the expected grant date. For stock option awards, we determine the estimated target value by using a Black-Scholes option-pricing model. The grant date value of the respective equity awards does not correspond to the actual value that may be realized by an NEO upon vesting or exercise of such awards.

The Compensation Committee chooses the total target value for the equity awards granted to each NEO using the range of values between the 50<sup>th</sup> and 75<sup>th</sup> percentiles for our peer group companies for guidance. The Compensation Committee chooses the actual target levels based in part on peer data and in part on each individual NEO's role and responsibilities (to reflect internal pay equity between NEOs, and our employees in general), and our financial projections and equity budget for the coming year.

After choosing the target value of all equity awards for each NEO, the Compensation Committee then divides the value into approximately equal allocations between stock options and RSUs. The Compensation Committee believes this ratio is appropriate because it encourages our NEOs to focus both on near term results (through the performance component of the RSUs) and long-term value creation (through the need for sustained increases in our stock price for stock options to have meaningful value). To calculate the actual number of stock option shares and RSU shares to be granted, the Compensation Committee uses a ratio of three stock option shares to each RSU share. Therefore, our NEOs receive approximately three times as many stock option shares as RSU shares, which our Compensation Committee believes is within current standard market practice.

The RSUs granted to our NEOs (other than new hire, promotional, or special recognition grants) have both a performance component and a time-based vesting component. Each RSU award is granted at the maximum number of shares (referred to in this Proxy Statement as the Maximum RSU Award) that can be earned if we achieve a specific performance metric at a pre-determined level. The

Compensation Committee uses non-GAAP net income (that is, GAAP net income adjusted for stock compensation, acquisition-related costs, amortization of intangible assets and certain significant non-recurring events) as the measure of performance to determine the number of RSU award shares eligible to vest, because it is an important measure of our company's success, and other performance measures, such as revenue and operating margin, are already incentivized through our cash-based incentive plan. If we achieve less than 100% of the non-GAAP net income goal for the applicable fiscal year (referred to in this Proxy Statement as the RSU Goal), some or all of the Maximum RSU Award shares are forfeited prior to vesting, as follows:

Achievement Level 1 <95% of non-GAAP Net Income Goal	Achievement Level 2 95% of non-GAAP Net Income Goal	Achievement Level 3 >95% of non-GAAP Net Income Goal	Achievement Level 4 100% or greater of non-GAAP Net Income Goal
The entire Maximum RSU Award is cancelled and no shares are eligible to vest.	The number of Maximum RSU Award shares eligible for vesting is reduced to 50%.	The number of Maximum RSU Award shares is reduced by a percentage determined by linear interpolation between 50% and 0%, such that between 50% and 99% of the Maximum RSU Award shares are eligible to vest.	100% of Maximum RSU Award shares are eligible for vesting.

The Compensation Committee establishes a range of performance levels to determine the actual number of shares that are eligible for vesting, rather than a single performance level, to provide our NEOs with a maximum award for achieving the RSU Goal in full, but to also provide our NEOs with a partial award for substantially achieving our RSU Goal. In this way, the RSU structure limits the incentive for excessive risk-taking if there were only a single performance target level. As shown above, the entire RSU award is cancelled in the event less than 95% of the RSU Goal is achieved.

Effective on the achievement of the RSU Goal, only 25% of the RSU shares that are eligible for vesting become vested, and the remaining RSU shares that are eligible for vesting, vest quarterly over the following three years, provided the NEO continues to provide services to us.

## ACTUAL FISCAL 2010 NEO COMPENSATION

This section discusses the resulting fiscal 2010 compensation of our NEOs. In fiscal 2010, approximately 89% of our CEO's actual total direct compensation was performance-based, and 82% of the actual total direct compensation of our other NEOs was performance-based. We achieved a weighted average of greater than 100% of our financial performance goals and, as a result, performance-based cash compensation increased from fiscal 2009 for all of our NEOs. This increase was the principal driver for increases in actual total direct compensation of our NEOs. However, our CEO's actual total direct compensation decreased from fiscal 2009 due to his recommendation, as further described below.

**Base Salary.** Our Compensation Committee elected not to increase NEO base salaries for fiscal 2010. The Compensation Committee based this decision on internal pay equity, our compensation budget, and the fact that 2009 base salary levels remained within the 50<sup>th</sup> to 75<sup>th</sup> percentile range of our peer group companies for fiscal 2010 for each NEO, other than Dr. de Geus. As noted above, Dr. de Geus' salary level reflects the Compensation Committee's decision to weight his total target compensation more heavily toward performance-based compensation, using cash and equity incentives.

<u>Name</u>	<u>Base Salary</u>
Aart J. de Geus	\$500,000
Chi-Foon Chan	\$450,000
Brian M. Beattie	\$400,000
Joseph W. Logan	\$357,200
Brian E. Cabrera	\$325,000

**Variable Cash Incentive Payment.** Our achievement against the performance goals under the EIP plan in fiscal 2010 was as follows:

<u>Corporate Financial Goals</u>	<u>Weight</u>	<u>Target</u>	<u>% Achieved</u>
Fiscal 2010 Revenue . . . . .	33.33%	\$1.342B	103%
Fiscal 2010 Non-GAAP Operating Margin . . . . .	33.33%	24.5%	95%
Fiscal 2011 Revenue Backlog <sup>6</sup> . . . . .	33.34%	*	113%
<u>Revenue Predictability Goal</u>			
Fiscal 2012 Revenue Backlog <sup>6</sup> . . . . .		*	112%

\* Confidential

Our weighted-average performance against the Corporate Financial Goals for fiscal 2010 exceeded the target levels and, after the application of the payout factors and multipliers of the EIP, resulted in potential incentive payments that exceeded the plan's cap. Because the over-achievement of our Corporate Financial Goals was partially derived through our acquisition activity for the year, the Compensation Committee exercised negative discretion to reduce the amount of all variable cash incentive payments, resulting in incentive payments that ranged from 125% to 174.4% of target payment values.

Specifically, in December 2010, the Compensation Committee met with Dr. Aart de Geus to discuss the performance, and the calculated incentive payments, of each of the NEOs. The Compensation Committee concurred with the assessment provided by Dr. de Geus regarding the individual impact and contributions of our NEOs and his recommendations regarding potential incentive payment amounts. As a result, the Compensation Committee determined the following:

*Dr. Chi-Foon Chan, President and Chief Operating Officer*—Dr. Chan delivered superior results as he led the technology business and field organization to achieve critical customer wins, substantial technology advancements and continued market expansion in the Far East. In addition, Dr. Chan was instrumental in his advocacy for and the successful integration of eight acquisitions for the year.

*Brian Beattie, Chief Financial Officer*—As we entered fiscal 2010, the business climate was uncertain and the length of the global downturn unknown. Under Mr. Beattie's leadership, we delivered better than expected earnings per share performance through prudent cash management, timely collections and careful expense management in fiscal 2010.

*Joseph Logan, Senior Vice President of Worldwide Sales*—Mr. Logan and his global sales force delivered revenue above plan in an uncertain business environment. Mr. Logan led his organization to

<sup>6</sup> We consider our revenue backlog goals to be confidential and the disclosure of these goals would cause us competitive harm. Our Compensation Committee sets revenue backlog goals that it believes to be attainable in the absence of changes in overall economic conditions. In the past three fiscal years, revenue backlog goals were achieved in fiscal 2008 and 2010, but not in fiscal 2009.

quickly adopt new technologies acquired throughout the year and link value to our existing suite of superior platforms and tools, while engaging with customers to solve their most difficult design challenges.

*Brian Cabrera, Vice President, General Counsel and Corporate Secretary*—Under Mr. Cabrera’s leadership we successfully completed eight acquisitions for the year, advanced our disciplined approach to corporate governance and expanded our patent portfolio.

At this same December meeting, Dr. de Geus recommended that a sizeable amount of his potential incentive payment, which amount would have been \$2,000,000, be reallocated to other employees within the organization, thus recognizing more broadly the employees’ contributions to the overall performance of Synopsys. The EIP plan achieved a very high percentage of funding levels and he felt it appropriate to share a portion of his incentive award with others for the year’s success.

In the subsequent executive session, the Compensation Committee discussed our CEO’s recommendation to reduce his calculated incentive payment and redistribute the reduced amount to the broader employee group. The Compensation Committee also discussed his outstanding leadership in exceeding our financial goals and extending our technical lead in our core business, while expanding our total addressable market in several key adjacencies in fiscal 2010. After careful consideration and discussion with the full Board regarding the foregoing, the Compensation Committee approved the fiscal 2010 variable cash incentive payments for Dr. de Geus’ and our other NEOs as provided in the table below.

<u>Name</u>	<u>Target Variable Cash Incentive Payment</u>	<u>Actual Variable Cash Incentive Payment</u>
Aart J. de Geus	\$1,200,000	\$1,500,000
Chi-Foon Chan	\$ 765,000	\$1,334,160
Brian M. Beattie	\$ 500,000	\$ 800,000
Joseph W. Logan	\$ 517,940	\$ 903,287
Brian E. Cabrera	\$ 195,000	\$ 292,500

**Equity-Based Awards.** The following table shows the grant date fair value of the actual stock option grants and the Maximum RSU Awards granted to our NEOs, as well as the actual RSU Awards earned.

As a condition of the performance RSU grant, the Maximum RSU Awards would become eligible to vest if we achieved the RSU Goal of \$228 million of non-GAAP net income in fiscal 2010. In fiscal 2010, we earned \$242 million in non-GAAP net income and accordingly the maximum RSU Award became eligible to vest and 25% of the grant vested upon reported achievement of non-GAAP net income. The table below sets forth the stock options awarded and the RSUs awarded to our NEOs in fiscal 2010.

<u>Name</u>	<u>Stock Options(1)</u>	<u>Maximum RSU Award</u>	<u>Actual RSU Award Eligible for Vesting(2)</u>	<u>Total Grant Date Fair Value of Equity Awards</u>
Aart J. de Geus	182,500	60,833	60,833	\$2,364,658
Chi-Foon Chan	120,000	40,000	40,000	\$1,554,848
Brian M. Beattie	60,000	20,000	20,000	\$ 777,424
Joseph W. Logan	60,000	20,000	20,000	\$ 777,424
Brian E. Cabrera	35,000	11,700	11,700	\$ 454,198

- (1) Such stock options vest 1/16<sup>th</sup> every three months over a period of four years, so long as the NEO provides continuous service to us.
- (2) The vesting criterion for the Maximum RSU Award was achieved and, accordingly, 25% of each respective target award vested on December 3, 2010. The remaining 75% of each respective award is scheduled to vest in three equal annual installments beginning on December 8, 2011, so long as the NEO provides continuous service to us.

## **Other Benefits and Policy Considerations**

**General Health and Welfare Benefits.** Our NEOs are eligible to participate in a variety of employee benefit plans, including medical, dental and vision care plans, life and disability insurance, our tax-qualified 401(k) plan, and our employee stock purchase plan, on the same terms and conditions as apply to our other employees. We believe these benefits are consistent with benefits provided by our peer group companies and help us to attract and retain high quality executives.

**Perquisites & Other Benefits.** The Compensation Committee generally does not provide perquisites or other special executive benefits to our NEOs. Any decision in a given year to do so is made on a case by case basis, after reviewing the cost as compared to the value of doing so. In fiscal 2010, a very limited tax gross up of \$174 was provided to Mr. Chan in connection with a \$1,900 gift to recognize his service of twenty years. We believe that it is important to recognize and reward the long-term contributions and loyalty of all of our employees, not just our NEOs, and do so by awarding 20-year service gifts including a de minimis gross up on the taxable portion of such gifts. Under current US tax laws, the first \$1,600 of such service awards are not subject to ordinary income taxes.

**Deferred Compensation Plans.** Although our NEOs are eligible to participate in our tax-qualified 401(k) retirement plan on the same basis as other employees, the Internal Revenue Code limits the dollar amount of deferrals an employee can make, which means that our NEOs and other highly compensated employees are able to save, on a tax advantaged basis, a lower percentage of their compensation. To compensate for these limitations, the Compensation Committee established in 1996 a deferred compensation program, which is currently administered through two deferred compensation plans (one of which is “grandfathered” and closed to new participants). Pursuant to these plans, our NEOs, as well as other highly compensated employees, may elect to defer up to 50% of their respective base salary and up to 100% of their respective variable cash incentive payment. Distributions from the deferred compensation plans are generally payable upon termination of employment over five to 15 years or as a lump sum payment, at the option of the NEO. Since the inception of the program, we have not made any matching or discretionary contributions to the plans. There are no provisions that provide for any guarantee or minimum return on investments. Undistributed amounts under the plans are subject to the claims of our creditors. The Compensation Committee offers this benefit to our NEOs, and other eligible employees, because it provides a tax benefit for the participating employee at a relatively low cost to us and is a benefit provided by a number of our peer group companies.

### ***Severance and Change of Control Benefits***

**Executive Change of Control Severance Benefit Plan.** For the benefit of certain key executives, we maintain an Executive Change of Control Severance Benefit Plan (referred to in this Proxy Statement as the Severance Plan), which was approved by our Board of Directors in fiscal 2006 and amended to comply with certain tax laws in fiscal 2008. Each of our NEOs is covered under the Severance Plan, except Drs. de Geus and Chan, whose benefits are described below. The Severance Plan is designed to provide for limited cash and equity benefits in the event an executive’s employment is terminated in connection with a change of control of Synopsys. By providing some compensation certainty to our executives, we believe we are better able to retain their services and attention during a change of control transaction, which leads to business and cultural stability during periods of uncertainty that can result from such a change of control. The Compensation Committee also believes that the income protection offered by the Severance Plan allows us to attract top executives and maintain a stable management team, which is in the best interests of our stockholders, as the benefits under the Severance Plan are comparable to the benefits offered by our peer group companies.

The Severance Plan will only provide benefits to an eligible NEO in the event of: (1) an involuntary termination of the NEO’s employment without cause during the period 30 days before or 12 months

after a change of control; or (2) a constructive termination of the NEO's employment within 12 months after a change of control. The Severance Plan does not provide any benefits if the NEO's employment is terminated voluntarily or for cause. The terms change of control, involuntary termination without cause, and constructive termination are defined in the Severance Plan. We are not required to pay any tax gross-up amounts under the Severance Plan. To receive benefits, a covered executive must sign a release and severance agreement and, upon written request, enter into an 18-month non-competition agreement. In addition, any benefits provided under the Severance Plan are subject to immediate termination, or recovery, if the executive commits certain acts, such as breaching our proprietary information or confidentiality agreements, breaching our non-solicitation and non-compete agreements, or interfering with our existing business relationships with customers, suppliers, or other third parties.

Our potential severance and change of control payment obligations under the Severance Plan are described in the section titled "Potential Payments Upon Termination or Change in Control" below.

Severance and Change of Control Arrangements for Dr. Aart de Geus and Dr. Chi-Foon Chan. We provide severance and change of control benefits to Drs. de Geus and Chan in their respective employment agreements, which were entered into in fiscal 1997 and were amended primarily to comply with certain tax laws in fiscal 2008. As a result, Drs. de Geus and Chan are not eligible to participate in the Severance Plan described above. As with our other NEOs, we believe that these reasonable cash and equity severance benefits help promote stability, retain the focus and energies of Drs. de Geus and Chan in the event of a change of control of Synopsys, and are comparable with the benefits provided by our peer group companies to similarly situated executives.

The severance and change of control provisions included in each agreement are the same, and only provide benefits in the event of: (1) an involuntary termination of employment without cause within 24 months following a change of control; (2) a voluntary resignation of employment for good reason within 24 months following a change of control; or (3) an involuntary termination of employment without cause. The terms change of control, involuntary termination, cause, and good reason are defined in the respective agreements. We are not required to pay any tax gross-up amounts under the agreements. In order to receive benefits, Drs. de Geus and Chan must sign a waiver and release of claims.

Our potential severance and change of control payment obligations related to Drs. de Geus and Chan are described in the section titled "Potential Payments Upon Termination or Change in Control" below.

Equity Plans. Our equity incentive plans generally provide that upon the occurrence of certain corporate transactions, and in the event that the plans are not assumed, replaced or otherwise continued by the surviving or acquiring company in such a transaction, all outstanding equity awards, held by any employee, granted under the plans will fully vest. Corporate transactions under the plans generally include a sale or other disposition of more than 50% of our outstanding securities, a sale or disposition of all or substantially all of our assets, a merger or consolidation after which we are not the surviving corporation, or a merger or consolidation after which we are the surviving corporation, but our outstanding shares are converted into other property. The Compensation Committee believes this accelerated vesting provision is appropriate because these terms are consistent with the vesting provisions of our peer group companies, and therefore allow us to attract and retain high caliber executive talent. We provide vesting to all employees who hold equity awards upon the occurrence of a corporate transaction in which awards are not assumed, replaced or otherwise continued, to ensure stability of service of our employees during a potentially uncertain period, enabling them to work toward the completion a potential business combination that would maximize stockholder value even if it means that their own equity awards would not otherwise survive the transaction, therefore allowing them to benefit from the transaction which they worked so hard to achieve.

## Other Policy Considerations

Stock Ownership Guidelines. Our Compensation Committee initially adopted stock ownership guidelines in fiscal 2003 in furtherance of its goal of aligning the interests of our senior management with those of our stockholders. The Compensation Committee expanded the guidelines to include certain additional members of management and NEOs in 2009. Under the guidelines, individuals employed in certain specified positions are encouraged to achieve the full recommended stock ownership level within four years of when the guidelines applied to the particular position. The stock ownership recommendations related to our NEOs are as follows: Dr. de Geus – 50,000 shares; Dr. Chan – 25,000 shares; Mr. Beattie – 10,000 shares; Mr. Logan – 10,000 shares; and Mr. Cabrera – 7,500 shares. As of January 28, 2011, each of our NEOs either held the recommended number of shares or was within the four year window to attain compliance.

Equity Grant Timing Policy. Equity grants to executives typically occur at the beginning of each fiscal year, typically December, at a pre-scheduled Compensation Committee meeting. The Compensation Committee sets the exercise price of a stock option at the closing price of our common stock on the NASDAQ Global Select Market on the date of the pre-scheduled meeting at which the stock option is granted. In the event the pre-scheduled Compensation Committee meeting falls before the release of our financial results, the Compensation Committee will approve the grant of the stock option prior to the release of our financial results, but set the stock option exercise price at the closing price of our common stock on the NASDAQ Global Select Market on the second trading date following the release of our financial results.

Burn Rate. Each year, the Compensation Committee establishes an annual gross equity budget to effectively manage our equity compensation share reserve while minimizing stockholder dilution. We try to ensure that our gross burn rate approximates the average rate for our peer group companies as well as for the software and services industry more generally. Our gross burn rate for each of the last three years is well within the guidelines recommended by ISS.

Tax Deductibility of NEO Compensation. Section 162(m) of the Internal Revenue Code generally limits the amount of compensation we may deduct for annual federal income tax purposes to \$1 million for our NEOs. However, compensation which qualifies as “performance-based” under Section 162(m) is excluded from the \$1 million limit. The performance-based cash and equity compensation awarded to our NEOs by the Compensation Committee for fiscal 2010 was intended to be excluded from the deduction limit as qualifying “performance-based” compensation within the meaning of Section 162(m). Although our Compensation Committee considers the deductibility of the compensation it awards, it retains the flexibility to award compensation that is consistent with our objectives even if it does not qualify for a tax deduction.

“Clawback” Policy. In December 2008, our Board of Directors adopted a Compensation Recovery Policy, which allows us to recover or “clawback” previously paid compensation under certain circumstances where compensation paid may not have been reflective of actual performance. Pursuant to the policy, we may require senior management to reimburse all, or a portion of, any compensation paid or received after January 1, 2009, if: (1) the compensation was based on the achievement of financial results that were the subject of a substantial restatement of our financial statements as filed with the Securities and Exchange Commission; and (2) less compensation would have been earned by the employee based on the restated financial results. Our Board of Directors has the sole authority to enforce this policy and it is limited by applicable law. Each of our NEOs is subject to our Compensation Recovery Policy.

Policy on Transactions in Company Stock. Under our insider trading policy, our employees, including our NEOs, are prohibited from engaging in hedging transactions in our shares.

## FISCAL 2011 TARGET NEO COMPENSATION DECISIONS

For fiscal 2011 target total direct compensation for our NEOs, the Compensation Committee remained consistent with past practice as outlined below. Performance-based compensation continues to be targeted at 88% percent of the total direct compensation for our CEO and approximately 78% for our other NEOs. Additionally, total direct compensation for our NEOs was targeted at not more than the 50<sup>th</sup> to 75<sup>th</sup> percentiles of our peer group companies.

- *Base Salaries*—The Compensation Committee again elected not to increase NEO base salaries for fiscal 2011.
- *Variable Cash Incentive Payments*—The Compensation Committee did not increase target variable cash incentive payments, except for our Vice President, General Counsel, whose target payment was increased from 60% to 70% of base salary. The Compensation Committee also approved the same categories of financial performance conditions for fiscal 2011, as set forth in the EIP plan.
- *Long-Term, Equity-Based Incentive Awards*—The Compensation Committee approved equity awards to the NEOs for fiscal 2011 representing a mix, based on value, of 50% stock options subject to time-based vesting and 50% RSUs (with one RSU being considered equivalent to three stock options) being subject to a performance trigger before vesting can occur. The financial performance condition for the RSUs is non-GAAP net income, which is consistent with fiscal 2010. The table below sets forth the equity awarded to the NEOs for fiscal 2011.

<u>Name</u>	<u>Stock Options</u>	<u>Maximum RSU Award</u>
Aart J. de Geus	200,000	66,700
Chi-Foon Chan	115,000	38,300
Brian M. Beattie	55,000	18,300
Joseph W. Logan	55,000	18,300
Brian E. Cabrera	32,500	10,800

The Committee believes that the fiscal 2011 financial performance conditions for cash and equity-based incentives are realistically possible to achieve, but not easily achievable.

## CONCLUSION

We remain committed to our philosophy of paying for performance. Through the compensation arrangements and philosophies described above, a significant portion of each NEO's compensation is contingent upon the achievement of our business goals and increases in stockholder value. The Compensation Committee gives careful consideration to our executive compensation program, including each element of compensation for each NEO. The Compensation Committee believes our NEO compensation program is effective at achieving its goals, reasonable in light of the programs of our peer group companies and responsible in that it encourages our NEOs to work for real innovation, business improvements and outstanding stockholder returns, without taking unnecessary or excessive risks.

## Compensation Risk Assessment

Our Compensation Committee aims to establish company-wide compensation policies and practices that reward contributions to long-term stockholder value and do not promote unnecessary or excessive risk-taking. In furtherance of this objective, our Compensation Committee conducted an assessment of our compensation arrangements, including those for our NEOs. The assessment process included, among other things, a review of our (1) compensation philosophy, (2) peer group companies, (3) compensation mix and (4) cash and equity-based incentive plans. Our Compensation Committee also asked Radford, its independent compensation consultant, to perform a detailed review of our cash and equity-based compensation plans in comparison to market practices.

In its review, among other factors, our Compensation Committee considered the following:

- Our revenue model and our cash incentive plan encourage our employees to focus on creating a stable, predictable stream of revenue over multiple years, rather than focusing on current year revenue at the expense of succeeding years.
- The Compensation Committee believes that the distribution of compensation among our core compensation elements effectively balances short-term performance and long-term performance.
- Our cash and equity-based incentive awards focus on both near-term and long-term goals and, in the case of equity-based incentive awards, provide for payouts over a four year period, to ensure that our NEOs remain focused on our performance beyond the immediate fiscal year.
- Our cash and equity-based incentive awards contain a range of performance levels and payouts, to discourage executives from taking risky actions to meet a single target with an all or nothing result of compensation or no compensation.
- Our EIP provides a cash cap on the maximum award size. In addition, the Compensation Committee retains negative discretion to reduce our NEOs' incentive payments under the plan.
- Our cash incentive payments and equity awards are subject to a clawback policy to recover compensation in the event of a substantial financial restatement.
- Our executives are encouraged to hold a meaningful number of shares of our common stock pursuant to our stock ownership policy.

Based upon this assessment, our Compensation Committee does not believe that our company-wide compensation policies and practices create risks that are reasonably likely to have a material adverse effect on us.

- (1) The amounts shown for stock awards and option awards represent the aggregate grant date fair value of such awards granted to the NEOs in fiscal 2010, fiscal 2009 and fiscal 2008 as computed in accordance with Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) Topic 718, excluding the effect of forfeitures. For each award, the grant date fair value is calculated using the closing price of our common stock on the grant date and, in the case of performance-based restricted stock unit awards, assuming 100% probability of achievement of performance conditions as of the grant date. These amounts do not correspond to the actual value that may be realized by the NEO upon vesting or exercise of such awards. For information on the assumptions used to calculate the value of the awards, refer to Note 9 to the consolidated financial statements contained in our 2010 Annual Report on Form 10-K.
- (2) Amounts exclude non-qualified deferred compensation earnings because we do not regard the returns from the investment alternatives selected by the executive for such earnings to be above-market or preferential as they are consistent with the types of investment opportunities generally provided to our employees under the tax-qualified 401(k) plan and Synopsys does not supplement or guarantee the returns on amounts deferred.
- (3) Amount consists of cash-based incentive compensation earned for the achievement of performance objectives in fiscal 2010 pursuant to the EIP.
- (4) Amount consists of matching contributions made by Synopsys under our tax-qualified 401(k) plan, which provides for broad-based employee participation.
- (5) Amount consists of cash-based incentive compensation earned for the achievement of performance objectives in fiscal 2009 pursuant to the 2009 Executive Incentive Plan.
- (6) Amount consists of cash-based incentive compensation earned for the achievement of performance objectives in fiscal 2008 pursuant to the 2008 Executive Incentive Plan.

- (7) Amount consists of \$1,500 in matching contributions made by Synopsys in fiscal 2010 under the tax-qualified 401(k) plan which provides for broad-based employee participation, and \$174 of tax reimbursement related to a 20-year employment anniversary gift given to any employee that has been employed with us for 20 years.
- (8) Amount consists of \$1,500 in matching contributions made by Synopsys in fiscal 2008 and fiscal 2009 under the tax-qualified 401(k) plan which provides for broad-based employee participation, as well as \$17,663 in fiscal 2009 and \$59,231 in fiscal 2008, respectively, relating to a whole life insurance premium paid on Dr. Chan's behalf. We paid this life insurance premium for certain executive officers in connection with an insurance component of our deferred compensation plans in order to obtain certain tax benefits for Synopsys. As a result, during fiscal 2009 and fiscal 2008, Dr. Chan had forgone life insurance coverage that we provide to our employees generally. The \$17,663 for fiscal 2009 and \$59,231 for fiscal 2008, respectively, represent the pro rata portion of the aggregate premium allocated to Dr. Chan based on the portion of the total benefit payable in the event of his death. Synopsys was the largest beneficiary under this policy. Dr. Chan's beneficiaries would have received 2.5 times his annual salary in the event of his death. Dr. Chan's life insurance policy under the deferred compensation plan was terminated on October 26, 2009 and beginning as of such date he is covered under Synopsys' employee-wide group term life insurance plan.
- (9) Amount consists of \$1,500 in matching contributions made by Synopsys in fiscal 2010 and fiscal 2009 under the tax-qualified 401(k) plan, which provides for broad-based employee participation, as well as \$300 in fiscal 2010 and \$200 in fiscal 2009 relating matching charitable contributions made by The Synopsys Foundation on behalf of Mr. Beattie.
- (10) Amount consists of \$26,468 for certain relocation expenses resulting from a relocation assistance agreement in March 2007 and \$1,500 in matching contributions made by Synopsys in fiscal 2009 under Synopsys' tax-qualified 401(k) plan, which provides for broad-based employee participation.
- (11) Amount consists of \$32,000 for certain relocation expenses resulting from a relocation assistance agreement in March 2007, \$9,687 for the reimbursement of taxes paid by Mr. Logan pursuant to Section 409A of the Internal Revenue Code, a non-cash award of \$479, and \$1,500 in matching contributions made by Synopsys in fiscal 2008 under Synopsys' tax-qualified 401(k) plan, which provides for broad-based employee participation.
- (12) Mr. Cabrera was not an NEO in fiscal 2008. Accordingly, compensation information for Mr. Cabrera is provided only for fiscal 2010 and fiscal 2009.

- (1) Represents possible cash awards for fiscal 2010 under the EIP. Cash awards paid to NEOs under the EIP are dependent on the achievement of certain performance targets, as well as the level of achievement. The amounts listed under the “Threshold” column represent the cash awards payable to NEOs under the EIP at a 90% weighted-average achievement of the Corporate Financial Goals described in the Compensation Discussion and Analysis. Pursuant to the EIP, if the weighted-average achievement of the Corporate Financial Goals is below 90%, no cash awards are paid. The amounts listed under the “Target” column represent the cash awards payable in fiscal 2010 at a 100% weighted-average achievement of the Corporate Financial Goals. For clarification, for fiscal 2010, Synopsys needed to exceed 100% of the Corporate Financial Goals before the NEO’s target variable cash incentive payment (as described in the Compensation Discussion and Analysis beginning on page 28 under the section titled “Annual Variable Cash Incentive Payment”) could be earned. The amounts listed under the “Maximum” column represent the maximum cash awards payable, which equal the lesser of \$2 million or 200% of the NEO’s target variable cash incentive compensation. Actual cash awards paid to the NEOs for fiscal 2010 are reported in the Summary Compensation Table on page 45 under the “Non-Equity Incentive Plan Compensation” column.
- (2) Represents stock awards that are eligible to vest only upon achievement of pre-established performance goals. Such awards are granted as restricted stock units and are converted into an equivalent number of shares of our common stock following vesting. The vesting criterion for the target award was the achievement of \$228.0 million of non-GAAP net income for fiscal 2010, as further described in “Compensation Discussion and Analysis” beginning on page 28 under the section titled “Equity-Based Awards.” This vesting criterion was achieved and, accordingly, 25% of each respective target award vested on December 3, 2010. The remaining 75% of each respective award is scheduled to vest in three equal annual installments beginning on December 8, 2011, so long as the NEO provides continuous services to us.
- (3) 1/16<sup>th</sup> of such non-statutory stock options vested on the three month anniversary of the grant date and will continue vesting as to 1/16<sup>th</sup> quarterly thereafter, so long as the NEO provides continuous services to us.

- (4) Represents the closing price of our common stock as reported on the NASDAQ Global Select Market on December 4, 2009, the effective date of grant.
- (5) Represents the fair value of the stock and option awards on the grant date. These amounts do not correspond to the actual value that may be realized by the NEO upon vesting or exercise of such awards. For information on the assumptions used to calculate the fair value of the option awards, refer to Note 9 to the consolidated financial statements contained in our 2010 Annual Report on Form 10-K.

- (1) The market value of stock awards was determined by multiplying the number of unvested or unearned shares by the closing price of our common stock of \$25.58 on October 29, 2010, the last trading day of fiscal 2010, as reported on the NASDAQ Global Select Market.
- (2) Option vests at a rate of  $\frac{1}{16}$ th on the third monthly anniversary of the grant date and  $\frac{1}{48}$ th per month thereafter, so long as the NEO provides continuous services to us. Accordingly, 6.25% of the underlying shares for these stock options became exercisable on March 5, 2007 and approximately 2% became exercisable each month thereafter until fully vested subsequent to fiscal year end on December 5, 2010.
- (3) These stock awards are granted as restricted stock units and are converted into an equivalent number of shares of our common stock following vesting. Such stock awards were eligible to vest only upon achievement of pre-established performance goals, namely the achievement of \$189 million of non-GAAP net income for fiscal 2007. This goal was achieved, and accordingly, 25% of the awards vested on December 6, 2007, December 8, 2008 and December 8, 2009, respectively, and the remaining 25% vested on December 8, 2010.
- (4) Option vests at a rate of  $\frac{1}{16}$ th on the third monthly anniversary of the grant date and  $\frac{1}{48}$ th per month thereafter, so long as the NEO provides continuous services to us. Accordingly, 6.25% of the underlying shares for these stock options became exercisable on March 10, 2008 and approximately 2% became and, so long as the NEO provides continuous services to us, will become, exercisable each month thereafter until fully vested on December 10, 2011.

- (5) These stock awards are granted as restricted stock units and are converted into an equivalent number of shares of our common stock following vesting. Such stock awards were eligible to vest only upon achievement of pre-established performance goals, namely the achievement of \$242.6 million of non-GAAP net income for fiscal 2008. This goal was achieved, and accordingly, 25% of the awards vested on December 3, 2008 and December 4, 2009 and subsequent to fiscal year end on December 4, 2010, and the remaining 25% are scheduled to vest on December 4, 2011, so long as the NEO provides continuous services to us.
- (6) Option vests at a rate of  $\frac{1}{16}$ <sup>th</sup> on the third monthly anniversary of the grant date and  $\frac{1}{48}$ <sup>th</sup> per month thereafter, so long as the NEO provides continuous services to us. Accordingly, 6.25% of the underlying shares for these stock options became exercisable on March 10, 2009 and approximately 2% became and, so long as the NEO provides continuous services to us, will become, exercisable each month thereafter until fully vested on December 10, 2012.
- (7) These stock awards are granted as restricted stock units and are converted into an equivalent number of shares of our common stock following vesting. Such stock awards were eligible to vest only upon achievement of pre-established performance goals, namely the achievement of \$232.0 million of non-GAAP net income for fiscal 2009. This goal was achieved, and accordingly, 25% of the awards vested on December 4, 2009 and subsequent to fiscal year end on December 8, 2010, and the remaining 50% are scheduled to vest in two equal, annual installments beginning December 8, 2011, so long as the NEO provides continuous services to us.
- (8) Option vests at a rate of  $\frac{1}{16}$ <sup>th</sup> on the third monthly anniversary of the grant date and  $\frac{1}{16}$ <sup>th</sup> per quarter thereafter, so long as the NEO provides continuous services to us. Accordingly, 6.25% of the underlying shares for these stock options became exercisable on March 4, 2010 and approximately 6.25% became and, so long as the NEO provides continuous services to us, will become, exercisable quarterly thereafter until fully vested on December 4, 2013.
- (9) These stock awards are granted as restricted stock units and are converted into an equivalent number of shares of our common stock following vesting. Such stock awards were eligible to vest only upon achievement of pre-established performance goals, namely the achievement of \$228.0 million of non-GAAP net income for fiscal 2010 as further described in the "Equity-Based Awards" discussion in the Compensation Discussion and Analysis section on page 28. This goal was achieved and, accordingly, 25% of the target awards vested subsequent to the fiscal year end, on December 3, 2010, and the remaining 75% are scheduled to vest in three equal, annual installments beginning on December 8, 2011, so long as the NEO provides continuous services to us.
- (10) These stock awards are granted as restricted stock units and are converted into an equivalent number of shares of our common stock following vesting. These stock awards vested with respect to 50% of the shares on December 8, 2009 and with respect to the remaining 50% subsequent to the fiscal year end on December 8, 2010.

## OPTION EXERCISES AND STOCK VESTED IN FISCAL 2010

The following table provides information with respect to all stock options exercised and the value realized upon exercise, and all stock awards vested and the value realized upon vesting, by our NEOs during fiscal 2010.

<u>Name</u>	<u>Option Awards</u>		<u>Stock Awards</u>	
	<u>Number of Shares Acquired on Exercise (#)</u>	<u>Value Realized on Exercise (\$)(1)</u>	<u>Number of Shares Acquired on Vesting #(2)</u>	<u>Value Realized on Vesting (\$)(3)</u>
Aart J. de Geus .....	1,340,000	\$5,575,923	54,450	\$1,140,759
Chi-Foon Chan .....	—	—	32,025	\$ 670,310

Brian E. Cabrera .....	81,870	\$ 254,516	8,900	\$ 186,378

- (1) The value realized on exercise equals the difference between (a) either (i) the actual sales price of our common stock underlying the options exercised if the shares were immediately sold or (ii) the closing price per share of our common stock as reported on the NASDAQ Global Select Market on the date of exercise if the shares were held and (b) the applicable exercise price of such stock options.
- (2) Such number of shares represents the gross number of shares acquired by the NEO on the vesting date. Synopsys withholds shares for tax purposes and the NEO actually receives a smaller number of shares.
- (3) The value realized on vesting equals the closing price per share of our common stock as reported on the NASDAQ Global Select Market on the vesting date multiplied by the gross number of shares acquired on vesting as described above in note (2).

## NON-QUALIFIED DEFERRED COMPENSATION

We maintain a non-qualified deferred compensation program for a select group of management or highly compensated employees so that an eligible employee may elect, on a prospective basis, to defer the receipt of a portion of the compensation they receive from us. The program is administered in the form of two plans: the Synopsys Deferred Compensation Plan (referred to in this Proxy Statement as the Deferred Compensation Plan I) and the Synopsys, Inc. Amended and Restated Deferred Compensation Plan II (referred to in this Proxy Statement as the Deferred Compensation Plan II). The amount of earnings (or losses) that accrue on a participant's account under either the Deferred Compensation Plan I or the Deferred Compensation Plan II depends on the performance of investment alternatives selected by the participant. The investment alternatives under both plans consist of various investment funds that are generally consistent with the types of investment opportunities provided to our employees under our 401(k) plan, which are selected and monitored by our Deferred Compensation Plans Committee. Therefore, we do not regard the returns from these investment alternatives as above-market or preferential. We do not supplement or guarantee the returns on amounts deferred under either plan. We have entered into a trust agreement, with a third party provider acting as trustee, to hold certain funds in connection with the program. All funds held in the trust are subject to the claims of our creditors.

The Deferred Compensation Plan I administers the elective deferrals made by eligible employees, including Dr. Chan, prior to January 1, 2005. No further contributions may be made to the Deferred Compensation Plan I; however, gains and losses and distributions and withdrawals continue to be processed on existing account balances in accordance with the terms of the Deferred Compensation Plan I as of December 31, 2004. All accrued balances maintained under the Deferred Compensation Plan I are fully vested. Amounts may be withdrawn from the plan pursuant to elections made by the participants in accordance with the terms of the Deferred Compensation Plan I, including elective withdrawals subject to a 10% forfeiture.

The Deferred Compensation Plan II was originally adopted in 2005 in order to comply with Section 409A of the Internal Revenue Code, and currently allows the deferral by eligible employees of up to 50% of salary and 100% of variable cash compensation. All account balances maintained under the Deferred Compensation Plan II are currently fully vested. However, we may, at our discretion, make contributions in the future toward participant balances, and those contributions may be made subject to vesting. To date, no such contributions have been made. Amounts may be withdrawn or distributed from the Deferred Compensation Plan II through pre-scheduled payments or upon death, retirement, disability, separation from service or a change in control of Synopsys, as elected in advance by the plan participant in accordance with the terms of the plan. Payments may be made in the form of a lump sum payment or installments.

The following table shows certain information for the NEOs under the Deferred Compensation Plans:

## POTENTIAL PAYMENTS UPON TERMINATION OF EMPLOYMENT OR CHANGE OF CONTROL

Set forth below is a description of potential payments to our NEOs upon a termination of employment or a change of control. For additional information regarding the arrangements for such payments, please also refer to the “Severance and Change of Control Benefits” discussion in the Compensation Discussion and Analysis section on page 28.

*Potential Payments Upon Involuntary Termination of Employment in connection with a Change of Control.* The table below outlines the potential payments and benefits payable to each NEO in the event of the NEO’s involuntary termination in connection with a change in control of Synopsys, as if the involuntary termination in connection with a change of control had occurred as of October 30, 2010, the last day of fiscal 2010. The payments set forth below are payable to Dr. de Geus and Dr. Chan pursuant to their employment agreements and to Mr. Beattie, Mr. Cabrera and Mr. Logan pursuant to the Executive Change of Control Severance Benefit Plan.

In the event of an involuntary termination of their respective employment other than for cause within 24 months following a change of control of Synopsys, Dr. de Geus and Dr. Chan are entitled to receive: (1) a cash payment equal to two times his base compensation for the current fiscal year or the immediately preceding fiscal year, whichever is greater; (2) a cash payment equal to two times his target incentive for the current fiscal year or, if there is no target incentive in effect for the current fiscal year, the highest target incentive in the preceding three fiscal years; (3) the estimated cash value of his health care premiums for 18 months; and (4) full acceleration of all unvested stock options and other equity awards. Dr. de Geus and Dr. Chan must sign a release in order to receive benefits should a qualifying termination occur. Pursuant to their respective employment agreements, no benefits are paid if the employment termination is voluntary or for cause.

Mr. Beattie, Mr. Cabrera and Mr. Logan participate in the Executive Change of Control Severance Benefit Plan, which provides for benefits if the executive’s employment with us is terminated without cause within 30 days before or 12 months after a change of control or there is a constructive termination of the executive’s employment within 12 months after a change of control. The benefits consist of (in addition to any unpaid salary, bonus or benefits to which the executive otherwise is entitled): (1) a cash severance payment equal to one year of base salary; (2) one to two times the executive’s target annual bonus, depending upon the timing of the termination within our fiscal year; (3) a cash payment equal to the estimated cost of health care premiums for one year; and (4) full acceleration of all unvested stock options and other equity awards held by the executive at the time of termination. An executive must sign a severance agreement and a release and, upon the written request of Synopsys or the surviving corporation in the change of control, enter into an 18-month non-competition agreement in order to receive benefits should a qualifying termination occur. The plan does not provide any benefits if the executive’s employment termination is voluntary or for cause.

(1) Amounts represent the intrinsic value of accelerated restricted stock units and stock options based upon the closing price per share of our common stock on October 29, 2010, the last trading day of fiscal 2010, of \$25.58 as reported on the NASDAQ Global Select Market.

(2) Our last day of fiscal 2010 was Saturday, October 30, 2010. Accordingly, for purposes of determining the amount of cash-based incentive award payable to each respective NEO in the

event of his termination in connection with a change of control, such executive would only be entitled to one times his target annual bonus, given that as of such date, cash-based incentive awards for fiscal 2010 would be earned (if at all) under the EIP rather than the Executive Change of Control Severance Benefit Plan.

*Potential Payments Upon a Change of Control.* Pursuant to our equity plans, all of our employees receive full acceleration of the vesting of any unvested stock options or stock awards in the event that such equity awards are not assumed, continued or substituted by the surviving or acquiring company following a change of control of Synopsys. The table below outlines the potential payments and benefits payable to each NEO in the event of a change in control of Synopsys in which equity awards are not assumed, continued or substituted, as if the change of control had occurred as of October 30, 2010, the last day of fiscal 2010. Vesting acceleration of equity awards in the event that such equity awards are not assumed, continued or substituted is the only benefit provided to our NEOs in the event of a change of control in which the executive is not involuntarily terminated.

*Potential Payments Upon Involuntary Termination of Employment.* Dr. de Geus and Dr. Chan are the only NEOs who are entitled to severance benefits in the event their employment is involuntarily terminated not in connection with of a change of control. No benefits are paid if their termination is voluntary or for cause. The table below outlines the potential amounts payable to each NEO in the event of such an involuntary termination, as if such event had occurred as of October 30, 2010, the last day of fiscal 2010. Pursuant to their respective employment agreements, Dr. de Geus and Dr. Chan would receive: (1) a cash payment equal to his base compensation during the fiscal year or immediately preceding fiscal year, whichever is greater; (2) a cash payment equal to the target incentive then in effect or, if there is no target incentive in effect for such year, the highest target incentive in the three preceding years provided he does not engage in certain conduct for six months following the termination date; and (3) the estimated cash value of his health care premiums for 12 months. Dr. de Geus and Dr. Chan must sign a release in order to receive benefits should a qualifying termination occur.

## DIRECTOR COMPENSATION

Our non-employee directors are compensated for serving on our Board. We do not pay our employees who serve on our Board of Directors any additional compensation for Board membership. Our Compensation Committee, with the assistance of an independent compensation consultant, reviews from time to time the compensation we pay to our non-employee directors and recommends, as appropriate, adjustments to such compensation. The compensation we pay to our non-employee directors consists of cash compensation and equity awards. We also reimburse directors for out-of-pocket expenses for travel to Board meetings pursuant to our Corporate Travel Policy.

*Cash.* We pay non-employee directors an annual retainer of \$125,000 for serving on our Board. We also pay a per meeting fee to members of the Audit Committee of our Board of Directors equal to \$2,000 per committee meeting (\$4,000 for the Audit Committee chair), up to an annual maximum of \$8,000 (\$16,000 for the Audit Committee chair). The retainers and meeting fees are paid in advance in four equal payments at our regularly scheduled quarterly Board meetings.

*Equity.* Non-employee directors are eligible to receive equity awards under the 2005 Non-Employee Directors Equity Incentive Plan. The plan provides for automatic grants of equity awards to non-employee members of our Board upon their initial appointment or election, and upon their re-election each year.

*Initial Awards*—New non-employee directors receive (1) an initial stock option for 30,000 shares, vesting in equal installments on the date preceding each of the first four annual stockholders' meetings following the grant date, subject to continued Board service through each vesting date and (2) if appointed to our Board less than eleven months since the most recent annual meeting of stockholders, an "interim award," in the form of stock options, representing an annual award prorated for the period of time remaining until the next annual meeting of stockholders.

*Annual Awards*—Each re-elected non-employee director receives an annual award comprised of either a stock option grant, a restricted stock grant or a combination of both, as determined by our Board each year. The annual award has an aggregate total "fair value" on the date of grant equal to the annual cash retainer of \$125,000 described above. To the extent the annual award is in the form of a stock option, the award vests in 36 equal monthly installments after the grant date, subject to continued Board service. To the extent the annual award is in the form of restricted stock, the award vests in three equal annual installments on the day before each of the three annual meetings of stockholders immediately following the grant date, subject to continued Board service. In the event of a change of control or similar transaction, the vesting of unvested grants will generally accelerate unless assumed by the successor company. Our Board of Directors elected to receive restricted stock for the annual award for fiscal 2010 and, as a result, we issued 5,543 shares of restricted stock to each non-employee director.

The following table sets forth a summary of the compensation paid to our non-employee directors for services in fiscal 2010.

## CORPORATE GOVERNANCE

### Corporate Governance Guidelines

Our Board of Directors is committed to sound and effective corporate governance practices. Accordingly, our Board has adopted Corporate Governance Guidelines, which are intended to describe the governance principles and procedures by which the Board functions. Our Board regularly reviews and evaluates these guidelines. Among other matters, the Corporate Governance Guidelines cover board composition, board membership criteria, director responsibilities, board committees, evaluation of our Chief Executive Officer, board self-assessment and succession planning. The Corporate Governance Guidelines are available on our website at <http://www.synopsys.com/Company/AboutSynopsys/CorporateGovernance/Pages/GovGuidelines.aspx>. Copies of the Corporate Governance Guidelines are also available in print upon written request to Investor Relations, Synopsys, Inc., 700 East Middlefield Road, Mountain View, California 94043.

### Code of Ethics and Business Conduct

Our Board of Directors is committed to ethical business practices and, therefore, we have adopted a Code of Ethics and Business Conduct applicable to all of our Board members, employees and executive officers, including our Chief Executive Officer (Principal Executive Officer), Chief Financial Officer (Principal Financial Officer) and Vice President, Corporate Controller (Principal Accounting Officer). Synopsys has made the Code of Ethics and Business Conduct available on our website at <http://www.synopsys.com/Company/AboutSynopsys/CorporateGovernance/Documents/EthicsBusConduct.pdf>. Synopsys intends to satisfy the public disclosure requirements regarding (1) any amendments to the Code of Ethics and Business Conduct, or (2) any waivers under the Code of Ethics and Business Conduct given to Synopsys' Principal Executive Officer, Principal Financial Officer and Principal Accounting Officer by posting such information on its website at <http://www.synopsys.com/Company/AboutSynopsys/CorporateGovernance/Pages/Ethics.aspx>.

### Board Leadership Structure

Our Board of Directors believes it is important to have flexibility in selecting our Chairman and board leadership structure. Accordingly, our Corporate Governance Guidelines allow for the positions of Chairman and Chief Executive Officer (referred to in this Proxy Statement as CEO) to be held by the same person. The Board of Directors believes that it is currently in the best interest of Synopsys and its stockholders for Dr. de Geus to serve in both roles. Dr. de Geus is a co-founder and has extensive knowledge of Synopsys, its industry and its culture. He has successfully navigated Synopsys through both strong and challenging periods, and his ability to speak as Chairman and CEO provides strong unified leadership for Synopsys.

Our guidelines also provide for the appointment of a Lead Independent Director in the event that the positions of Chairman and CEO are held by the same person, and Mr. Walske has served in that role since 2004. The responsibilities of our Lead Independent Director include:

- Establishing the agenda for regular Board meetings;
- Serving as chairperson of regular Board meetings when the Chairman is unavailable;
- Presiding over executive sessions;
- Serving as liaison between the CEO and the independent directors; and
- Encouraging dialogue between the independent directors and management.

Our Board believes the role of Lead Independent Director provides an appropriate balance in Synopsys' leadership to the combined role of Chairman and CEO, and that the responsibilities given to the Lead Independent Director help ensure a strong independent and active Board.

## **Director Independence**

Our Board of Directors has determined, based upon the listing standards of the NASDAQ Global Select Market and applicable laws and regulations, that the following directors, all of whom are standing for election to our Board, are independent: Mr. Castino, Mr. Chizen, Ms. Coleman, Mr. Schwarz, Mr. Vallee and Mr. Walske. Our Board has also determined that the only directors who are standing for election to our Board and are not independent are Dr. de Geus, our CEO, and Dr. Chan, our President and Chief Operating Officer. Accordingly, six of the eight director nominees are independent.

## **Board Meetings and Committees**

Our Board of Directors held four meetings during fiscal 2010. During the year, our Board maintained an Audit Committee, a Compensation Committee and a Corporate Governance and Nominating Committee (referred to in this Proxy Statement as the Governance Committee). All such committees have written charters which are available on our website at <http://www.synopsys.com/Company/AboutSynopsys/CorporateGovernance/Pages/BoardCommittees.aspx>.

During fiscal 2010, our Audit Committee held 12 meetings. The current members are Ms. Coleman (Chair), Mr. Castino, and Mr. Vallee. The Audit Committee acts on behalf of our Board, performing financial oversight responsibilities relating to (1) the integrity of our financial statements, financial reporting processes and systems of internal accounting and financial controls, (2) our internal audit function, (3) the annual independent audit of our financial statements, (4) the engagement of our independent registered public accounting firm and evaluation of their performance and independence, (5) compliance with legal and regulatory requirements, and (6) evaluation of enterprise risk issues. All members of our Audit Committee are considered independent under the applicable listing standards of the Securities and Exchange Commission and the NASDAQ Global Select Market listing standards. Our Board has determined that Ms. Coleman, Mr. Castino and Mr. Vallee qualify as “audit committee financial experts” within the meaning of the regulations of the Securities and Exchange Commission.

During fiscal 2010, our Compensation Committee held six meetings. The current members are Mr. Chizen (Chair), Mr. Schwarz and Mr. Walske. The Compensation Committee reviews and approves our general compensation policies, sets compensation levels for our executive officers (including our CEO) and administers our equity incentive plan, employee stock purchase plan, deferred compensation plans and 401(k) plan. All members of our Compensation Committee are considered independent under the applicable listing standards of the NASDAQ Global Select Market. The Compensation Committee’s processes and procedures for considering and determining executive compensation are set forth under “Compensation Discussion and Analysis” beginning on page 28.

During fiscal 2010, our Governance Committee held four meetings. The current members are Mr. Walske (Chair), Mr. Castino, Mr. Chizen, Ms. Coleman, Mr. Schwarz and Mr. Vallee. Dr. Sasson (Sass) Somekh served on the Governance Committee until the 2010 Annual Meeting. Dr. Somekh did not stand for re-election at the 2010 Annual Meeting. All members of our Governance Committee are considered independent under the applicable listing standards of the NASDAQ Global Select Market. The Governance Committee identifies and recommends to our Board candidates for membership on our Board and Board committees, reviews Board performance, oversees matters of corporate governance, and reviews such other matters relating to our management as it deems appropriate. Our Governance Committee’s policy regarding consideration of director candidates submitted by stockholders is set forth below under “Director Nominations.” The Governance Committee recommended the eight nominees for election to our Board at the Annual Meeting.

Each director attended at least 75% of all Board and applicable committee meetings in fiscal 2010.

### **Executive Sessions**

The independent directors meet in executive session without management directors or management present. These sessions take place prior to or following regularly scheduled Board meetings. The directors met in such sessions four times during fiscal 2010.

### **Risk Oversight**

Our Board is responsible for the oversight of our company-wide risk management efforts and delegates the assessment and implementation of our day-to-day risk management policies to our management. Our Board is directly involved in overseeing risk management issues related to significant matters such as our overall business strategy, major strategic transactions and executive officer succession through its regular communications with management.

Additionally, each of our standing Board committees, namely the Audit Committee, the Compensation Committee and the Governance Committee, have individual oversight responsibilities:

- Our Audit Committee oversees our financial reporting and controls, as well as the work performed by our independent registered public accounting firm and our internal audit function. The Audit Committee regularly discusses with management and our independent registered public accounting firm the major risks related to our financial reporting and controls, and the steps taken to monitor and control our exposure to those risks. In addition, under the supervision of the Audit Committee, we have established an anonymous and confidential ethics reporting system, which encourages and allows any employee to submit concerns directly to senior management and the Audit Committee. Our Audit Committee also oversees risks relating to our investments, financing activities and world-wide insurance programs and is responsible for reviewing and approving related person transactions.
- Our Compensation Committee is responsible for overseeing risks related to our cash and equity-based compensation programs and practices. Our Compensation Committee aims to establish compensation policies and practices that motivate contributions to long term stockholder value and do not promote unnecessary or excessive risk-taking. For additional information regarding the Compensation Committee's assessment of our compensation-related risk, please see the section of this Proxy Statement titled "Compensation Risk Assessment" on page 44.
- Our Governance Committee is responsible for overseeing risks related to our overall corporate governance, as well as any potential issues related to the composition and structure of our Board of Directors and its committees. In this regard, our Governance Committee conducts an annual evaluation of our Board and Board committees and periodically reviews Board member and executive officer succession plans. It also reviews and makes recommendations with respect to our corporate governance policies and principles, and the chairperson may investigate concerns raised through our confidential ethics reporting system, as applicable to our Board and its committees.

### **Share Ownership Guidelines**

In order to better align the interests of our Board members and management with the interests of our stockholders, our Board of Directors adopted share ownership guidelines in fiscal 2003. These share ownership guidelines were amended in December 2008 to revise the ownership holdings for non-employee directors and were further amended in September 2009 to apply to certain additional members of management.

Under these guidelines, non-employee directors are expected to achieve a share ownership level with a value equal to three times the amount of each non-employee director's annual cash retainer (excluding compensation for committee service) or 15,000 shares, within three years of initial election as a director, and maintain such ownership level, as measured each year on the date of the annual meeting of stockholders so long as they serve in the position of director.

These guidelines recommend that covered members of management achieve share ownership levels within four years of appointment and maintain such ownership level so long as they serve in such positions as follows: Chief Executive Officer—50,000 shares; Chief Operating Officer—25,000 shares; Chief Financial Officer—10,000 shares; Senior Vice Presidents—10,000 shares; General Counsel—7,500 shares; all other Vice Presidents who are members of our "Corporate Staff"—7,500 shares; and Chief Accounting Officer—2,500 shares.

Covered persons may acquire shares through stock option exercises, vesting of restricted stock awards or restricted stock units, purchases under our employee stock purchase plan, open market purchases made in compliance with applicable securities laws and our insider trading policy, or acquisitions under any other equity plan we may adopt from time to time. Each covered person is expected to meet the applicable guidelines within four years of becoming a covered person. The guidelines do not require any covered person to exercise stock options or to purchase shares of our common stock on the open market solely to meet these guidelines. However, when stock options are exercised or shares are purchased under our employee stock purchase plan, the guidelines recommend that the covered person retain a number of shares of common stock equal to the lesser of 25% of the net value of shares of common stock acquired or vested (after deducting the exercise price, if any, and taxes at an assumed tax rate), or a number of shares necessary to reach such person's applicable common share ownership guideline amount.

As of January 28, 2011, each director was compliant with the share ownership guidelines and each NEO held the requisite number of shares or had not yet been a covered person for four years and accordingly was compliant with the share ownership guidelines.

### **Stockholder Communications with our Board of Directors**

Stockholders who wish to communicate with our Board of Directors or one or more individual members of our Board may do so by sending written communications addressed to: Corporate Secretary, Synopsys, Inc., 700 East Middlefield Road, Mountain View, California 94043. All stockholder communications we receive that are addressed to our Board of Directors will be compiled by our Corporate Secretary. If the correspondence is not addressed to a particular director, such correspondence will be forwarded, depending on the subject matter, to the Chairperson of the Audit Committee, Compensation Committee, or Governance Committee.

### **Board Attendance at Stockholders' Meetings**

Synopsys encourages director attendance at our annual stockholder meetings, but does not require attendance. Attendance by phone is permitted. All directors attended the 2010 Annual Meeting of Stockholders.

### **Director Qualifications**

The Governance Committee has no stated specific or minimum qualifications that must be met by a Board candidate, and the Governance Committee uses the same selection criteria regardless of whether the candidate has been recommended by a stockholder or identified by the Governance Committee. However, all candidates for election or re-election should (1) have sufficient experience in the electronic design automation, semiconductor, electronics or technology industries to enable them

to effectively help create and guide our business strategy, (2) be prepared to participate fully in Board activities, including preparation for, attendance at and active participation in, meetings of our Board of Directors, (3) not hold positions that would conflict with their responsibilities to us, (4) have a high degree of personal integrity and interpersonal skills, and (5) be prepared to represent the best interests of all of our stockholders and not just one particular constituency. Our Governance Committee also considers diversity in its assessment of potential candidates, including diversity of professional experience, education, skills and opinions, as well as diversity of personal background. Finally, the listing standards of the NASDAQ Global Select Market and our own corporate guidelines require that at least a majority of the members of our Board qualify as independent directors in accordance with such standards.

The Governance Committee also believes that it is beneficial for at least one member, and preferably multiple members, of our Board to meet the criteria for an “audit committee financial expert” as defined by the rules of the Securities and Exchange Commission, and that a majority of the members of our Board meet the definition of “independent director” under the NASDAQ Global Select Market. The Governance Committee also deems it to be appropriate for certain members of management to serve on our Board to provide our Board with an internal perspective on the operations, management and culture of our business. When evaluating a candidate for Board membership, the Governance Committee does not assign specific weight to any of these factors nor does it believe that all of the criteria necessarily apply to every candidate. At a minimum, a director’s qualifications, in light of the above-mentioned criteria, are considered each time the director is nominated or re-nominated for Board membership.

### **Director Evaluations**

On an annual basis, the Governance Committee conducts an evaluation of our Board of Directors, the functioning of the committees and each individual member of our Board.

### **Director Nominations**

The Governance Committee considers candidates for Board membership suggested by our Board members and management. The Governance Committee has, on occasion, retained third-party executive search firms to identify independent director candidates. The Governance Committee will consider persons recommended by our stockholders in the same manner as a nominee recommended by Board members, management, or a third-party executive search firm. After completing the evaluation and review, the Governance Committee makes a recommendation to the full Board as to the persons who should be nominated to our Board of Directors, and our Board determines and approves the nominees after considering the recommendation and report of the Governance Committee.

Stockholders seeking to recommend a prospective nominee should follow the instructions under the heading “Stockholder Communications with our Board of Directors.” Stockholder submissions must include the full name of the proposed nominee, a description of the proposed nominee’s business experience for at least the previous five years, complete biographical information, a description of the proposed nominee’s qualifications as a director and a representation that the nominating stockholder is a beneficial or record owner of our stock. Any such submission must be accompanied by the written consent of the proposed nominee to be named as a nominee and to serve as a director if elected. The Governance Committee did not receive any stockholder nominations during fiscal 2010 or through the date of this Proxy Statement. Other than to clarify the information that should be submitted by stockholders seeking to recommend a prospective nominee to our Board, there are no recent material changes to the procedures by which stockholders may recommend nominees for our Board.

Each director candidate recommended for election at the Annual Meeting is an existing director seeking re-election to our Board of Directors and was previously elected by our stockholders.

## **Review, Approval or Ratification with Related Persons**

Our Code of Ethics and Business Conduct requires that every employee avoid situations where loyalties may be divided between our interests and the employee's own interests. Employees and directors must avoid conflicts of interest that interfere with the performance of their duties or are not in our best interests.

Pursuant to its written charter, the Audit Committee reviews and approves all related party transactions as such term is used by ASC Topic 850 *Related Party Disclosures*, or as otherwise required to be disclosed in our financial statements or periodic filings with the Securities and Exchange Commission, other than (a) grants of stock options made by our Board of Directors or any committee thereof or pursuant to an automatic grant plan, or (b) payment of compensation authorized by our Board or any committee thereof. Related party transactions include transactions between us, our executive officers and directors, beneficial owners of five percent or greater of our securities, and all other related persons specified under Item 404 of Regulation S-K promulgated by the Securities and Exchange Commission. We have adopted written policies and procedures regarding the identification of related parties and transactions, and the approval process. The Audit Committee will consider each proposed transaction in light of the specific facts and circumstances presented, including but not limited to the risks, costs and benefits to us and the availability from other sources of comparable services or products.

## **Certain Relationships and Related Transactions**

From the beginning of fiscal 2010 until the present, there have been no (and there are no currently proposed) transactions involving an amount in excess of \$120,000 in which Synopsys was (or is to be) a participant and any executive officer, director, five percent beneficial owner of our common stock or member of the immediate family of any of the foregoing persons had (or will have) a direct or indirect material interest, except the compensation arrangements described above for our NEOs and directors and compensation arrangements with our other executive officers not required to be disclosed in this section by the rules and regulations of the Securities and Exchange Commission.

### **SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE**

Section 16(a) of the Exchange Act requires our directors, executive officers and greater than ten percent beneficial owners of our common stock to file reports of ownership and changes in ownership with the Securities and Exchange Commission. Directors, executive officers and greater than ten percent stockholders are required by the rules and regulations of the Securities and Exchange Commission to furnish us with copies of all Section 16(a) reports they file.

Based solely on our review of the copies of the Forms 3, 4 and 5 filed by or received from our reporting persons (or written representations received from such persons), we believe that all of the Section 16 filing requirements were satisfied during fiscal 2010 except that due to an administrative error on the part of Synopsys, Chi-Foon Chan, Brian Cabrera and Joseph Logan each filed a Form 4 one business day late with respect to a stock option granted to each such executive and Esfandiar Naddaf, our Chief Accounting Officer, filed a Form 4 one business day late with respect to shares released to Mr. Naddaf upon the vesting of a restricted stock unit and shares sold for tax withholding purposes in connection with such vesting.

ADOPTED BY THE BOARD OF DIRECTORS: MARCH 3, 2006  
APPROVED BY THE STOCKHOLDERS: APRIL 25, 2006  
AS AMENDED BY THE BOARD OF DIRECTORS ON DECEMBER 9, 2010  
AMENDMENT SUBJECT TO APPROVAL BY THE STOCKHOLDERS: MARCH 24, 2011  
TERMINATION DATE: MARCH 2, 2016

**1. GENERAL.**

(a) **Successor and Continuation of Prior Plans.** The Plan is intended as the successor and continuation of the (i) Synopsys, Inc. 1992 Stock Option Plan, (ii) Synopsys, Inc. 1998 Nonstatutory Stock Option Plan, and (iii) Synopsys, Inc. 2005 Assumed Stock Option Plan (collectively, the “**Prior Plans**”). Following the Effective Date, no additional stock awards shall be granted under the Prior Plans. Any shares remaining available for issuance pursuant to the exercise of options under the Prior Plans shall become available for issuance pursuant to Stock Awards granted hereunder. Any shares subject to outstanding stock awards granted under the Prior Plans that expire or terminate for any reason prior to exercise or settlement shall become available for issuance pursuant to Stock Awards granted hereunder. On the Effective Date, all outstanding stock options granted under the Prior Plans shall be deemed to be stock options granted pursuant to the Plan, but shall remain subject to the terms of the Prior Plans with respect to which they were originally granted.

(b) **Eligible Award Recipients.** The persons eligible to receive Awards are Employees and Consultants. Non-employee Directors are not eligible to receive Awards under this Plan.

(c) **Available Awards.** The Plan provides for the grant of the following Stock Awards: (i) Incentive Stock Options, (ii) Nonstatutory Stock Options, (iii) Restricted Stock Awards, (iv) Restricted Stock Unit Awards, (v) Stock Appreciation Rights, (vi) Performance Stock Awards, and (vii) Other Stock Awards. The Plan also provides for the grant of Performance Cash Awards.

(d) **Purpose.** The Company, by means of the Plan, seeks to secure and retain the services of the group of persons eligible to receive Stock Awards as set forth in Section 1(b), to provide incentives for such persons to exert maximum efforts for the success of the Company and any Affiliate and to provide a means by which such eligible recipients may be given an opportunity to benefit from increases in value of the Common Stock through the granting of Stock Awards.

**2. DEFINITIONS.**

As used in the Plan, the following definitions shall apply to the capitalized terms indicated below:

(a) “**Affiliate**” means (i) any corporation (other than the Company) in an unbroken chain of corporations ending with the Company, provided each corporation in the unbroken chain (other than the Company) owns, at the time of the determination, stock possessing fifty percent (50%) or more of the total combined voting power of all classes of stock in one of the other corporations in such chain, and (ii) any corporation (other than the Company) in an unbroken chain of corporations beginning with the Company, provided each corporation (other than the last corporation) in the unbroken chain owns, at the time of the determination, stock possessing fifty percent (50%) or more of the total combined voting power of all classes of stock in one of the other corporations in such chain. The Board shall have the authority to determine (i) the time or times at which the ownership tests are applied, and (ii) whether “Affiliate” includes entities other than corporations within the foregoing definition.

(b) “**Award**” means a Stock Award or a Performance Cash Award.

(c) “**Board**” means the Board of Directors of the Company.

(d) “**Capitalization Adjustment**” has the meaning ascribed to that term in Section 9(a).

(e) “**Cause**” means, with respect to a Participant, the occurrence of any of the following: (i) the Participant commits an act of dishonesty in connection with the Participant’s responsibilities as an Employee or Consultant; (ii) the Participant commits a felony or any act of moral turpitude; (iii) the Participant commits any willful or grossly negligent act that constitutes gross misconduct and/or injures, or is reasonably likely to injure, the Company or any Affiliate; or (iv) the Participant willfully and materially violates (A) any written policies or procedures of the Company or any Affiliate, or (B) the Participant’s obligations to the Company or any Affiliate. The determination that a termination is for Cause shall be made by the Company in its sole discretion. Any determination by the Company that the Continuous Service of a Participant was terminated with or without Cause for the purposes of outstanding Awards held by such Participant shall have no effect upon any determination of the rights or obligations of the Company or such Participant for any other purpose.

(f) “**Change in Control**” means the occurrence, in a single transaction or in a series of related transactions, of any one or more of the following events:

(i) any Exchange Act Person becomes the Owner, directly or indirectly, of securities of the Company representing more than fifty percent (50%) of the combined voting power of the Company’s then outstanding securities other than by virtue of a merger, consolidation or similar transaction. Notwithstanding the foregoing, a Change in Control shall not be deemed to occur (A) on account of the acquisition of securities of the Company by an investor, any affiliate thereof or any other Exchange Act Person from the Company in a transaction or series of related transactions the primary purpose of which is to obtain financing for the Company through the issuance of equity securities or (B) solely because the level of Ownership held by any Exchange Act Person (the “**Subject Person**”) exceeds the designated percentage threshold of the outstanding voting securities as a result of a repurchase or other acquisition of voting securities by the Company reducing the number of shares outstanding, provided that if a Change in Control would occur (but for the operation of this sentence) as a result of the acquisition of voting securities by the Company, and after such share acquisition, the Subject Person becomes the Owner of any additional voting securities that, assuming the repurchase or other acquisition had not occurred, increases the percentage of the then outstanding voting securities Owned by the Subject Person over the designated percentage threshold, then a Change in Control shall be deemed to occur;

(ii) there is consummated a merger, consolidation or similar transaction involving (directly or indirectly) the Company and, immediately after the consummation of such merger, consolidation or similar transaction, the stockholders of the Company immediately prior thereto do not Own, directly or indirectly, either (A) outstanding voting securities representing more than fifty percent (50%) of the combined outstanding voting power of the surviving Entity in such merger, consolidation or similar transaction or (B) more than fifty percent (50%) of the combined outstanding voting power of the parent of the surviving Entity in such merger, consolidation or similar transaction, in each case in substantially the same proportions as their Ownership of the outstanding voting securities of the Company immediately prior to such transaction;

(iii) the stockholders of the Company approve or the Board approves a plan of complete dissolution or liquidation of the Company, or a complete dissolution or liquidation of the Company shall otherwise occur;

(iv) there is consummated a sale, lease, exclusive license or other disposition of all or substantially all of the consolidated assets of the Company and its Subsidiaries, other than a sale,

lease, license or other disposition of all or substantially all of the consolidated assets of the Company and its Subsidiaries to an Entity, more than fifty percent (50%) of the combined voting power of the voting securities of which are Owned by stockholders of the Company in substantially the same proportions as their Ownership of the outstanding voting securities of the Company immediately prior to such sale, lease, license or other disposition; or

(v) individuals who, on the date this Plan is adopted by the Board, are members of the Board (the “**Incumbent Board**”) cease for any reason to constitute at least a majority of the members of the Board; *provided, however*, that if the appointment or election (or nomination for election) of any new Board member was approved or recommended by a majority vote of the members of the Incumbent Board then still in office, such new member shall, for purposes of this Plan, be considered as a member of the Incumbent Board.

For avoidance of doubt, the term Change in Control shall not include a sale of assets, merger or other transaction effected exclusively for the purpose of changing the domicile of the Company.

Notwithstanding the foregoing, to the extent that the Company determines that any of the payments or benefits under this Plan that are payable in connection with a Change in Control constitute deferred compensation under Section 409A that may only be paid on a transaction that meets the standard of Treasury Regulation Section 1.409A-3(a)(5), the foregoing definition of Change in Control shall apply only to the extent the transaction also meets the definition used for purposes of Treasury Regulation Section 1.409A-3(a)(5), that is, as defined under Treasury Regulation Section 1.409A-3(i)(5).

Notwithstanding the foregoing or any other provision of this Plan, the definition of Change in Control (or any analogous term) in an individual written agreement between the Company or any Affiliate and the Participant shall supersede the foregoing definition with respect to Stock Awards subject to such agreement; provided, however, that if no definition of Change in Control or any analogous term is set forth in such an individual written agreement, the foregoing definition shall apply.

(l) “**Continuous Service**” means that the Participant’s service with the Company or an Affiliate, whether as an Employee, Director or Consultant, is not interrupted or terminated. A change in the capacity in which the Participant renders service to the Company or an Affiliate from a Consultant to Employee shall not terminate a Participant’s Continuous Service. Furthermore, a change in the entity for which the Participant renders such service, provided that there is no interruption or termination of the Participant’s service with the Company or an Affiliate, shall not terminate a Participant’s Continuous Service. However, if the corporation for which a Participant is rendering service ceases to qualify as an Affiliate, as determined by the Board in its sole discretion, such Participant’s Continuous Service shall

be considered to have terminated on the date such corporation ceases to qualify as an Affiliate. A leave of absence shall be treated as Continuous Service for purposes of vesting in an Award to such extent as may be provided in the Company's leave of absence policy or in the written terms of the Participant's leave of absence.

(m) "**Corporate Transaction**" means the occurrence, in a single transaction or in a series of related transactions, of any one or more of the following events:

(iii) the consummation of a merger, consolidation or similar transaction following which the Company is not the surviving corporation; or

(iv) the consummation of a merger, consolidation or similar transaction following which the Company is the surviving corporation but the shares of Common Stock outstanding immediately preceding the merger, consolidation or similar transaction are converted or exchanged by virtue of the merger, consolidation or similar transaction into other property, whether in the form of securities, cash or otherwise.

**(c) Delegation To Committee.**

(i) **General.** The Board may delegate some or all of the administration of the Plan to a Committee or Committees. If administration is delegated to a Committee, the Committee shall have, in connection with the administration of the Plan, the powers theretofore possessed by the Board that have been delegated to the Committee, including the power to delegate to a subcommittee any of the administrative powers the Committee is authorized to exercise (and references in this Plan to the Board shall thereafter be to the Committee or subcommittee), subject, however, to such resolutions, not inconsistent with the provisions of the Plan, as may be adopted from time to time by the Board. The Board may retain the authority to concurrently administer the Plan with the Committee and may, at any time, re-vest in the Board some or all of the powers previously delegated.

(ii) **Section 162(m) and Rule 16b-3 Compliance.** In the sole discretion of the Board, the Committee may consist solely of two or more Outside Directors, in accordance with Section 162(m) of the Code, and/or solely of two or more Non-Employee Directors, in accordance with Rule 16b-3. In addition, the Board or the Committee, in its sole discretion, may (1) delegate to a committee of one or more members of the Board who need not be Outside Directors the authority to grant Awards to eligible persons who are either (a) not then Covered Employees and are not expected to be Covered Employees at the time of recognition of income resulting from such Award, or (b) not persons with respect to whom the Company wishes to comply with Section 162(m) of the Code, and/or (2) delegate to a committee of one or more members of the Board who need not be Non-Employee Directors the authority to grant Stock Awards to eligible persons who are not then subject to Section 16 of the Exchange Act.

(d) **Delegation to an Officer.** The Board may delegate to one or more Officers of the Company the authority to do one or both of the following (i) designate Employees of the Company or any of its Subsidiaries to be recipients of Options, Stock Appreciation Rights and, to the extent permitted by applicable law, other Stock Awards and the terms thereof, and (ii) determine the number of shares of Common Stock to be subject to such Stock Awards granted to such Employees; *provided, however*, that the Board resolutions regarding such delegation shall specify the total number of shares of Common Stock that may be subject to the Options granted by such Officer. Notwithstanding anything

to the contrary in this Section 3(d), the Board may not delegate to an Officer authority to determine the Fair Market Value of the Common Stock pursuant to Section 2(v)(ii) above.

(e) **Effect of Board's Decision.** All determinations, interpretations and constructions made by the Board in good faith shall not be subject to review by any person and shall be final, binding and conclusive on all persons.

(f) **Cancellation and Re-Grant of Stock Awards.** Neither the Board nor any Committee shall have the authority to: (i) reprice any outstanding Stock Awards under the Plan, or (ii) cancel and re-grant any outstanding Stock Awards under the Plan, unless the stockholders of the Company have approved such an action within twelve (12) months prior to such an event, provided, however, that this provision shall not prevent cancellations of Stock Awards upon expiration or termination of such Stock Awards and the return of the underlying shares of Common Stock to the Plan for future issuance pursuant to Section 4(b) hereof.

#### **4. SHARES SUBJECT TO THE PLAN.**

(a) **Share Reserve.** Subject to the provisions of Section 9(a) relating to Capitalization Adjustments, the number of shares of Common Stock that may be issued pursuant to Stock Awards shall not exceed Fifty-Eight Million Four Hundred Ninety-Seven Thousand Two Hundred Forty-Eight (58,497,248) shares of Common Stock in the aggregate. Subject to Section 4(b), the number of shares available for issuance under the Plan shall be reduced by: (i) one (1) share for each share of stock issued pursuant to (A) an Option granted under Section 6, or (B) a Stock Appreciation Right granted under Section 7(c), and (ii) (A) one and thirty-six hundredths (1.36) shares for each share of Common Stock issued prior to February 27, 2009 pursuant to a Restricted Stock Award, Restricted Stock Unit Award, or Other Stock Award granted under Section 7, (B) two and eighteen hundredths (2.18) shares for each share of Common Stock issued on or after February 27, 2009 pursuant to a Restricted Stock Award, Restricted Stock Unit Award, or Other Stock Award granted under Section 7, and (C) 1.25 shares for each share of Common Stock issued on or after March 24, 2011 pursuant to a Restricted Stock Award, Restricted Stock Unit Award, or Other Stock Award granted under Section 7. Shares may be issued in connection with a merger or acquisition as permitted by NASDAQ Listing Rule 5635(c) or, if applicable, NYSE Listed Company Manual Section 303A(8) and such issuance shall not reduce the number of shares available for issuance under the Plan.

##### **(b) Reversion of Shares to the Share Reserve.**

(i) **Shares Available For Subsequent Issuance.** If any (i) Stock Award shall for any reason expire or otherwise terminate, in whole or in part, without having been exercised in full, (ii) shares of Common Stock issued to a Participant pursuant to a Stock Award are forfeited to or repurchased by the Company at their original exercise or purchase price pursuant to the Company's reacquisition or repurchase rights under the Plan, including any forfeiture or repurchase caused by the failure to meet a contingency or condition required for the vesting of such shares, or (iii) Stock Award is settled in cash, then the shares of Common Stock not issued under such Stock Award, or forfeited to or repurchased by the Company, shall revert to and again become available for issuance under the Plan. To the extent there is issued a share of Common Stock pursuant to a Stock Award that counted as either (A) one and thirty-six hundredths (1.36) shares, (B) two and eighteen hundredths (2.18) shares, or (C) 1.25 shares, as applicable, against the number of shares available for issuance under the Plan pursuant to Section 4(a) and such share of Common Stock again becomes available for issuance under the Plan pursuant to this Section 4(b)(i) on or after March 24, 2011, then the number of shares of Common Stock available for issuance under the Plan shall increase by 1.25 shares (regardless of when such share was issued).

(ii) **Shares Not Available for Subsequent Issuance.** If any shares subject to a Stock Award are not delivered to a Participant because the Stock Award is exercised through a reduction of shares subject to the Stock Award (*i.e.*, “net exercised”) or an appreciation distribution in respect of a Stock Appreciation Right is paid in shares of Common Stock, the number of shares subject to the Stock Award that are not delivered to the Participant shall not remain available for subsequent issuance under the Plan. If any shares subject to a Stock Award are not delivered to a Participant because such shares are withheld in satisfaction of the withholding of taxes incurred in connection with the exercise of an Option, Stock Appreciation Right, or the issuance of shares under a Restricted Stock Award or Restricted Stock Unit Award, the number of shares that are not delivered to the Participant shall not remain available for subsequent issuance under the Plan. If the exercise price of any Stock Award is satisfied by tendering shares of Common Stock held by the Participant (either by actual delivery or attestation), then the number of shares so tendered shall not remain available for subsequent issuance under the Plan.

(c) **Incentive Stock Option Limit.** Notwithstanding anything to the contrary in this Section 4, subject to the provisions of Section 9(a) relating to Capitalization Adjustments the aggregate maximum number of shares of Common Stock that may be issued pursuant to the exercise of Incentive Stock Options shall be Fifty-Eight Million Four Hundred Ninety-Seven Thousand Two Hundred Forty-Eight (58,497,248) shares of Common Stock.

(d) **Source of Shares.** The stock issuable under the Plan shall be shares of authorized but unissued or reacquired Common Stock, including shares repurchased by the Company on the open market.

## 5. ELIGIBILITY.

(a) **Eligibility for Specific Stock Awards.** Incentive Stock Options may be granted only to Employees. Stock Awards other than Incentive Stock Options may be granted to Employees and Consultants; *provided, however*, that Nonstatutory Stock Options and Stock Appreciation Rights may not be granted to Employees and Consultants who are providing Continuous Services only to any “parent” of the Company, as such term is defined in Rule 405 promulgated under the Securities Act, unless such Stock Awards comply with the distribution requirements of Section 409A of the Code or unless the stock underlying such Stock Awards is otherwise determined to be “service recipient stock” under Section 409A of the Code. Stock Awards under this Plan may not be granted to non-employee Directors.

(b) **Ten Percent Stockholders.** An Employee who is also a Ten Percent Stockholder shall not be granted an Incentive Stock Option unless the exercise price of such Option is at least one hundred ten percent (110%) of the Fair Market Value of the Common Stock on the date of grant and the Option has a term of no more than five (5) years from the date of grant and is not exercisable after the expiration of five (5) years from the date of grant.

(c) **Section 162(m) Limitation on Annual Awards.** Subject to the provisions of Section 9(a) relating to Capitalization Adjustments no Employee shall be eligible to be granted Stock Awards whose value is determined by reference to an increase over an exercise or strike price of at least one hundred percent (100%) of the Fair Market Value of the Common Stock on the date the Stock Award is granted covering more than one million (1,000,000) shares of Common Stock during any calendar year.

## 6. OPTION PROVISIONS.

Each Option shall be in such form and shall contain such terms and conditions as the Board shall deem appropriate. All Options shall be separately designated Incentive Stock Options or Nonstatutory Stock Options at the time of grant, and, if certificates are issued, a separate certificate or certificates

shall be issued for shares of Common Stock purchased on exercise of each type of Option. The provisions of separate Options need not be identical; *provided, however*, that each Option Agreement shall include (through incorporation of provisions hereof by reference in the Option or otherwise) the substance of each of the following provisions:

(a) **Term.** No Option shall be exercisable after the expiration of seven (7) years from the date of grant, or such shorter period specified in the Option Agreement; *provided, however*, that an Incentive Stock Option granted to a Ten Percent Stockholder shall be subject to the provisions of Section 5(b).

(b) **Exercise Price of an Incentive Stock Option.** Subject to the provisions of Section 5(b) regarding Ten Percent Stockholders, the exercise price of each Incentive Stock Option shall be not less than one hundred percent (100%) of the Fair Market Value of the Common Stock subject to the Option on the date the Option is granted. Notwithstanding the foregoing, an Incentive Stock Option may be granted with an exercise price lower than that set forth in the preceding sentence if such Option is granted pursuant to an assumption or substitution for another option in a manner consistent with the provisions of Sections 409A and 424(a) of the Code.

(c) **Exercise Price of a Nonstatutory Stock Option.** The exercise price of each Nonstatutory Stock Option shall be not less than one hundred percent (100%) of the Fair Market Value of the Common Stock subject to the Option on the date the Option is granted. Notwithstanding the foregoing, a Nonstatutory Stock Option may be granted with an exercise price lower than that set forth in the preceding sentence if such Option is granted pursuant to an assumption or substitution for another option in a manner consistent with the provisions of Sections 409A and 424(a) of the Code.

(d) **Consideration.** The purchase price of Common Stock acquired pursuant to the exercise of an Option shall be paid, to the extent permitted by applicable law and as determined by the Board in its sole discretion, by any combination of the methods of payment set forth below. The Board shall have the authority to grant Options that do not permit all of the following methods of payment (or otherwise restrict the ability to use certain methods) and to grant Options that require the consent of the Company to utilize a particular method of payment. The methods of payment permitted by this Section 6(d) are:

(i) by cash or check;

(ii) pursuant to a program developed under Regulation T as promulgated by the Federal Reserve Board that, prior to the issuance of Common Stock, results in either the receipt of cash (or check) by the Company or the receipt of irrevocable instructions to pay the aggregate exercise price to the Company from the sales proceeds;

(iii) by delivery to the Company (either by actual delivery or attestation) of shares of Common Stock;

(iv) by a "net exercise" arrangement, if the option is a Nonstatutory Stock Option, pursuant to which the Company will reduce the number of shares of Common Stock issued upon exercise by the largest whole number of shares with a Fair Market Value that does not exceed the aggregate exercise price; *provided, however*, the Company shall accept a cash or other payment from the Participant to the extent of any remaining balance of the aggregate exercise price not satisfied by such reduction in the number of whole shares to be issued; *provided, however*, that shares of Common Stock will no longer be outstanding under an Option and will not be exercisable thereafter to the extent that (i) shares are used to pay the exercise price pursuant to the "net exercise," (ii) shares are delivered to the Participant as a result of such exercise, and (iii) shares are withheld to satisfy tax withholding obligations; or

(v) in any other form of legal consideration that may be acceptable to the Board.

(e) **Transferability of Options.** The Board may, in its sole discretion, impose such limitations on the transferability of Options as the Board shall determine. In the absence of such a determination by the Board to the contrary, the following restrictions on the transferability of Options shall apply:

(i) **Restrictions on Transfer.** An Option shall not be transferable except by will or by the laws of descent and distribution and shall be exercisable during the lifetime of the Optionholder only by the Optionholder.

(ii) **Domestic Relations Orders.** Notwithstanding the foregoing, an Option may be transferred pursuant to a domestic relations order; *provided, however*, that if an Option is an Incentive Stock Option, such Option may be deemed to be a Nonstatutory Stock Option as a result of such transfer.

(iii) **Beneficiary Designation.** Notwithstanding the foregoing, the Optionholder may, by delivering written notice to the Company, in a form provided by or otherwise satisfactory to the Company and any broker designated by the Company to effect Option exercises, designate a third party who, in the event of the death of the Optionholder, shall thereafter be entitled to exercise the Option. In the absence of such a designation, the executor or administrator of the Optionholder's estate shall be entitled to exercise the Option.

(f) **Vesting of Options Generally.** The total number of shares of Common Stock subject to an Option may vest and therefore become exercisable in periodic installments that may or may not be equal. The Option may be subject to such other terms and conditions on the time or times when it may or may not be exercised (which may be based on performance or other criteria) as the Board may deem appropriate. The vesting provisions of individual Options may vary. The provisions of this Section 6(f) are subject to any Option provisions governing the minimum number of shares of Common Stock as to which an Option may be exercised.

(g) **Termination of Continuous Service.** In the event that an Optionholder's Continuous Service terminates (other than for Cause or upon the Optionholder's death or Disability), the Optionholder may exercise his or her Option (to the extent that the Optionholder was entitled to exercise such Option as of the date of termination of Continuous Service) but only within such period of time ending on the earlier of (i) the date three (3) months following the termination of the Optionholder's Continuous Service (or such longer or shorter period specified in the Option Agreement), or (ii) the expiration of the term of the Option as set forth in the Option Agreement. If, after termination of Continuous Service, the Optionholder does not exercise his or her Option within the time specified herein or in the Option Agreement (as applicable), the Option shall terminate.

(h) **Extension of Termination Date.** An Optionholder's Option Agreement may provide that if the exercise of the Option following the termination of the Optionholder's Continuous Service (other than upon the Optionholder's death or Disability) would be prohibited at any time solely because the issuance of shares of Common Stock would violate the registration requirements under the Securities Act, then the Option shall terminate on the earlier of (i) the expiration of a period of three (3) months after the termination of the Optionholder's Continuous Service (or such longer or shorter period specified in the Option Agreement) during which the exercise of the Option would not be in violation of such registration requirements, or (ii) the expiration of the term of the Option as set forth in the Option Agreement.

(i) **Disability of Optionholder.** In the event that an Optionholder's Continuous Service terminates as a result of the Optionholder's Disability, the Optionholder may exercise his or her Option (to the extent that the Optionholder was entitled to exercise such Option as of the date of termination of Continuous Service), but only within such period of time ending on the earlier of (i) the date twelve (12) months following such termination of Continuous Service (or such longer or shorter period specified in the Option Agreement), or (ii) the expiration of the term of the Option as set forth in the Option Agreement. If, after termination of Continuous Service, the Optionholder does not exercise his or her Option within the time specified herein or in the Option Agreement (as applicable), the Option shall terminate.

(j) **Death of Optionholder.** In the event that (i) an Optionholder's Continuous Service terminates as a result of the Optionholder's death, or (ii) the Optionholder dies within the period (if any) specified in the Option Agreement after the termination of the Optionholder's Continuous Service for a reason other than death, then the Option may be exercised (to the extent the Optionholder was entitled to exercise such Option as of the date of death) by the Optionholder's estate, by a person who acquired the right to exercise the Option by bequest or inheritance or by a person designated to exercise the option upon the Optionholder's death, but only within the period ending on the earlier of (i) the date twelve (12) months following the date of death (or such longer or shorter period specified in the Option Agreement), or (ii) the expiration of the term of such Option as set forth in the Option Agreement. If, after the Optionholder's death, the Option is not exercised within the time specified herein or in the Option Agreement (as applicable), the Option shall terminate.

(k) **Termination for Cause.** In the event that an Optionholder's Continuous Service is terminated for Cause, the Option shall terminate immediately and cease to remain outstanding and the Option shall cease to be exercisable with respect to any shares of Common Stock (whether vested or unvested) at the time of such termination.

## 7. PROVISIONS OF STOCK AWARDS OTHER THAN OPTIONS.

(a) **Restricted Stock Awards.** Each Restricted Stock Award Agreement shall be in such form and shall contain such terms and conditions as the Board shall deem appropriate. To the extent consistent with the Company's Bylaws, at the Board's election, shares of Common Stock may be (i) held in book entry form subject to the Company's instructions until any restrictions relating to the Restricted Stock Award lapse; or (ii) evidenced by a certificate, which certificate shall be held in such form and manner as determined by the Board. The terms and conditions of Restricted Stock Award Agreements may change from time to time, and the terms and conditions of separate Restricted Stock Award Agreements need not be identical; *provided, however*, that each Restricted Stock Award Agreement shall include (through incorporation of the provisions hereof by reference in the agreement or otherwise) the substance of each of the following provisions:

(i) **Consideration.** A Restricted Stock Award may be awarded in consideration for (i) past or future services rendered to the Company or an Affiliate, or (ii) any other form of legal consideration that may be acceptable to the Board, in its sole discretion, and permissible under applicable law.

(ii) **Vesting.** Shares of Common Stock awarded under a Restricted Stock Award Agreement may be subject to forfeiture to the Company in accordance with a vesting schedule to be determined by the Board.

(iii) **Termination of Participant's Continuous Service.** In the event a Participant's Continuous Service terminates, the Company may receive via a forfeiture condition, any or all of the shares of Common Stock held by the Participant which have not vested as of the date of termination of Continuous Service under the terms of the Restricted Stock Award Agreement.

(iv) **Transferability.** Rights to acquire shares of Common Stock under the Restricted Stock Award Agreement shall be transferable by the Participant only upon such terms and conditions as are set forth in the Restricted Stock Award Agreement, as the Board shall determine in its sole discretion, so long as Common Stock awarded under the Restricted Stock Award Agreement remains subject to the terms of the Restricted Stock Award Agreement.

(b) **Restricted Stock Unit Awards.** Each Restricted Stock Unit Award Agreement shall be in such form and shall contain such terms and conditions as the Board shall deem appropriate. The terms and conditions of Restricted Stock Unit Award Agreements may change from time to time, and the terms and conditions of separate Restricted Stock Unit Award Agreements need not be identical; *provided*,

however, that each Restricted Stock Unit Award Agreement shall include (through incorporation of the provisions hereof by reference in the agreement or otherwise) the substance of each of the following provisions:

(i) **Consideration.** A Restricted Stock Unit Award may be awarded in consideration for (i) past or future services rendered to the Company or an Affiliate, or (ii) any other form of legal consideration that may be acceptable to the Board, in its sole discretion, and permissible under applicable law.

(ii) **Vesting.** At the time of the grant of a Restricted Stock Unit Award, the Board may impose such restrictions or conditions to the vesting of the Restricted Stock Unit Award as it, in its sole discretion, deems appropriate.

(iii) **Payment.** A Restricted Stock Unit Award may be settled by the delivery of shares of Common Stock, their cash equivalent, any combination thereof or in any other form of consideration, as determined by the Board and contained in the Restricted Stock Unit Award Agreement.

(iv) **Termination of Participant's Continuous Service.** Except as otherwise provided in the applicable Restricted Stock Unit Award Agreement, such portion of the Restricted Stock Unit Award that has not vested will be forfeited upon the Participant's termination of Continuous Service.

(c) **Stock Appreciation Rights.** Each Stock Appreciation Right Agreement shall be in such form and shall contain such terms and conditions as the Board shall deem appropriate. The terms and conditions of Stock Appreciation Right Agreements may change from time to time, and the terms and conditions of separate Stock Appreciation Right Agreements need not be identical; *provided, however*, that each Stock Appreciation Right Agreement shall include (through incorporation of the provisions hereof by reference in the agreement or otherwise) the substance of each of the following provisions:

(i) **Term.** No Stock Appreciation Right shall be exercisable after the expiration of seven (7) years from the date of grant, or such shorter period specified in the Stock Appreciation Right Agreement.

(ii) **Strike Price.** Each Stock Appreciation Right will be denominated in shares of Common Stock equivalents. The strike price of each Stock Appreciation Right shall not be less than one hundred percent (100%) of the Fair Market Value of the Common Stock equivalents subject to the Stock Appreciation Right on the date of grant.

(iii) **Calculation of Appreciation.** The appreciation distribution payable on the exercise of a Stock Appreciation Right will be not greater than an amount equal to the excess of (i) the aggregate Fair Market Value (on the date of the exercise of the Stock Appreciation Right) of a number of shares of Common Stock equal to the number of share of Common Stock equivalents in which the Participant is vested under such Stock Appreciation Right, and with respect to which the Participant is exercising the Stock Appreciation Right on such date, over (ii) the strike price that is determined by the Board on the date of grant of the Stock Appreciation Right.

(iv) **Vesting.** At the time of the grant of a Stock Appreciation Right, the Board may impose such restrictions or conditions to the vesting of such Stock Appreciation Right as it, in its sole discretion, deems appropriate.

(v) **Exercise.** To exercise any outstanding Stock Appreciation Right, the Participant must provide written notice of exercise to the Company in compliance with the provisions of the Stock Appreciation Right Agreement evidencing such Stock Appreciation Right.

(vi) **Payment.** The appreciation distribution in respect of a Stock Appreciation Right may be paid in Common Stock, in cash, in any combination of the two or in any other form of consideration, as determined by the Board and set forth in the Stock Appreciation Right Agreement evidencing such Stock Appreciation Right.

(vii) **Termination of Continuous Service.** In the event that a Participant's Continuous Service terminates (other than for Cause or upon the Participant's death or Disability), the Participant may exercise his or her Stock Appreciation Right (to the extent that the Participant was entitled to exercise such Stock Appreciation Right as of the date of termination of Continuous Service) but only within such period of time ending on the earlier of (i) the date three (3) months following the termination of the Participant's Continuous Service (or such longer or shorter period specified in the Stock Appreciation Right Agreement), or (ii) the expiration of the term of the Stock Appreciation Right as set forth in the Stock Appreciation Right Agreement. If, after termination of Continuous Service, the Participant does not exercise his or her Stock Appreciation Right within the time specified herein or in the Stock Appreciation Right Agreement (as applicable), the Stock Appreciation Right shall terminate.

(viii) **Extension of Termination Date.** A Participant's Stock Appreciation Right Agreement may provide that if the exercise of the Stock Appreciation Right following the termination of the Participant's Continuous Service (other than upon the Participant's death or Disability) would be prohibited at any time solely because the issuance of shares of Common Stock would violate the registration requirements under the Securities Act, then the Stock Appreciation Right shall terminate on the earlier of (i) the expiration of a period of three (3) months after the termination of the Participant's Continuous Service (or such longer or shorter period specified in the Stock Appreciation Right Agreement) during which the exercise of the Stock Appreciation Right would not be in violation of such registration requirements, or (ii) the expiration of the term of the Stock Appreciation Right as set forth in the Stock Appreciation Right Agreement.

(ix) **Disability of Participant.** In the event that a Participant's Continuous Service terminates as a result of the Participant's Disability, the Participant may exercise his or her Stock Appreciation Right (to the extent that the Participant was entitled to exercise such Stock Appreciation Right as of the date of termination of Continuous Service), but only within such period of time ending on the earlier of (i) the date twelve (12) months following such termination of Continuous Service (or such longer or shorter period specified in the Stock Appreciation Right Agreement), or (ii) the expiration of the term of the Stock Appreciation Right as set forth in the Stock Appreciation Right Agreement. If, after termination of Continuous Service, the Participant does not exercise his or her Stock Appreciation Right within the time specified herein or in the Stock Appreciation Right Agreement (as applicable), the Stock Appreciation Right shall terminate.

(x) **Death of Participant.** In the event that (i) a Participant's Continuous Service terminates as a result of the Participant's death, or (ii) the Participant dies within the period (if any) specified in the Stock Appreciation Right Agreement after the termination of the Participant's Continuous Service for a reason other than death, then the Stock Appreciation Right may be exercised (to the extent the Participant was entitled to exercise such Stock Appreciation Right as of the date of death) by the Participant's estate, by a person who acquired the right to exercise the Stock Appreciation Right by bequest or inheritance or by a person designated to exercise the Stock Appreciation Right upon the Participant's death, but only within the period ending on the earlier of (i) the date twelve (12) months following the date of death (or such longer or shorter period specified in the Stock Appreciation Right Agreement), or (ii) the expiration of the term of such Stock Appreciation Right as set forth in the Stock Appreciation Right Agreement. If, after the Participant's death, the Stock Appreciation Right is not exercised within the time specified herein or in the Stock Appreciation Right Agreement (as applicable), the Stock Appreciation Right shall terminate.

(xi) **Termination for Cause.** In the event that a Participant's Continuous Service is terminated for Cause, the Stock Appreciation Right shall terminate immediately and cease to remain outstanding and the Stock Appreciation Right shall cease to be exercisable with respect to any shares of Common Stock (whether vested or unvested) at the time of such termination.

**(d) Performance Awards.**

(i) **Performance Stock Awards.** A Performance Stock Award is either a Restricted Stock Award or Restricted Stock Unit Award that may be granted, may vest, or may be exercised based upon the attainment during a Performance Period of certain Performance Goals. A Performance Stock Award may, but need not, require the completion of a specified period of Continuous Service. The length of any Performance Period, the Performance Goals to be achieved during the Performance Period, and the measure of whether and to what degree such Performance Goals have been attained shall be conclusively determined by the Committee in its sole discretion. The maximum benefit to be received by any Participant in any calendar year attributable to Performance Stock Awards described in this Section 7(d)(i) shall not exceed the value of one million (1,000,000) shares of Common Stock.

(ii) **Performance Cash Awards.** A Performance Cash Award is a cash award that may be granted or paid upon the attainment during a Performance Period of certain Performance Goals. A Performance Cash Award may also require the completion of a specified period of Continuous Service. The length of any Performance Period, the Performance Goals to be achieved during the Performance Period, and the measure of whether and to what degree such Performance Goals have been attained shall be conclusively determined by the Committee in its sole discretion. The maximum benefit to be received by any Participant in any calendar year attributable to Performance Cash Awards described in this Section 7(d)(ii) shall not exceed two million dollars (\$2,000,000).

(e) **Other Stock Awards.** Other forms of Stock Awards valued in whole or in part by reference to, or otherwise based on, Common Stock may be granted either alone or in addition to Stock Awards provided for under Section 6 and the preceding provisions of this Section 7. Subject to the provisions of the Plan, the Board shall have sole and complete authority to determine the persons to whom and the time or times at which such Other Stock Awards will be granted, the number of shares of Common Stock (or the cash equivalent thereof) to be granted pursuant to such Other Stock Awards and all other terms and conditions of such Other Stock Awards. No Other Stock Award may have a term in excess of seven (7) years from the date of grant.

**8. MISCELLANEOUS.**

(a) **Use of Proceeds.** Proceeds from the sale of shares of Common Stock pursuant to Stock Awards shall constitute general funds of the Company.

(b) **Stockholder Rights.** No Participant shall be deemed to be the holder of, or to have any of the rights of a holder with respect to, any shares of Common Stock subject to such Stock Award unless and until such Participant has exercised the Stock Award pursuant to its terms and the issuance of the Common Stock has been entered into the books and records of the Company.

(c) **No Employment or Other Service Rights.** Nothing in the Plan, any Stock Award Agreement or other instrument executed thereunder or in connection with any Award granted pursuant thereto shall confer upon any Participant any right to continue to serve the Company or an Affiliate in the capacity in effect at the time the Award was granted or shall affect the right of the Company or an Affiliate to terminate (i) the employment of an Employee with or without notice and with or without cause, (ii) the service of a Consultant pursuant to the terms of such Consultant's agreement with the Company or an Affiliate, or (iii) the service of a Director pursuant to the Bylaws of the Company or an Affiliate, and any applicable provisions of the corporate law of the state in which the Company or the Affiliate is incorporated, as the case may be.

(d) **Incentive Stock Option \$100,000 Limitation.** To the extent that the aggregate Fair Market Value (determined at the time of grant) of Common Stock with respect to which Incentive Stock Options are exercisable for the first time by any Optionholder during any calendar year (under all plans

of the Company and any Affiliates) exceeds one hundred thousand dollars (\$100,000), the Options or portions thereof that exceed such limit (according to the order in which they were granted) shall be treated as Nonstatutory Stock Options, notwithstanding any contrary provision of the applicable Option Agreement(s).

(e) **Investment Assurances.** The Company may require a Participant, as a condition of exercising or acquiring Common Stock under any Stock Award, (i) to give written assurances satisfactory to the Company as to the Participant's knowledge and experience in financial and business matters and/or to employ a purchaser representative reasonably satisfactory to the Company who is knowledgeable and experienced in financial and business matters and that he or she is capable of evaluating, alone or together with the purchaser representative, the merits and risks of exercising the Stock Award; and (ii) to give written assurances satisfactory to the Company stating that the Participant is acquiring Common Stock subject to the Stock Award for the Participant's own account and not with any present intention of selling or otherwise distributing the Common Stock. The foregoing requirements, and any assurances given pursuant to such requirements, shall be inoperative if (i) the issuance of the shares upon the exercise or acquisition of Common Stock under the Stock Award has been registered under a then currently effective registration statement under the Securities Act, or (ii) as to any particular requirement, a determination is made by counsel for the Company that such requirement need not be met in the circumstances under the then applicable securities laws. The Company may, upon advice of counsel to the Company, place legends on stock certificates issued under the Plan as such counsel deems necessary or appropriate in order to comply with applicable securities laws, including, but not limited to, legends restricting the transfer of the Common Stock.

(f) **Securities Law Compliance.** The Company shall seek to obtain from each regulatory commission or agency having jurisdiction over the Plan such authority as may be required to grant Stock Awards and to issue and sell shares of Common Stock upon exercise of the Stock Awards; *provided, however,* that this undertaking shall not require the Company to register under the Securities Act the Plan, any Stock Award or any Common Stock issued or issuable pursuant to any such Stock Award. If, after reasonable efforts, the Company is unable to obtain from any such regulatory commission or agency the authority that counsel for the Company deems necessary for the lawful issuance and sale of Common Stock under the Plan, the Company shall be relieved from any liability for failure to issue and sell Common Stock upon exercise of such Stock Awards unless and until such authority is obtained. A Participant shall not be eligible for the grant of a Stock Award or the subsequent issuance of Common Stock pursuant to the Stock Award if such grant or issuance would be in violation of any applicable securities laws.

(g) **Withholding Obligations.** To the extent provided by the terms of a Stock Award Agreement, the Company may, in its sole discretion, satisfy any federal, state or local tax withholding obligation relating to a Stock Award by any of the following means (in addition to the Company's right to withhold from any compensation paid to the Participant by the Company) or by a combination of such means: (i) causing the Participant to tender a cash payment; (ii) withholding shares of Common Stock from the shares of Common Stock issued or otherwise issuable to the Participant in connection with the Stock Award; *provided, however,* that no shares of Common Stock are withheld with a value exceeding the minimum amount of tax required to be withheld by law (or such lower amount as may be necessary to avoid classification of the Stock Award as a liability for financial accounting purposes); (iii) withholding payment from any amounts otherwise payable to the Participant; or (iv) by such other method as may be set forth in the Stock Award Agreement.

(h) **Electronic Delivery.** Any reference herein to a "written" agreement or document shall include any agreement or document delivered electronically, filed publicly with at [www.sec.gov](http://www.sec.gov) (or any successor website thereto) or posted on the Company's intranet.

(i) **Deferrals.** To the extent permitted by applicable law, the Board, in its sole discretion, may determine that the delivery of Common Stock or the payment of cash, upon the exercise, vesting or settlement of all or a portion of any Award may be deferred and may establish programs and procedures for deferral elections to be made by Participants. Deferrals by Participants will be made in accordance with Section 409A of the Code. Consistent with Section 409A of the Code, the Board may provide for distributions while a Participant is still an employee or otherwise providing services to the Company. The Board is authorized to make deferrals of Awards and determine when, and in what annual percentages, Participants may receive payments, including lump sum payments, following the Participant's termination of Continuous Service, and implement such other terms and conditions consistent with the provisions of the Plan and in accordance with applicable law.

(j) **Compliance with Section 409A.** To the extent that the Board determines that any Award granted hereunder is subject to Section 409A of the Code, the agreement evidencing such Award shall incorporate the terms and conditions necessary to avoid the consequences specified in Section 409A(a)(1) of the Code. To the extent applicable, the Plan and Award agreements shall be interpreted in accordance with Section 409A of the Code. Notwithstanding anything to the contrary in this Plan (and unless the Award agreement specifically provides otherwise), if the shares of the Company's Common Stock are publicly traded and a Participant holding an Award that constitutes "deferred compensation" under Section 409A of the Code is a "specified employee" for purposes of Section 409A of the Code, then to the extent necessary to avoid adverse tax consequences to the Participant under Section 409A of the Code, no distribution or payment of any amount under such Award shall be made as a result of a termination of such Participant's service before a date that is six (6) months following the date of such Participant's "separation from service" (as defined in Section 409A of the Code without regard to alternative definitions thereunder) or, if earlier, the date of the Participant's death.

(k) **Non-Exempt Employees.** No Stock Award granted to an Employee who is a non-exempt employee for purposes of the Fair Labor Standards Act of 1938, as amended, shall be first exercisable for any shares of Common Stock until at least six (6) months following the date of grant. Notwithstanding the foregoing, consistent with the provisions of the Worker Economic Opportunity Act, (i) in the event of the Participant's death or Disability, (ii) upon a Corporate Transaction in which such Stock Award is not assumed, continued, or substituted, (iii) upon a Change in Control, or (iv) upon the Participant's retirement (as such term may be defined in the Participant's Stock Award agreement or in another applicable agreement or in accordance with the Company's then current employment policies and guidelines), any vested Stock Awards may be exercised earlier than six (6) months following the date of grant. The foregoing provision is intended to operate so that any income derived by a non-exempt employee in connection with the exercise or vesting of a Stock Award will be exempt from his or her regular rate of pay.

(l) **No Obligation to Notify or Minimize Taxes.** The Company shall have no duty or obligation to any Participant to advise such holder as to the time or manner of exercising such Stock Award. Furthermore, the Company shall have no duty or obligation to warn or otherwise advise such holder of a pending termination or expiration of a Stock Award or a possible period in which the Stock Award may not be exercised. The Company has no duty or obligation to minimize the tax consequences of a Stock Award to the holder of such Stock Award.

(m) **Corporate Action Constituting Grant of Stock Awards.** Corporate action constituting a grant by the Company of a Stock Award to any Participant shall be deemed completed as of the date of such corporate action, unless otherwise determined by the Board, regardless of when the instrument, certificate, or letter evidencing the Stock Award is communicated to, or actually received or accepted by, the Participant.

## 9. ADJUSTMENTS UPON CHANGES IN COMMON STOCK; CORPORATE TRANSACTIONS.

(a) **Capitalization Adjustments.** If any change is made in, or other events occur with respect to, the Common Stock subject to the Plan or subject to any Stock Award after the effective date of the Plan set forth in Section 12 without the receipt of consideration by the Company (through merger, consolidation, reorganization, recapitalization, reincorporation, stock dividend, dividend in property other than cash, stock split, liquidating dividend, combination of shares, exchange of shares, change in corporate structure or other transaction not involving the receipt of consideration by the Company (each a “**Capitalization Adjustment**”)), the Board shall appropriately adjust: (i) the class(es) and maximum number of securities subject to the Plan pursuant to Section 4(a), (ii) the class(es) and maximum number of securities that may be issued pursuant to the exercise of Incentive Stock Options pursuant to Section 4(c), (iii) the class(es) and maximum number of securities that may be awarded to any person pursuant to Sections 5(c) and 7(d)(i), and (iv) the class(es) and number of securities and price per share of stock subject to outstanding Stock Awards. The Board shall make such adjustments, and its determination shall be final, binding and conclusive. (Notwithstanding the foregoing, the conversion of any convertible securities of the Company shall not be treated as a transaction “without receipt of consideration” by the Company.)

(b) **Dissolution or Liquidation.** In the event of a dissolution or liquidation of the Company, all outstanding Stock Awards (other than Stock Awards consisting of vested and outstanding shares of Common Stock not subject to a forfeiture condition or the Company’s right of repurchase) shall terminate immediately prior to the completion of such dissolution or liquidation, and the shares of Common Stock subject to the Company’s repurchase option or subject to the forfeiture condition may be repurchased or reacquired by the Company notwithstanding the fact that the holder of such Stock Award is providing Continuous Service, *provided, however*, that the Board may, in its sole discretion, cause some or all Stock Awards to become fully vested, exercisable and/or no longer subject to repurchase or forfeiture (to the extent such Stock Awards have not previously expired or terminated) before the dissolution or liquidation is completed but contingent on its completion.

(c) **Corporate Transaction.** The following provisions shall apply to Stock Awards in the event of a Corporate Transaction unless otherwise provided in a written agreement between the Company or any Affiliate and the holder of the Stock Award:

(i) **Stock Awards May Be Assumed.** In the event of a Corporate Transaction, any surviving corporation or acquiring corporation (or the surviving or acquiring corporation’s parent company) may assume or continue any or all Stock Awards outstanding under the Plan or may substitute similar stock awards for Stock Awards outstanding under the Plan (including, but not limited to, awards to acquire the same consideration paid to the stockholders of the Company pursuant to the Corporate Transaction), and any reacquisition or repurchase rights held by the Company in respect of Common Stock issued pursuant to Stock Awards may be assigned by the Company to the successor of the Company (or the successor’s parent company, if any), in connection with such Corporate Transaction. A surviving corporation or acquiring corporation may choose to assume or continue only a portion of a Stock Award or substitute a similar stock award for only a portion of a Stock Award. The terms of any assumption, continuation or substitution shall be set by the Board in accordance with the provisions of Section 3(b).

(ii) **Stock Awards Held by Current Participants.** In the event of a Corporate Transaction in which the surviving corporation or acquiring corporation (or its parent company) does not assume or continue any or all outstanding Stock Awards or substitute similar stock awards for such outstanding Stock Awards, then with respect to Stock Awards that have not been assumed, continued or substituted and that are held by Participants whose Continuous Service has not terminated prior to the effective time of the Corporate Transaction (referred to as the “**Current Participants**”), the vesting of such Stock Awards (and, if applicable, the time at which such Stock

Awards may be exercised) shall (contingent upon the effectiveness of the Corporate Transaction) be accelerated in full to a date prior to the effective time of such Corporate Transaction as the Board shall determine (or, if the Board shall not determine such a date, to the date that is five (5) days prior to the effective time of the Corporate Transaction), and such Stock Awards shall terminate if not exercised (if applicable) at or prior to the effective time of the Corporate Transaction, and any reacquisition or repurchase rights held by the Company with respect to such Stock Awards shall lapse (contingent upon the effectiveness of the Corporate Transaction). No vested Restricted Stock Unit Award shall terminate pursuant to this Section 9(c)(ii) without being settled by delivery of shares of Common Stock, their cash equivalent, any combination thereof, or in any other form of consideration, as determined by the Board, prior to the effective time of the Corporate Transaction.

(iii) **Stock Awards Held by Former Participants.** In the event of a Corporate Transaction in which the surviving corporation or acquiring corporation (or its parent company) does not assume or continue any or all outstanding Stock Awards or substitute similar stock awards for such outstanding Stock Awards, then with respect to Stock Awards that have not been assumed, continued or substituted and that are held by persons other than Current Participants, the vesting of such Stock Awards (and, if applicable, the time at which such Stock Award may be exercised) shall not be accelerated and such Stock Awards (other than a Stock Award consisting of vested and outstanding shares of Common Stock not subject to the Company's right of repurchase) shall terminate if not exercised (if applicable) prior to the effective time of the Corporate Transaction; *provided, however,* that any reacquisition or repurchase rights held by the Company with respect to such Stock Awards shall not terminate and may continue to be exercised notwithstanding the Corporate Transaction. No vested Restricted Stock Unit Award shall terminate pursuant to this Section 9(c)(iii) without being settled by delivery of shares of Common Stock, their cash equivalent, any combination thereof, or in any other form of consideration, as determined by the Board, prior to the effective time of the Corporate Transaction.

(iv) **Payment for Stock Awards in Lieu of Exercise.** Notwithstanding the foregoing, in the event a Stock Award will terminate if not exercised prior to the effective time of a Corporate Transaction, the Board may provide, in its sole discretion, that the holder of such Stock Award may not exercise such Stock Award but will receive a payment, in such form as may be determined by the Board, equal in value to the excess, if any, of (i) the value of the property the holder of the Stock Award would have received upon the exercise of the Stock Award, over (ii) any exercise price payable by such holder in connection with such exercise.

(d) **Change in Control.** A Stock Award may be subject to additional acceleration of vesting and exercisability upon or after a Change in Control as may be provided in the Stock Award Agreement for such Stock Award or as may be provided in any other written agreement between the Company or any Affiliate and the Participant. A Stock Award may vest as to all or any portion of the shares subject to the Stock Award (i) immediately upon the occurrence of a Change in Control, whether or not such Stock Award is assumed, continued, or substituted by a surviving or acquiring entity in the Change in Control, or (ii) in the event a Participant's Continuous Service is terminated, actually or constructively, within a designated period following the occurrence of a Change in Control. In the absence of such provisions, no such acceleration shall occur.

## **10. AMENDMENT OF THE PLAN AND STOCK AWARDS.**

(a) **Amendment of Plan.** Subject to the limitations of applicable law, the Board at any time, and from time to time, may amend the Plan. However, stockholder approval shall be required for any amendment of the Plan that either (i) materially increases the number of shares of Common Stock available for issuance under the Plan, (ii) materially expands the class of individuals eligible to receive Awards under the Plan, (iii) materially increases the benefits accruing to Participants under the Plan or

materially reduces the price at which shares of Common Stock may be issued or purchased under the Plan, (iv) materially extends the term of the Plan, or (v) expands the types of Awards available for issuance under the Plan, but only to the extent required by applicable law or listing requirements.

(b) **Stockholder Approval.** The Board, in its sole discretion, may submit any other amendment to the Plan for stockholder approval, including, but not limited to, amendments to the Plan intended to satisfy the requirements of Section 162(m) of the Code and the regulations thereunder regarding the exclusion of performance-based compensation from the limit on corporate deductibility of compensation paid to Covered Employees.

(c) **Contemplated Amendments.** It is expressly contemplated that the Board may amend the Plan in any respect the Board deems necessary or advisable to provide eligible Employees with the maximum benefits provided or to be provided under the provisions of the Code and the regulations promulgated thereunder relating to Incentive Stock Options and/or to bring the Plan and/or Incentive Stock Options granted under it into compliance therewith.

(d) **Amendment of Awards.** The Board, at any time and from time to time, may amend the terms of any one or more Awards (either directly or by amending the Plan), including, but not limited to, amendments to provide terms more favorable than previously provided in the Stock Award Agreement or the written terms of a Performance Cash Award, subject to any specified limits in the Plan that are not subject to Board discretion; provided, however, that the rights under any Award outstanding at the time of such amendment shall not be impaired by any such amendment unless (i) the Company requests the consent of the affected Participant, and (ii) such Participant consents in writing.

## **11. TERMINATION OR SUSPENSION OF THE PLAN.**

(a) **Plan Term.** The Board may suspend or terminate the Plan at any time. Unless sooner terminated, the Plan shall terminate on the day before the tenth (10th) anniversary of the earlier of (i) the date the Plan is adopted by the Board, or (ii) the date the Plan is approved by the stockholders of the Company. No Awards may be granted under the Plan while the Plan is suspended or after it is terminated.

(b) **No Impairment of Rights.** Suspension or termination of the Plan shall not impair rights and obligations under any Award granted while the Plan is in effect except with the written consent of the affected Participant.

## **12. EFFECTIVE DATE OF PLAN.**

The Plan shall become effective upon approval by the stockholders at the 2006 Annual Meeting as of the Effective Date.

## **13. CHOICE OF LAW.**

The law of the State of Delaware shall govern all questions concerning the construction, validity and interpretation of this Plan, without regard to that state's conflict of laws rules.
