Proxy Statement for the 2015 Annual Meeting of Stockholders to Be Held April 2, 2015

We are providing these proxy materials to you in connection with Synopsys’ 2015 Annual Meeting of Stockholders to be held on Thursday, April 2, 2015 at 8:00 a.m. Pacific Time at our office located at 1030 West Maude Avenue, Sunnyvale, California 94085 (referred to in this Proxy Statement as the Annual Meeting).

This Proxy Statement contains important information for you to consider when deciding how to vote on the matters brought before the Annual Meeting. Please read it carefully.

About the Annual Meeting

Why did I receive a notice about Synopsys, Inc.’s proxy materials?

Since you owned common stock of Synopsys, Inc. at the close of business on February 4, 2015, the Record Date, you are considered a stockholder. Our Board of Directors is soliciting proxies for the Annual Meeting. Accordingly, we are providing you with access to our proxy materials in order to solicit your vote at the Annual Meeting.

The Notice of Internet Availability of Proxy Materials, this Proxy Statement, the accompanying proxy card or voting instruction form and our 2014 Annual Report on Form 10-K were distributed and made available on or about February 17, 2015.

Why did I receive a two-page notice instead of the proxy materials themselves, and how can I get the materials?

We are pleased to continue to take advantage of the Securities and Exchange Commission rule that allows companies to furnish proxy materials to their stockholders over the Internet. As a result, we are mailing to most of our stockholders a two-page Notice of Availability of Proxy Materials instead of a printed copy of all of the proxy materials.

The Notice of Availability of Proxy Materials you received provides instructions on how to access our proxy materials and submit your vote on the Internet and also instructs you on how to request a printed copy of our proxy materials. We believe this process of sending a two-page notice reduces the environmental impact of printing and distributing hard copy materials and lowers our costs.

Why did I receive a full set of proxy materials in the mail instead of a two-page notice?

If you previously requested printed copies of the proxy materials, we have provided you with printed copies of the proxy materials instead of a two-page Notice of Availability of Proxy Materials. If you would like to reduce the environmental impact and the costs incurred by us in mailing proxy materials, you may elect to receive all future proxy materials electronically via email or the Internet.

To sign up for electronic delivery, please follow the instructions to vote using the Internet provided with your proxy materials and on your proxy card or voting instruction form, and, when prompted, indicate that you agree to receive or access stockholder communications electronically in the future.
What proposals will be presented at the Annual Meeting and what are the voting recommendations of the Board of Directors?

The proposals that will be presented at the Annual Meeting and our Board’s voting recommendations are set forth in the table below:

We will also consider any other business that properly comes before the Annual Meeting. As of the Record Date, we are not aware of any other matters to be submitted for consideration at the Annual Meeting. If any other matters are properly brought before the meeting, the persons named in the enclosed proxy card or voting instruction form will vote the shares they represent using their best judgment.

When and where will the Annual Meeting be held?

The Annual Meeting will be held on April 2, 2015, at 8:00 a.m. Pacific Time at our office located at 1030 West Maude Avenue, Sunnyvale, California 94085. A map and directions are provided on the back of this Proxy Statement.

How can I attend the Annual Meeting?

You will be admitted to the Annual Meeting if you were a Synopsys stockholder or joint holder as of the close of business on February 4, 2015, or you have authority to vote under a valid proxy for the Annual Meeting.

You should be prepared to present photo identification for admittance. In addition, if you are a stockholder of record, your name will be verified against the list of stockholders of record prior to admittance to the Annual Meeting. If you are a beneficial owner, you should provide proof of beneficial ownership on the Record Date, such as an account statement covering February 4, 2015, a copy of the voting instruction form provided by your broker, trustee, or nominee, or other similar evidence of ownership. If you are a stockholder who is a natural person and not an entity, you and your immediate family members will be admitted to the Annual Meeting, provided you and they comply with the above procedures.

Who can vote?

If you are a stockholder of record or a beneficial owner who owned our common stock at the close of business on the Record Date of February 4, 2015, you are entitled to attend and vote at the Annual Meeting. For further details on how to vote, please see the questions below.

As of the Record Date, 153,469,099 shares of our common stock were outstanding and entitled to vote. You are entitled to one vote for each share of common stock you held on the Record Date. The names of stockholders of record entitled to vote at the Annual Meeting will be available to stockholders entitled to vote for ten days prior to the Annual Meeting for any purpose relevant to the Annual Meeting. This list can be viewed between the hours of 9:00 a.m. and 5:00 p.m. at our principal executive offices at 690 East Middlefield Road, Mountain View, California 94043.

Whether or not you plan to attend the Annual Meeting, we urge you to submit your proxy.
What is the difference between a stockholder of record and a beneficial owner?

**Stockholder of Record:** If on the Record Date your shares were registered directly in your name with our transfer agent, Computershare Investor Services, then you are a stockholder of record.

**Beneficial Owner:** If on the Record Date your shares were held through a broker, bank, or other agent and not in your name, then you are the beneficial owner of our common stock. If you are a beneficial owner, your shares are held in street name, as is the case for most of our stockholders.

How can I vote if I am a stockholder of record?

There are four ways to vote:

- **In person.** If you are a stockholder of record, you may vote in person at the Annual Meeting. We will provide a ballot to you when you arrive.

- **Via the Internet.** You may vote by proxy via the Internet by following the instructions provided in the proxy card or Notice of Availability of Proxy Materials.

- **By Telephone.** If you received printed copies of the proxy materials, you may vote by proxy by calling the toll free number found on the proxy card. If you only received a Notice of Availability of Proxy Materials and wish to vote by proxy over the telephone, you may do so by first requesting printed copies of the proxy materials by mail by following the instructions in the Notice of Availability of Proxy Materials and then calling the toll free number found on the proxy card.

- **By Mail.** If you received printed copies of the proxy materials, you may vote by proxy by filling out the proxy card and sending it back in the envelope provided. If you only received a Notice of Availability of Proxy Materials and wish to vote by proxy via mail, you may do so by first requesting printed copies of the proxy materials by mail by following the instructions in the Notice of Availability of Proxy Materials and then filling out the proxy card and sending it back in the envelope provided.

Whether or not you plan to attend the meeting, we urge you to vote by proxy.

How can I vote if I am the beneficial owner?

There are four ways to vote:

- **In person.** If you are a beneficial owner and you wish to vote in person at the Annual Meeting, you must obtain a legal proxy from the organization that holds your shares. Please contact that organization for instructions regarding obtaining a legal proxy.

- **Via the Internet.** You may vote by proxy via the Internet by following the instructions provided in the voting instruction form or Notice of Availability of Proxy Materials.

- **By Telephone.** If you received printed copies of the proxy materials, you may vote by proxy by calling the toll free number found on the voting instruction form. If you only received a Notice of Availability of Proxy Materials and wish to vote by proxy over the telephone, you may do so by first requesting printed copies of the proxy materials by mail by following the instructions in the Notice of Availability of Proxy Materials and then calling the toll free number found on the voting instruction form.

- **By Mail.** If you received printed copies of the proxy materials, you may vote by proxy by filling out the voting instruction form and sending it back in the envelope provided. If you only received a Notice of Availability of Proxy Materials and wish to vote by proxy via mail, you may do so by first requesting printed copies of the proxy materials by mail by following the instructions in the Notice of Availability of Proxy Materials and then filling out the voting instruction form and sending it back in the envelope provided.
As a beneficial owner, you are also invited to attend the Annual Meeting. However, since you are not a stockholder of record, you may not vote your shares in person at the Annual Meeting unless you request and obtain a legal proxy from the organization that holds your shares.

**What votes can I cast for the proposals?**

With respect to Proposal 1, you may either vote “For” all the nominees to our Board of Directors or you may “Withhold” your vote for any nominee you specify. With respect to Proposals 2, 3, and 4 you may vote “For” or “Against,” or “Abstain” from voting. An abstention will not be counted as either a vote cast “For” or “Against” Proposals 2, 3, and 4.

**What if I don’t give specific voting instructions?**

If you indicate a choice on your proxy on a particular matter to be acted upon, the shares will be voted as indicated. If you are a stockholder of record and you return a signed proxy card but do not indicate how you wish to vote, the proxy holders will vote your shares in the manner recommended by our Board of Directors on all matters presented in this proxy statement and as the proxy holders may determine in their discretion with respect to any other matters properly presented for a vote at the Annual Meeting. If you do not return the proxy card, your shares will not be voted and will not be deemed present for the purpose of determining whether a quorum exists.

If you are a beneficial owner and the organization holding your account does not receive instructions from you as to how to vote those shares, under the rules of various national and regional securities exchanges, that organization may exercise discretionary authority to vote on routine proposals but may not vote on non-routine proposals. As a beneficial owner, you will not be deemed to have voted on such non-routine proposals. The shares that cannot be voted by brokers on non-routine matters are called broker non-votes. Broker non-votes will be deemed present at the Annual Meeting for purposes of determining whether a quorum exists for the Annual Meeting. Broker non-votes will make a quorum more readily obtainable but will not otherwise affect the outcome of the vote of any proposal.

**Which proposals in this Proxy Statement are considered “routine” or “non-routine”?**

The ratification of the appointment of KPMG LLP as our independent registered public accounting firm for fiscal 2015 (Proposal 4) is a matter considered routine under applicable rules. A broker or other nominee may generally vote on routine matters, and therefore no broker non-votes are expected to exist in connection with Proposal 4.

The election of directors (Proposal 1), the proposal to approve our 2006 Employee Equity Incentive Plan, as amended (Proposal 2), and the advisory vote to approve executive compensation (Proposal 3) are matters considered non-routine under applicable rules. A broker or other nominee cannot vote without instructions on non-routine matters, and therefore there may be broker non-votes on Proposals 1, 2, and 3.

**What if I change my mind and want to revoke my proxy?**

If you are a stockholder of record, you may revoke your proxy at any time before the Annual Meeting by delivering a written notice of revocation or a duly executed proxy card bearing a later date to our principal executive offices at 690 East Middlefield Road, Mountain View, California 94043, attention Corporate Secretary. Such notice or later dated proxy must be received by us prior to the Annual Meeting. You may also revoke your proxy by attending the Annual Meeting and voting in person.

If you are a beneficial owner, please contact your broker, bank or other agent for instructions on how to revoke your proxy.

**What is a quorum?**

We need a quorum of stockholders to hold our Annual Meeting. A quorum exists when at least a majority of the outstanding shares entitled to vote as of the Record Date are represented at the Annual Meeting either in person or by proxy. Your shares will be counted towards the quorum only if
a valid proxy or vote is submitted. Stockholders who vote “Abstain” on any proposal and
discretionary votes by brokers, banks and related agents on routine proposals will be counted
towards the quorum requirement.

Who is paying for this solicitation?

Synopsys will bear the cost of soliciting proxies. We have retained D.F. King & Co., Inc. to assist us in soliciting proxies, for which we will pay D.F. King & Co., Inc. a fee of approximately $11,500 plus out-of-pocket expenses. We will also reimburse brokerage firms and other persons representing beneficial owners of shares for their reasonable expenses in forwarding solicitation material to such beneficial owners. We will furnish copies of solicitation material to such brokerage firms and other representatives. Proxies may also be solicited personally or by telephone, facsimile or email by our directors, officers and employees without additional compensation.

I received notice that communications to my address are being householded.
What does that mean?

The Securities and Exchange Commission has adopted rules that permit companies and intermediaries (for example, brokers) to satisfy the delivery requirements for proxy statements and annual reports with respect to two or more stockholders sharing the same address by delivering a single proxy statement or Notice of Availability of Proxy Materials addressed to those stockholders. A number of brokers with account holders who are our stockholders “household” our proxy materials in this manner.

If you have received notice from your broker that it will be householding communications to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate proxy statement, 2014 Annual Report on Form 10-K or Notice of Availability of Proxy Materials, please notify your broker and our investor relations department in writing at 690 East Middlefield Road, Mountain View, California 94043, by email at invest-info@synopsys.com or by telephone at (650) 584-4257. If you currently receive multiple copies of the Notice of Availability of Proxy Materials or proxy statement at your address and would like to request householding of your communications, please contact your broker, bank or other agent.

I also have access to Synopsys, Inc.’s 2014 Annual Report on Form 10-K. Is that a part of the proxy materials?

Our Annual Report on Form 10-K for the fiscal year ended November 1, 2014, as filed with the Securities and Exchange Commission on December 15, 2014, accompanies this Proxy Statement. These documents constitute our Annual Report to Stockholders and are being made available to all stockholders entitled to receive notice of and to vote at the Annual Meeting. Except as otherwise stated, the 2014 Annual Report on Form 10-K is not incorporated into this Proxy Statement and should not be considered proxy solicitation material.

Where can I find the voting results of the meeting?

The preliminary voting results will be announced at the Annual Meeting. The final results will be published in a Current Report on Form 8-K, which we will file with the Securities and Exchange Commission by April 8, 2015.

How can I make a proposal to be voted on at next year’s annual meeting of stockholders?

To be considered for inclusion in the proxy materials for next year’s annual meeting of stockholders, your proposal must be submitted in writing by October 20, 2015 to Corporate Secretary, Synopsys, Inc., 690 East Middlefield Road, Mountain View, California 94043, and must comply with all applicable requirements of Rule 14a-8 promulgated under the Securities Exchange Act of 1934, as amended (referred to in this Proxy Statement as the Exchange Act). If you wish to submit a
proposal that is not to be included in next year’s proxy materials, but that may be considered at the annual meeting of stockholders to be held in 2016, you must do so in writing following the above instructions not earlier than the close of business on September 18, 2015 and not later than the close of business on October 20, 2015. We advise you to review our Bylaws, which contain additional requirements about advance notice of stockholder proposals and director nominations, including the different notice submission date requirements in the event our annual meeting for 2016 is held more than 30 days before or after April 2, 2016. The section titled “Director Nominations” on page 19 of this Proxy Statement provides additional information on the director nomination process.
Proposal 1 – Election of Directors

We are asking our stockholders to vote for the election of our directors at the Annual Meeting. Each of our directors stands for election on an annual basis. We do not have a classified or staggered Board of Directors. The Corporate Governance and Nominating Committee of our Board of Directors (referred to in this Proxy Statement as the Governance Committee), consisting solely of independent directors as determined by the Board under applicable NASDAQ listing standards, recommended each of our ten current directors for nomination by our full Board. Based on that recommendation, our Board has nominated those directors for election at the Annual Meeting.

Provided that there is a quorum at the Annual Meeting, the ten nominees receiving the highest number of “For” votes of the shares present in person or represented and entitled to vote at the Annual Meeting will be elected as directors. In the event a nominee is unable or declines to serve as a director, the proxies will be voted at the Annual Meeting for any nominee who may be designated by our Board to fill the vacancy. As of the date of this Proxy Statement, our Board is not aware of any nominee who is unable or will decline to serve as a director. Each director to be elected at the Annual Meeting will serve until our next annual meeting of stockholders and until his or her successor is elected and qualified or, if earlier, the director’s death, resignation or removal.

You may either vote “For” all the nominees or you may “Withhold” your vote for any nominee you specify. Unless marked otherwise, proxies returned to us will be voted for each of the nominees named below. If you hold your shares through a bank, a broker or other holder of record, you must instruct your bank, broker or other holder of record to vote so that your vote can be counted for this Proposal 1.

Proposal 1 is an uncontested election. In addition to the voting requirements under Delaware law described above, our Corporate Governance Guidelines provide that in an uncontested election, any nominee for director who receives a greater number of votes “Withheld” from his or her election than votes “For” such election will, promptly following certification of the stockholder vote, submit to our Board a letter of resignation for consideration by the Governance Committee. Our Board, after taking into consideration the recommendation of the Governance Committee, will determine whether to accept the director’s resignation. Synopsys will publicly disclose the decision reached by our Board and the reasons for such decision.

Our Board of Directors Recommends that You Vote FOR All Nominees

Nominees

Information regarding the nominees, including information they have furnished as to their principal occupations, certain other directorships they hold, or have held, and their ages as of the Record Date, February 4, 2015, is set forth below. The section titled “Director Nominations” on page 19 of this Proxy Statement provides additional information on the director nomination process. The nominee descriptions below and the section titled “Director Qualifications” on page 18 of this Proxy Statement contain information about the skills and other qualifications that led the Governance Committee to determine that these nominees should serve as our directors.

Other than Dr. de Geus and Dr. Chan, all nominees are independent as determined by the Board under the applicable listing standards of the NASDAQ Global Select Market. There are no family relationships among any of the director nominees, directors and/or any of Synopsys’ executive officers.

Corporate Governance

Corporate Governance Guidelines
Our Board of Directors is committed to sound and effective corporate governance practices. Accordingly, our Board has adopted Corporate Governance Guidelines, which are intended to describe the governance principles and procedures by which the Board functions. Our Board regularly reviews and evaluates these guidelines. Among other matters, the Corporate Governance Guidelines cover board composition, board membership criteria, director responsibilities, board committees, evaluation of our Co-Chief Executive Officers, board self-assessment and succession planning. The Corporate Governance Guidelines are available on our website at:
http://www.synopsys.com/Company/AboutSynopsys/CorporateGovernance/Pages/GovGuidelines.aspx
Copies of the Corporate Governance Guidelines are also available in print upon written request to Investor Relations, Synopsys, Inc., 690 East Middlefield Road, Mountain View, California 94043.

Code of Ethics and Business Conduct
Our Board of Directors is committed to ethical business practices and, therefore, we have adopted a Code of Ethics and Business Conduct applicable to all of our Board members, employees and executive officers, including our Co-Chief Executive Officers (Co-Principal Executive Officers), Chief Financial Officer (Principal Financial Officer) and Vice President, Corporate Controller (Principal Accounting Officer). The Code of Ethics and Business Conduct is available on our website at:
Synopsys intends to satisfy the public disclosure requirements regarding (1) any amendments to the Code of Ethics and Business Conduct, or (2) any waivers under the Code of Ethics and Business Conduct given to Synopsys’ Principal Executive Officer, Principal Financial Officer and Principal Accounting Officer by posting such information on its website at:
http://www.synopsys.com/Company/AboutSynopsys/CorporateGovernance/Pages/Ethics.aspx

Board Leadership Structure
Our Board of Directors believes it is important to have flexibility in selecting our Chairman and board leadership structure. Accordingly, our Corporate Governance Guidelines allow for the positions of Chairman and Chief Executive Officer to be held by the same person. The Board of Directors believes that it is currently in the best interest of Synopsys and its stockholders for Dr. de Geus to serve in both roles. Dr. de Geus co-founded Synopsys and has extensive knowledge of Synopsys, its industry and its culture. He has successfully guided Synopsys through both strong and challenging periods, and his ability to speak as Chairman and Co-CEO provides strong, consistent leadership for Synopsys.

Our guidelines also provide for the appointment of a Lead Independent Director in the event that the positions of Chairman and CEO are held by the same person, and Mr. Walske has served in that role since 2004. The responsibilities of our Lead Independent Director include:

- Establishing the agenda for regular Board meetings with the Chairman;
- Serving as chairperson of regular Board meetings when the Chairman is unavailable;
- Presiding over executive sessions;
- Providing feedback from executive sessions to management;
- Serving as liaison between the Co-CEOs and the independent directors; and
- Encouraging dialogue between the independent directors and management.

Our Board believes the role of Lead Independent Director provides an appropriate balance in Synopsys’ leadership to the combined role of Chairman and CEO, and that the responsibilities given to the Lead Independent Director help ensure a strong, independent and active Board.
Director Independence

Our Corporate Governance Guidelines require that a majority of our Board qualifies as independent directors in accordance with applicable federal securities laws and the listing standards of the NASDAQ Global Select Market. Currently, each member of our Board, other than our Co-Chief Executive Officer and Chairman of the Board, Aart de Geus, and Co-Chief Executive Officer and President, Chi-Foon Chan, is an independent director. All standing committees of the Board are composed entirely of independent directors, in each case under NASDAQ’s independence definition. The NASDAQ definition includes a series of objective tests to determine independence, including that the director not be an employee of the company and not have engaged in various types of business dealings with the company. In addition, the Board has made a subjective determination as to each independent director that no relationship exists which, in the opinion of the Board, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director.

In making these determinations, the Board reviewed and discussed information provided by the directors and Synopsys with regard to each director’s business and other activities as they may relate to Synopsys and our management. This information included commercial transactions that we entered into, or proposed entering into, in fiscal 2014 with International Game Technology; Oracle Corporation; SanDisk Corporation; Teradata Corporation; Teradyne, Inc.; Visier, Inc.; and Xerox Corporation. Our non-employee directors or their immediate family members have relationships with these companies. We consider each of these transactions to be at arms’ length and in the ordinary course of business. We do not consider any of these transactions to be related-person transactions requiring disclosure under the rules of the Securities and Exchange Commission.

Based on this review and consistent with our independence criteria, the Board has affirmatively determined that the following directors, all of whom are standing for election to our Board, are independent: Alfred Castino, Janice D. Chaffin, Bruce R. Chizen, Deborah A. Coleman, Chrysostomos L. “Max” Nikias, John Schwarz, Roy Vallee and Steven Walske.

Board Meetings and Committees

Our Board of Directors held six meetings during fiscal 2014. During the year, our Board maintained an Audit Committee, a Compensation Committee and a Corporate Governance and Nominating Committee (referred to in this Proxy Statement as the Governance Committee). All such committees have written charters which are available on our website at:

http://www.synopsys.com/Company/AboutSynopsys/CorporateGovernance/Pages/BoardCommittees.aspx

Share Ownership Guidelines

In order to better align the interests of our Board members and management with the interests of our stockholders, our Board of Directors first adopted share ownership guidelines in fiscal 2003. Under the current guidelines, non-employee directors are expected to achieve a share ownership level with a value equal to three times the amount of each non-employee director’s annual cash retainer (excluding compensation for committee service) or 15,000 shares, within three years of initial election as a director, and maintain such ownership level, as measured each year on the date of the annual meeting of stockholders, so long as they serve in the position of director.

These guidelines recommend that covered members of management achieve share ownership levels within four years of appointment and maintain such ownership level so long as they serve in such positions as follows: Co-Chief Executive Officer—50,000 shares; Chief Financial Officer—10,000 shares; General Counsel—10,000 shares; all Executive Vice Presidents and Senior Vice Presidents who are members of our “Corporate Staff”—10,000 shares; all other Vice Presidents who are members of our Corporate Staff—7,500 shares; and Chief Accounting Officer—2,500 shares.

Each covered person is expected to meet the applicable guidelines within four years of becoming a covered person. The guidelines do not require any covered person to exercise stock options or to purchase shares of our common stock on the open market solely to meet these guidelines. However, when stock options are exercised, when restricted stock or restricted stock units vest, or when shares are purchased under our Employee Stock Purchase Plan, the guidelines recommend that the covered person retain a number of shares of common stock equal to the lesser of 25% of the net value of shares of common stock acquired or vested (after deducting the exercise price, if any, and taxes at an assumed tax rate), or a number of shares necessary to reach such person’s applicable common share ownership guideline amount.

As of February 4, 2015, each non-employee director either held the requisite number of shares or had not yet served for three years since initial election, and accordingly was compliant with the share
ownership guidelines. Similarly, as of February 4, 2015, each of our named executive officers, excluding Mr. Cabrera who resigned from Synopsys as of January 31, 2014, either held the requisite number of shares or had not yet served for four years since his appointment, and accordingly was compliant.

**Political Contributions**

In accordance with our Political Activities Policy, Synopsys does not contribute to political parties or candidates, nor do we attempt to influence the outcome of elections through political action committees. We may contribute periodically to local ballot initiatives in California that are consistent with our quality of life goals. We also engage with trade and industry associations in the United States and abroad, which may undertake advocacy on behalf of members. Our Political Activities Policy is available on our website at:

http://www.synopsys.com/Company/AboutSynopsys/CorporateGovernance/Pages/political-activities-policy.aspx

**Stockholder Communications with our Board of Directors**

Stockholders who wish to communicate with our Board of Directors or one or more individual members of our Board may do so by sending written communications addressed to: Corporate Secretary, Synopsys, Inc., 690 East Middlefield Road, Mountain View, California 94043. All stockholder communications we receive that are addressed to our Board of Directors will be compiled by our Corporate Secretary and forwarded to the specified director(s), if any. If the correspondence is not addressed to a particular director, such correspondence will be forwarded, depending on the subject matter, to the Chairperson of the Audit Committee, Compensation Committee, or Governance Committee.

**Board Attendance at Stockholders’ Meetings**

Synopsys encourages director attendance at our annual stockholder meetings, but does not require attendance. Attendance by phone is permitted. All directors attended the 2014 Annual Meeting of Stockholders.

**Director Qualifications**

The Governance Committee works with our Board to determine the appropriate skills and experience that we seek in Board members in light of our business environment and existing Board composition. All candidates for election or re-election are expected to (1) have sufficient experience in the EDA, semiconductor, electronics or technology industries to enable them to effectively help create and guide our business strategy, (2) be prepared to participate fully in Board activities, including preparation for, attendance at and active participation in, meetings of our Board of Directors, (3) not hold positions that would conflict with their responsibilities to us, (4) have a high degree of personal integrity and interpersonal skills, and (5) be prepared to represent the best interests of all of our stockholders and not just one particular constituency.

When evaluating a particular candidate for Board membership, the Governance Committee and our Board consider many factors, including understanding of business operations, finance, marketing and other relevant disciplines; professional and educational background; and personal achievement. They also consider diversity in their assessment of potential candidates, including diversity of professional experience, education, skills and opinions, as well as diversity of personal background. The Governance Committee and our Board also believe that it is beneficial for at least one member, and preferably multiple members, of our Board to meet the criteria for an “audit committee financial expert” as defined by the rules of the Securities and Exchange Commission. They further deem it to be appropriate for certain members of management to serve on our Board to provide our Board with an internal perspective on the operations, management and culture of our business. At the same time, the listing standards of the NASDAQ Global Select Market and our own corporate governance guidelines require that at least a majority of the members of our Board qualify as independent directors in accordance with such standards.
The Governance Committee and our Board consider these criteria regardless of whether the candidate has been recommended by a stockholder or identified by the Governance Committee. At a minimum, a director’s qualifications, in light of the above-mentioned criteria, are considered each time the director is nominated or re-nominated for Board membership.

**Director Evaluations**

On an annual basis, the Governance Committee conducts an evaluation of our Board of Directors, the functioning of the committees and each individual member of our Board.

**Director Nominations**

The Governance Committee considers candidates for Board membership suggested by our Board members and management. The Governance Committee has, on occasion, retained third-party executive search firms to identify independent director candidates. The Governance Committee will consider persons recommended by our stockholders in the same manner as a nominee recommended by Board members, management, or a third-party executive search firm. After completing the evaluation and review, the Governance Committee makes a recommendation to the full Board as to the persons who should be nominated to our Board of Directors, and our Board determines and approves the nominees after considering the recommendation and report of the Governance Committee.

Stockholders seeking to recommend a prospective nominee should follow the instructions under the heading “Stockholder Communications with our Board of Directors.” There are no recent material changes to the procedures by which stockholders may recommend nominees for our Board. Stockholder submissions must include the full name of the proposed nominee, a description of the proposed nominee’s business experience for at least the previous five years, complete biographical information, a description of the proposed nominee’s qualifications as a director and a representation that the stockholder submitting the recommendation is a beneficial or record owner of our stock. Any such submission must be accompanied by the written consent of the proposed nominee to be named as a nominee and to serve as a director if elected. Stockholders who wish to nominate a candidate for election must follow the procedures described in Article II of our Bylaws.

Each director candidate nominated for election at the Annual Meeting is an existing director seeking re-election to our Board of Directors and, other than Ms. Chaffin, was previously elected by our stockholders. The Board appointed Ms. Chaffin as a new director in December 2014, with the recommendation of the Governance Committee. One of our independent directors, Mr. Chizen, had recommended Ms. Chaffin as a candidate for consideration by the Governance Committee.
Proposal 2 – Approval of Our 2006 Employee Equity Incentive Plan, as Amended

We are asking our stockholders to approve our 2006 Employee Equity Incentive Plan, as amended (referred to in this Proxy Statement as the 2006 Employee Plan), primarily to increase the number of shares of common stock available for issuance under the 2006 Employee Plan by 3,800,000 shares, representing approximately 2.5% of our shares of common stock outstanding as of January 31, 2015.

We believe equity compensation is a critical tool for employee motivation and retention. We are proposing the share increase to enable us to continue offering effective equity compensation to our employees. To offset the effect of the share increase, we are also proposing an increase in the rate that restricted stock units and other full-value equity awards deplete our equity plan share reserve, referred to as the fungible rate, from 1.5 to 1.6.

Our Board of Directors approved the 2006 Employee Plan, as amended, in December 2014, subject to stockholder approval. If approved by our stockholders, the amended 2006 Employee Plan will become effective as of the Annual Meeting date.

Approval of the 2006 Employee Plan, as amended, requires the holders of a majority of the shares present in person or represented by proxy and entitled to vote at the Annual Meeting, and voting on this Proposal 2, to vote “For” this Proposal 2. Abstentions will not be counted as either votes cast “For” or “Against” Proposal 2.

Our Board of Directors Recommends that You Vote FOR the Approval of the 2006 Employee Plan, as Amended

Purpose and Background

The primary goal of the amendment of our 2006 Employee Plan is to provide us with a sufficient reserve of common stock to offer appropriate incentives to our employees. Like other technology companies, we actively compete for highly qualified employees, especially technical employees. Our equity program is a key component of our strategy to attract and retain key individuals, and the share requirements of our equity program have grown with our company.

Each year, the Compensation Committee of our Board of Directors and our management review our overall compensation strategy and determine the allocations of cash and equity compensation in light of our pay-for-performance philosophy. We continue to believe that equity compensation is critical in motivating key employees and that it effectively aligns employee compensation with stockholder interests. The 2006 Employee Plan is the sole available plan for granting equity compensation to our employees. If the amended 2006 Employee Plan is not approved and we are unable to grant equity compensation in the future, we may need to consider other compensation alternatives, such as increasing cash compensation.

We are committed to effectively managing our equity compensation share reserve while minimizing stockholder dilution. For this reason, we carefully manage both our gross burn rate and net burn rate. Gross burn rate reflects equity awards granted during the fiscal year divided by the number of shares outstanding. Net burn rate reflects equity awards granted during the fiscal year less equity awards cancelled and returned to the plan (net equity grants), divided by the number of shares outstanding.

We endeavor to achieve a gross burn rate that approximates the average rate for our peer group companies as well as for the software and services industry more generally, and to achieve burn rates within the limits published by independent shareholder advisory groups, such as Institutional Shareholder Services (referred to in this Proxy Statement as ISS). While there are several methodologies to arrive at burn rates, using current ISS methodology, our gross burn rates for the last three years are well within the guidelines published by ISS. Detailed information about equity awards issued in fiscal 2014 as well as other relevant information is set forth below.
We note that the cornerstone of our compensation philosophy is pay for performance, as discussed in the Compensation Discussion and Analysis beginning on page 35. In that regard, approximately 46% of the value of the target equity grants to our named executive officers in fiscal 2014 was in performance-based RSUs. With the exception of a new-hire RSU grant to Mr. Runkel, who joined Synopsys in May 2014, the balance was in stock option grants, whose value is directly linked to the appreciation of our stock price.

**Important Features of the 2006 Employee Plan**

We also note that our 2006 Employee Plan includes additional provisions that are designed to protect our stockholders’ interests and to reflect corporate governance best practices, including:

- **Stockholder approval required for additional shares.** The 2006 Employee Plan does not contain an annual "evergreen" provision that provides for automatic increases of shares on an ongoing basis. The 2006 Employee Plan instead authorizes a fixed number of shares, and stockholder approval is required for any increase in the number of shares.

- **No discounted stock options or stock appreciation rights.** The 2006 Employee Plan requires that all stock options and stock appreciation rights must have an exercise price equal to or greater than the fair market value of our common stock on the date of grant.

- **Repricing not allowed.** The 2006 Employee Plan expressly prohibits the repricing of equity awards—including the cancellation and re-grant of outstanding equity awards—without prior stockholder approval. If this Proposal 2 is approved, the 2006 Employee Plan will also expressly prohibit us from buying out stock options whose exercise price exceeds the fair market value of our common stock, often referred to as underwater options, for cash, without stockholder approval. While this is not a practice we have engaged in, we are nonetheless proposing an explicit ban of it.

- **No liberal share recycling.** In general, when awards lapse or are cancelled, the shares reserved for those awards are returned to the share reserve and become available for future awards. However, shares of common stock that are tendered to us in payment of the exercise price of an award or that are withheld to cover tax withholding obligations are not returned to our share reserve.

- **7-Year Term.** All equity awards granted under the 2006 Employee Plan have a term of no more than seven years. In 2009, we amended the 2006 Employee Plan to establish seven years as the maximum permissible term for all equity awards, thereby limiting the potential for unproductive overhang.

- **Fungible Share Reserve.** The 2006 Employee Plan has a fungible share reserve, which increases the rate at which the share reserve is depleted for restricted stock unit and restricted stock awards, in order to minimize stockholder dilution. If this Proposal 2 is approved, the rate would increase from 1.5 to 1.6 for grants of such full-value awards after April 2, 2015.

**Historical Grant Information**

No awards have been granted or promised with respect to the additional 3,800,000 shares requested. Awards under our 2006 Employee Plan are made at the discretion of our Board of Directors or the Compensation Committee and are therefore not determinable at this time. The following tables set forth detailed information about our historical equity compensation practices.

Description of the 2006 Employee Plan, as Amended
The material terms and provisions of the 2006 Employee Plan, as amended, are summarized below. This summary, however, does not purport to be a complete description of the 2006 Employee Plan. The following summary of the 2006 Employee Plan is qualified in its entirety by reference to the complete text of the 2006 Employee Plan, a copy of which is included as an appendix to this Proxy Statement. Any stockholder that wishes to obtain a paper copy of the plan document may do so by written request to: Corporate Secretary, Synopsys, Inc., 690 East Middlefield Road, Mountain View, California 94043.

As further described in this Proposal 2, the 2006 Employee Plan has been amended to provide for:
- an increase of 3,800,000 shares in the share reserve and incentive stock option limits;
- an increase in the fungible share reserve ratio from 1.5 to 1.6 for grants made after April 2, 2015;
a prohibition on the exchange for cash of stock options and stock appreciation rights whose exercise price exceeds the fair market value of our common stock, without stockholder approval; and

certain clarifying amendments to ease administration and eliminate potential ambiguities.

General
The 2006 Employee Plan was originally adopted by our Board of Directors in March 2006 and approved by stockholders in April 2006 as a successor plan to prior stock option plans for our employees. The 2006 Employee Plan provides for the grant of incentive stock options, non-statutory stock options, restricted stock awards, restricted stock units, stock appreciation rights, and other forms of equity compensation (collectively referred to in this Proxy Statement as equity awards). The 2006 Employee Plan also provides the ability to grant performance equity awards and performance cash awards (together referred to in this Proxy Statement as performance awards), which enable our Compensation Committee to use performance criteria in establishing specific targets to be attained as a condition to the vesting of awards.

Incentive stock options granted under the 2006 Employee Plan are intended to qualify as “incentive stock options” within the meaning of Section 422 of the Internal Revenue Code (referred to in this Proxy Statement as the Code). Non-statutory stock options granted under the 2006 Employee Plan are not intended to qualify as incentive stock options under the Code. See “Federal Income Tax Information” below for a discussion of the tax treatment of equity awards.

Purpose
The 2006 Employee Plan provides eligible employees and consultants with the opportunity to benefit from increases in the value of our common stock. This creates an incentive for such individuals to exert maximum efforts toward our success, thereby aligning their interests with the interests of our stockholders.

Administration
The 2006 Employee Plan provides that our Board of Directors has the authority to construe and interpret the 2006 Employee Plan and to determine the persons to whom and the dates on which equity awards will be granted, the number of shares of common stock to be subject to each equity award, the time or times during the term of each equity award within which all or a portion of the award may be exercised, the exercise, purchase, or strike price of each equity award, the type of consideration permitted to exercise or purchase each equity award, and other terms of the equity awards.

Our Board of Directors has the authority to delegate some or all of the administration of the 2006 Employee Plan to a committee or committees composed of members of our Board. In the discretion of our Board of Directors, a committee may consist solely of two or more “non-employee directors” within the meaning of Rule 16b-3 under the Exchange Act or solely of two or more “outside directors” within the meaning of Section 162(m) of the Code. The 2006 Employee Plan also permits delegation of administration of the plan to one or more executive officers with respect to grants to employees of Synopsys and its subsidiaries. Our Board of Directors has delegated to the Compensation Committee administration of the 2006 Employee Plan with respect to stock option and restricted stock unit awards to executive officers and restricted stock unit awards to our other employees. Our Board of Directors has delegated to each of our Co-Chief Executive Officers, as both officers and members of our Board of Directors, administration of the 2006 Employee Plan with respect to stock option awards to employees other than executive officers, subject to specified limitations and restrictions.

Eligibility
General. As of January 31, 2015, Synopsys had 9,322 employees, all of whom were eligible to participate under the 2006 Employee Plan. Our non-employee directors are not eligible to receive any awards under the 2006 Employee Plan.
Incentive Stock Options. Incentive stock options may be granted under the 2006 Employee Plan only to employees (including executive officers) of Synopsys and its affiliates. The aggregate maximum number of shares of common stock that may be issued pursuant to the exercise of incentive stock options will be 79,797,248 shares of common stock. No incentive stock option may be granted under the 2006 Employee Plan to any person who, at the time of the grant, owns (or is deemed to own) stock possessing more than 10% of the total combined voting power of Synopsys or its affiliates, unless the exercise price of such stock option is at least 110% of the fair market value of the stock subject to the stock option on the date of grant and the term of the stock option does not exceed five years from the date of grant. In addition, the aggregate fair market value, determined on the date of grant, of the shares of common stock with respect to which incentive stock options are exercisable for the first time by a participant during any calendar year (under the 2006 Employee Plan and any other equity plans of Synopsys and its affiliates) may not exceed $100,000 (any excess of such amount shall be treated as non-statutory stock options).

Non-Statutory Stock Options, Restricted Stock, Restricted Stock Units and Other Awards. Non-statutory stock options, restricted stock, restricted stock units and all other types of equity awards and performance awards authorized under the 2006 Employee Plan may be granted to employees (including executive officers) and consultants of Synopsys and its affiliates.

Individual Limit. No person may be granted stock options or stock appreciation rights under the 2006 Employee Plan covering more than 1,000,000 shares of common stock during any calendar year. Stockholder approval of this Proposal 2 will also constitute a re-approval of the 1,000,000-share limitation for purposes of Section 162(m) of the Code. This limitation allows us to grant stock options or stock appreciation rights under the 2006 Employee Plan that may be exempt from the $1,000,000 limitation on the income tax deductibility of compensation paid to covered executive officers under Section 162(m) of the Code.

Stock Subject to the 2006 Employee Plan
As of January 31, 2015, 10,803,903 shares of common stock were available for future grants under the 2006 Employee Plan. If this Proposal 2 is approved by our stockholders, an additional 3,800,000 shares will be available for future grants under the 2006 Employee Plan. Assuming the stockholders approve this Proposal 2, a total of 79,797,248 shares of our common stock will have been reserved for issuance under the 2006 Employee Plan.

The number of shares of common stock available for issuance under the 2006 Employee Plan is currently reduced by one share for each share of common stock issued pursuant to a stock option or a stock appreciation right and by 1.5 shares for each share of common stock issued on or after April 3, 2012 pursuant to restricted stock awards, restricted stock unit awards or other awards (excluding options and stock appreciation rights). If this Proposal 2 is approved, each share of common stock issued on or after April 2, 2015 pursuant to restricted stock awards, restricted stock unit awards or other awards (excluding options and stock appreciation rights) will reduce the number of shares available for issuance under the 2006 Employee Plan at an increased rate of 1.6 shares.

If a stock option or stock appreciation right award expires or otherwise terminates without being fully exercised, if shares subject to a restricted stock award or restricted stock unit award are forfeited to or repurchased by us, or if an equity award is settled in cash, the shares not issued under those awards, or the shares forfeited to or repurchased by us, become available for subsequent issuance under the 2006 Employee Plan. Such returning shares increase the number of shares available for issuance under the 2006 Employee Plan by one share if they were issued pursuant to a stock option or stock appreciation right and, if this Proposal 2 is approved, by 1.6 shares if they were issued pursuant to restricted stock awards, restricted stock unit awards or other awards (excluding options and stock appreciation rights).

If shares subject to an award granted under the 2006 Employee Plan are not delivered to a participant because:

- an equity award is exercised through a reduction in the number of shares subject to the equity award (a “net exercise”),
- the appreciation distribution upon exercise of a stock appreciation right is paid in shares of common stock, or
- shares are withheld in satisfaction of applicable withholding taxes,
then those shares do not become available for subsequent issuance under the 2006 Employee Plan. If the exercise price of an award is satisfied by a participant tendering previously held shares, the tendered shares do not become available for subsequent issuance under the 2006 Employee Plan.

Terms of Stock Options

We may grant stock options under the 2006 Employee Plan pursuant to stock option agreements adopted by our Board of Directors or a duly authorized committee. The following is a description of the permissible terms of stock options under the 2006 Employee Plan. Individual stock option agreements may be more restrictive as to any or all of the permissible terms described below.

Exercise Price. The exercise price of incentive stock options and non-statutory stock options may not be less than 100% of the fair market value of the stock subject to the stock option on the date of grant and, in some cases (see “Eligibility” above), may not be less than 110% of such fair market value.

As of February 4, 2015, the closing price of our common stock as reported on the NASDAQ Global Select Market was $44.17 per share.

Consideration. The stock option exercise price may, at the discretion of our Board of Directors, be paid in cash or by check, pursuant to a broker-assisted cashless exercise, by delivery of other shares of Synopsys common stock, pursuant to a net exercise arrangement, or in any other form of legal consideration acceptable to our Board of Directors.

Vesting. Stock options granted under the 2006 Employee Plan vest, or become exercisable, as determined by our Board of Directors. Vesting typically occurs during the optionholder’s continued service with Synopsys or an affiliate, whether such service is in the capacity of an employee, director or consultant (collectively referred to as service) and regardless of any change in the capacity of the optionholder, or upon achievement of quantitative or qualitative goals determined by the plan administrator. Shares covered by different stock options may be subject to different vesting terms.

Term. Under the current 2006 Employee Plan, the maximum term of a stock option is seven years, except that in certain cases (see “Eligibility” above) the maximum term is five years.

Termination of Service. Stock options generally terminate three months after termination of a participant’s service unless:

• the stock option agreement by its terms specifically provides otherwise,
• termination is due to the participant’s disability, in which case the stock option may be exercised (to the extent the stock option was exercisable at the time of the termination of service) at any time within 12 months of termination,
• the participant dies before the participant’s service has terminated, or the participant dies within a specified period after termination of service, in which case the stock option may be exercised (to the extent the stock option was exercisable at the time of the participant’s death) within 12 months of the participant’s death by the person or persons to whom the rights to such stock option have passed, or
• the participant is terminated for cause (as defined under the 2006 Employee Plan), in which case the stock option terminates immediately and will cease to be exercisable (whether vested or unvested).

The stock option term may be extended in the event that exercise of the stock option following termination of service is prohibited by applicable securities laws. In no event, however, may a stock option be exercised beyond the expiration of its term.

Restrictions on Transfer. A participant generally may not transfer a stock option other than by will, by the laws of descent and distribution, or pursuant to a domestic relations order. During the lifetime of the participant, only the participant may exercise a stock option (except in instances pursuant to a domestic relations order). A participant may also designate a beneficiary who may exercise a stock option following the participant’s death.
Terms of Restricted Stock
We may grant restricted stock awards under the 2006 Employee Plan pursuant to restricted stock award agreements adopted by our Board of Directors or a duly authorized committee. Restricted stock awards are shares of our common stock that may be subject to restrictions, such as vesting requirements.

**Consideration.** Our Board of Directors may grant restricted stock awards in consideration for past or future services rendered to Synopsys or an affiliate, or any other form of legal consideration acceptable to our Board.

**Vesting.** Shares of stock acquired under a restricted stock award may, but need not, be subject to a repurchase option in favor of Synopsys or forfeiture to Synopsys in accordance with a vesting schedule as determined by our Board of Directors.

**Termination of Service.** Upon termination of a participant’s service, Synopsys may repurchase or otherwise reacquire any forfeited shares of stock that have not vested as of such termination under the terms of the applicable restricted stock award.

Terms of Restricted Stock Units
We may grant restricted stock unit awards under the 2006 Employee Plan pursuant to restricted stock unit award agreements adopted by our Board of Directors or a duly authorized committee. Restricted stock units represent the value of a fixed number of shares of Synopsys common stock on the date of grant.

**Consideration.** Our Board of Directors may grant restricted stock units in consideration for past or future services rendered to Synopsys or an affiliate, or any other form of legal consideration acceptable to our Board.

**Vesting.** Restricted stock units vest at the rate or on the terms specified in the restricted stock unit award agreement as determined by our Board of Directors.

**Settlement.** Restricted stock units may be settled by the delivery of shares of Synopsys common stock, cash, or any combination as determined by our Board of Directors. At the time of grant, our Board of Directors may impose additional restrictions or conditions that delay the delivery of stock or cash subject to the restricted stock unit award after vesting.

**Termination of Service.** Except as otherwise provided in the applicable award agreement, restricted stock units that have not vested will be forfeited upon the participant’s termination of service.

Terms of Stock Appreciation Rights
We may grant stock appreciation rights under the 2006 Employee Plan pursuant to stock appreciation rights agreements adopted by our Board of Directors or a duly authorized committee. A stock appreciation right is a right to receive the excess value over the strike price of a fixed number of shares. Individual stock appreciation right agreements may be more restrictive as to any or all of the permissible terms described below. Each stock appreciation right is denominated in shares of common stock equivalents but may be settled in cash.

**Term.** The maximum term of stock appreciation rights is seven years.

**Strike Price.** The strike price of stock appreciation rights may not be less than 100% of the fair market value of the common stock equivalents subject to the stock appreciation rights on the date of grant.

**Exercise.** Upon exercise of a stock appreciation right, Synopsys will pay the participant an amount equal to the excess of the aggregate fair market value on the date of exercise of a number of common stock equivalents with respect to which the participant is exercising the stock appreciation right, over the strike price determined by our Board of Directors on the date of grant. The appreciation distribution upon exercise of a stock appreciation right may be paid in cash, shares of our common stock, or any other form of consideration determined by our Board of Directors.

**Vesting.** Stock appreciation rights vest and become exercisable at the rate specified in the stock appreciation right agreement as determined by our Board of Directors.
Termination of Service. Stock appreciation rights generally terminate three months after termination of a participant’s service unless:

- the stock appreciation rights agreement by its terms specifically provides otherwise,
- termination is due to the participant’s disability, in which case the stock appreciation right may be exercised (to the extent vested at the time of the termination of service) at any time within 12 months of termination,
- the participant dies before the participant’s service has terminated, or within a specified period after termination of service, in which case the stock appreciation right may be exercised (to the extent vested at the time of the participant’s death) within 12 months of the participant’s death by the person or persons to whom the rights to such stock appreciation right have passed, or
- the participant is terminated for cause (as defined under the 2006 Employee Plan), in which case the stock appreciation right terminates immediately and will cease to be exercisable (whether vested or unvested).

The term of a stock appreciation right may be extended in the event that exercise following termination of service is prohibited by applicable securities laws. In no event may a stock appreciation right be exercised beyond the expiration of its term.

Terms of Other Stock Awards

Our Board of Directors may grant other equity awards based in whole or in part by reference to the value of our common stock. Subject to the provisions of the 2006 Employee Plan, our Board has the authority to determine the persons to whom and the dates on which such other equity awards will be granted, the number of shares of common stock (or cash equivalents) to be subject to each award, and other terms and conditions of such awards. Such awards may be granted either alone or in addition to other equity awards granted under the 2006 Employee Plan. These awards may not have a term in excess of seven years from the date of grant.

Terms of Performance Awards

General. Our Board of Directors may grant performance equity awards and performance cash awards that qualify as performance-based compensation that is not subject to the income tax deductibility limitations imposed by Section 162(m) of the Code, if the award is approved by the Compensation Committee and the grant or vesting of the award is tied solely to the attainment of performance goals during a designated performance period.

Performance Goals. To preserve the possibility that the compensation attributable to awards may qualify as performance-based compensation that will not be subject to the $1,000,000 limitation on the income tax deductibility of the compensation paid per covered executive officer imposed under Section 162(m) of the Code, the Compensation Committee has the authority to structure one or more such awards so that stock or cash will be issued or paid pursuant to the award only upon the achievement of certain pre-established performance goals that are based on criteria that have already been approved by our stockholders. Performance goals for awards granted under the 2006 Employee Plan may be based on any one of, or combination of, the following criteria: (a) earnings per share; (b) earnings before interest, taxes and depreciation; (c) earnings before interest, taxes, depreciation and amortization (EBITDA); (d) net earnings; (e) return on equity; (f) return on assets, investment, or capital employed; (g) operating margin; (h) gross margin; (i) operating income; (j) net income (before or after taxes); (k) net operating income; (l) net operating income after tax; (m) pre- and after-tax income; (n) pre-tax profit; (o) operating cash flow; (p) orders (including backlog) and revenue; (q) orders quality metrics; (r) increases in revenue or product revenue; (s) expenses and cost reduction goals; (t) improvement in or attainment of expense levels; (u) improvement in or attainment of working capital levels; (v) market share; (w) cash flow; (x) cash flow per share; (y) share price performance; (z) debt reduction; (aa) implementation or completion of projects or processes; (bb) customer satisfaction; (cc) stockholders’ equity; (dd) quality measures; (ee) “Non-GAAP Net Income” (meaning net income excluding (1) the amortization of acquired intangible assets, (2) the impact of stock-based compensation expense, (3) acquisition-related costs, (4) other non-recurring significant items, such as
the effect of tax or legal settlements with the Internal Revenue Service and restructuring charges, and (5) the income tax effect of non-GAAP pre-tax adjustments from the provision for income taxes; and (ff) to the extent that an award is not intended to comply with Section 162(m) of the Code, any other measures of performance selected by our Board of Directors.

Performance goals may be set on a company-wide basis, with respect to one or more business units, divisions, affiliates, or business segments, and in either absolute terms or relative to internally generated business plans, the performance of one or more comparable companies or the performance of one or more relevant indices. Adjustments may be made in the method of calculating the attainment of performance goals as follows: (i) to exclude restructuring and/or other nonrecurring charges (including but not limited to the effect of tax or legal settlements); (ii) to exclude exchange rate effects, as applicable, for non-U.S. dollar denominated net sales and operating earnings; (iii) to exclude the effects of changes to generally accepted accounting standards required by the Financial Accounting Standards Board; (iv) to exclude the effects of any statutory adjustments to corporate tax rates; (v) to exclude stock-based compensation expense determined under generally accepted accounting principles; (vi) to exclude any other unusual, non-recurring gain or loss or extraordinary item; (vii) to respond to, or in anticipation of, any unusual or extraordinary corporate item, transaction, event or development; (viii) to respond to, or in anticipation of, changes in applicable laws, regulations, accounting principles, or business conditions; (ix) to exclude the dilutive effects of acquisitions or joint ventures; (x) to assume that any business divested by Synopsys achieved performance objectives at targeted levels during the balance of a performance period following such divestiture; (xi) to exclude the effect of any change in the outstanding shares of our common stock by reason of any stock dividend or split, stock repurchase, reorganization, recapitalization, merger, consolidation, spin-off, combination or exchange of shares or other similar corporate change, or any distributions to common shareholders other than regular cash dividends; (xii) to reflect a corporate transaction, such as a merger, consolidation, separation (including a spinoff or other distribution of stock or property by a corporation), or reorganization (whether or not such reorganization comes within the definition of such term in Section 368 of the Code); (xiii) to reflect any partial or complete corporate liquidation; (xiv) to exclude the effect of in-process research and development expenses; and (xv) to exclude the income tax effect of non-GAAP pre-tax adjustments from the provision for income taxes.

**Annual Limitation.** The maximum benefit to be received by a participant in any calendar year attributable to performance equity awards may not exceed 1,000,000 shares of common stock. The maximum benefit to be received by a participant in any calendar year attributable to performance cash awards granted pursuant to the 2006 Employee Plan may not exceed $2,000,000.

Stockholder approval of this Proposal 2 will also constitute a re-approval of the foregoing performance criteria, permitted adjustments for calculating performance goal attainment, and limitations for purposes of Section 162(m) of the Code.

**Changes to Capital Structure**

In the event any change is made to the outstanding shares of our common stock without receipt of consideration (whether through a stock split, reverse stock split or other changes in the capital structure), appropriate adjustments will be made to the class of securities issuable under the 2006 Employee Plan, the maximum number of securities issuable under the 2006 Employee Plan, the incentive stock option limitation, the maximum award that one person may be granted in a calendar year under the 2006 Employee Plan, and the number, class and price per share under outstanding equity awards under the 2006 Employee Plan.

**Corporate Transactions; Changes in Control**

Unless otherwise provided in a written agreement between Synopsys or an affiliate and a participant, or unless otherwise expressly provided by our Board of Directors at the time of grant of an equity award, in the event of significant corporate transactions, outstanding equity awards under the 2006 Employee Plan may be assumed, continued or substituted by any surviving or acquiring entity (or its parent company). If the surviving or acquiring entity (or its parent company) elects not to assume, continue or substitute such equity awards, then:

- with respect to any such equity awards that are held by individuals then performing services for Synopsys or its affiliates, the vesting and exercisability provisions of such
equity awards will be accelerated in full and such awards will be terminated if not exercised prior to the effective date of the corporate transaction and any reacquisition or repurchase rights will lapse (contingent upon the effectiveness of the corporate transaction),

- all other outstanding equity awards will be terminated if not exercised prior to the effective date of the corporate transaction, except that certain equity awards, such as restricted stock awards, may have their reacquisition or repurchase rights assigned to the surviving or acquiring entity (or its parent company) in the corporate transaction, though if such reacquisition or repurchase rights are not assigned, then such equity awards will become fully vested, and

- no vested restricted stock unit award will terminate without being settled by delivery of shares of common stock, their cash equivalent or in any other form of consideration, as determined by the Board of Directors, prior to the effectiveness of the corporate transaction.

A significant corporate transaction will be deemed to occur in the event of:

- a sale of all or substantially all of the consolidated assets of Synopsys and its subsidiaries,
- a sale of at least 90% of the outstanding securities of Synopsys,
- a merger, consolidation or similar transaction in which Synopsys is not the surviving corporation, or
- a merger, consolidation or similar transaction in which Synopsys is the surviving corporation, but shares of Synopsys outstanding common stock are converted into other property by virtue of the corporate transaction.

The 2006 Employee Plan provides, at the discretion of our Board of Directors, that the holder of an outstanding equity award that would otherwise terminate if not exercised prior to the corporate transaction may surrender such equity award in exchange for a payment equal to the excess of the value of the property that the holder would have received upon exercise of the equity award immediately prior to the corporate transaction, over the exercise price otherwise payable in connection with the equity award. Additionally, the 2006 Employee Plan provides our Board of Directors with the discretion to grant individual equity awards that vest as to all or any portion of the shares subject to the equity award in connection with a change of control transaction defined in the 2006 Employee Plan. No such equity awards have been granted by our Board of Directors.

The acceleration of an equity award in the event of an acquisition or similar corporate event may be viewed as an anti-takeover provision, which may have the effect of discouraging a proposal to acquire or otherwise obtain control of Synopsys.

**Duration, Termination and Amendment**

Our Board of Directors may suspend or terminate the 2006 Employee Plan without stockholder approval or ratification at any time. The 2006 Employee Plan will expire on April 1, 2026, unless terminated sooner by our Board. Our Board may amend or modify the 2006 Employee Plan at any time, subject to any required stockholder approval. To the extent required by applicable law or regulation, stockholder approval will be required for any amendment that:

- materially increases the number of shares available for issuance under the 2006 Employee Plan,
- materially expands the class of individuals eligible to receive awards under the 2006 Employee Plan,
- materially increases the benefits accruing to the participants under the 2006 Employee Plan or materially reduces the price at which shares of common stock may be issued or purchased under the 2006 Employee Plan,
- materially extends the term of the 2006 Employee Plan, or
- expands the types of awards available for issuance under the 2006 Employee Plan.
Our Board of Directors also may submit to stockholders any other amendment to the 2006 Employee Plan, including amendments intended to satisfy the requirements of Section 162(m) of the Code regarding the exclusion of performance-based compensation from the limitation on the deductibility of compensation paid to certain employees.

Federal Income Tax Information

The following is a summary of the principal United States federal income taxation consequences to participants and Synopsys with respect to participation in the 2006 Employee Plan. This summary is not intended to be exhaustive, and does not discuss the income tax laws of any city, state or foreign jurisdiction in which a participant may reside.

Incentive Stock Options. Incentive stock options granted under the 2006 Employee Plan are intended to qualify for the favorable federal income tax treatment accorded “incentive stock options” under the Code. There generally are no federal ordinary income tax consequences to the participant or Synopsys by reason of the grant or exercise of an incentive stock option. However, the exercise of an incentive stock option may increase the participant’s alternative minimum tax liability, if any.

The excess, if any, of the fair market value of the incentive stock option shares on the date of exercise over the exercise price is an adjustment to income for purposes of the alternative minimum tax.

Alternative minimum taxable income is determined by adjusting regular taxable income for certain items, increasing that income by certain tax preference items and reducing this amount by the applicable exemption amount.

If a participant holds stock acquired through exercise of an incentive stock option for more than two years from the date on which the stock option was granted and more than one year after the date the stock option was exercised for those shares, any gain or loss on a disposition of those shares (referred to in this Proxy Statement as a qualifying disposition) will be a long-term capital gain or loss. Upon such a qualifying disposition, Synopsys will not be entitled to any income tax deduction.

Generally, if the participant disposes of the stock before the expiration of either of those holding periods (referred to in this Proxy Statement as a disqualifying disposition), then at the time of disposition the participant will realize taxable ordinary income equal to the lesser of (a) the excess of the stock’s fair market value on the date of exercise over the exercise price, or (b) the participant’s actual gain, if any, on the purchase and sale. The participant’s additional gain or any loss upon the disqualifying disposition will be a capital gain or loss, which will be long-term or short-term depending on whether the stock was held for more than one year after exercise.

To the extent the participant recognizes ordinary income by reason of a disqualifying disposition, generally Synopsys will be entitled (subject to the provisions of Section 162(m) of the Code and the satisfaction of a tax reporting obligation) to a corresponding income tax deduction in the tax year in which the disqualifying disposition occurs.

Non-Statutory Stock Options. No taxable income is recognized by a participant upon the grant of a non-statutory stock option. Upon exercise of a non-statutory stock option, the participant will recognize ordinary income equal to the excess, if any, of the fair market value of the purchased shares on the exercise date over the exercise price paid for those shares. Generally, Synopsys will be entitled (subject to the provisions of Section 162(m) of the Code and the satisfaction of a tax reporting obligation) to an income tax deduction in the tax year in which such ordinary income is recognized by the participant. Synopsys will be required to satisfy certain tax withholding requirements applicable to such income.

Upon disposition of the stock, the participant will recognize a capital gain or loss equal to the difference between the selling price and the sum of the amount paid for such stock plus any amount recognized as ordinary income upon acquisition of the stock. Such gain or loss will be long-term or short-term depending on whether the stock was held for more than one year after exercise.

Restricted Stock Awards. Upon receipt of a restricted stock award, the participant will recognize ordinary income equal to the excess, if any, of the fair market value of the shares on the date of issuance over the purchase price, if any, paid for those shares. Synopsys will be entitled (subject to the
provisions of Section 162(m) of the Code and the satisfaction of a tax reporting obligation) to a corresponding income tax deduction in the year in which such ordinary income is recognized by the participant.

However, if the shares issued upon the grant of a restricted stock award are unvested and subject to repurchase by Synopsys in the event of the participant's termination of service prior to vesting in those shares, the participant will not recognize any taxable income at the time of issuance, but will have to report as ordinary income, as and when Synopsys' repurchase right lapses, an amount equal to the excess of (a) the fair market value of the shares on the date the repurchase right lapses, over (b) the purchase price, if any, paid for the shares. The participant may, however, elect under Section 83(b) of the Code to include as ordinary income in the year of issuance an amount equal to the excess of (a) the fair market value of the shares on the date of issuance, over (b) the purchase price, if any, paid for such shares. If the Section 83(b) election is made, the participant will not recognize any additional income as and when the repurchase right lapses. The participant and Synopsys will be required to satisfy certain tax withholding requirements applicable to such income. Synopsys will be entitled to an income tax deduction equal to the amount of ordinary income recognized by the participant at the time the shares are issued. In general, the deduction will be allowed for the taxable year in which such ordinary income is recognized by the participant.

Upon disposition of the stock acquired upon the receipt of a restricted stock award, the participant will recognize a capital gain or loss equal to the difference between the selling price and the sum of the amount paid for such stock plus any amount recognized as ordinary income upon issuance (or vesting) of the stock. Such gain or loss will be long-term or short-term depending on whether the stock was held for more than one year.

**Restricted Stock Unit Awards.** No taxable income is recognized upon receipt of a restricted stock unit award. The participant will generally recognize ordinary income in the year in which the shares subject to that unit are actually vested and issued to the participant in an amount equal to the fair market value of the shares on the date of issuance. The participant and Synopsys will be required to satisfy certain tax withholding requirements applicable to such income. Synopsys will be entitled (subject to the provisions of Section 162(m) of the Code and the satisfaction of a tax reporting obligation) to an income tax deduction equal to the amount of ordinary income recognized by the participant at the time the shares are issued. In general, the deduction will be allowed for the taxable year in which such ordinary income is recognized by the participant.

**Stock Appreciation Rights.** No taxable income is realized upon the receipt of a stock appreciation right. Upon exercise of the stock appreciation right, the fair market value of the shares (or cash in lieu of shares) received is recognized as ordinary income to the participant in the year of such exercise. Generally, with respect to employees, Synopsys is required to withhold from the payment made on exercise of the stock appreciation right or from regular wages or supplemental wage payments an amount based on the ordinary income recognized. Generally, Synopsys will be entitled (subject to the provisions of Section 162(m) of the Code and the satisfaction of a tax reporting obligation) to an income tax deduction in the year in which such ordinary income is recognized by the participant.

**Potential Limitation on Deductions.** Section 162(m) of the Code denies a deduction to any publicly held corporation for compensation paid to certain "covered employees" in a taxable year to the extent that compensation to each covered employee exceeds $1,000,000. It is possible that compensation attributable to awards, when combined with all other types of compensation received by a covered employee from Synopsys, may cause this limitation to be exceeded in any particular year. However, certain kinds of compensation, including qualified "performance-based compensation", are disregarded for purposes of the deduction limitation.

Below is a summary of the material conditions under which certain equity awards qualify as performance-based compensation that is exempt from the $1,000,000 deduction limitation in accordance with Section 162(m) of the Code:

- **Stock Options and Stock Appreciation Rights.** Compensation paid to covered employees that is attributable to stock options and stock appreciation rights will qualify as performance-based compensation if (a) such awards are granted by a compensation committee or committee of our Board of Directors comprised solely of "outside directors,"
(b) the 2006 Employee Plan contains a per-employee limitation on the number of shares for which such awards may be granted during a specified period, (c) the per-employee limitation is approved by our stockholders, and (d) the exercise or strike price of the award is no less than the fair market value of the stock on the date of grant.

- **Restricted Stock Awards, Restricted Stock Unit Awards, Performance Equity Awards and Performance Cash Awards.** Compensation paid to covered employees that is attributable to restricted stock awards, restricted stock unit awards, performance equity awards, and performance cash awards will qualify as performance-based compensation, provided that: (a) the award is granted by a compensation committee comprised solely of "outside directors," (b) the award is granted (or vests) only upon the achievement of an objective performance goal established in writing by the compensation committee while the outcome is substantially uncertain, (c) the compensation committee certifies in writing prior to the grant or vesting of the award that the performance goal has been satisfied, and (d) stockholders have approved the material terms of the award (including the class of employees eligible for such award, the business criteria on which the performance goal is based, and the maximum amount, or formula used to calculate the amount, payable upon attainment of the performance goal).
Proposal 3 – Advisory Vote to Approve Executive Compensation

We are requesting our stockholders to provide advisory approval of the compensation of our named executive officers as disclosed in the Compensation Discussion and Analysis, the compensation tables, and the narrative discussion set forth on pages 35 to 68 of this Proxy Statement. This non-binding advisory vote is commonly referred to as a “say-on-pay” vote.

Our Board of Directors Recommends that You Vote FOR the Compensation of Our Named Executive Officers As Disclosed in this Proxy Statement

Background

At last year’s annual meeting, we provided our stockholders with the opportunity to cast an advisory vote regarding the compensation of our named executive officers as disclosed in the proxy statement for the 2014 Annual Meeting of Stockholders. At our 2014 Annual Meeting, our stockholders overwhelmingly approved the proposal, with more than 98% of the shares that were voted in favor of the proposal.

We hold a stockholder say-on-pay vote annually, as elected by our Board of Directors and consistent with a past advisory vote by our stockholders. Accordingly, this year we are again asking our stockholders to vote “For” the compensation of our named executive officers as disclosed in this Proxy Statement.

Our Compensation Committee, which is responsible for designing and administering our executive compensation program, has designed our executive compensation program to provide a competitive and internally equitable compensation and benefits package that reflects company performance, job complexity and the value provided, while also promoting long-term retention, motivation and alignment with the long-term interests of Synopsys’ stockholders. Synopsys has maintained profitability and increased revenue each year since fiscal 2006, and we believe the compensation program for our named executive officers has been instrumental in helping Synopsys achieve strong financial performance in the challenging macroeconomic environment over the past few years.

We encourage you to carefully review the “Compensation Discussion and Analysis” beginning on page 35 of this Proxy Statement for additional details on Synopsys’ executive compensation, including Synopsys’ compensation philosophy and objectives, as well as the processes our Compensation Committee used to determine the structure and amounts of the compensation of our named executive officers in fiscal 2014.

We are asking you to indicate your support for the compensation of our named executive officers as described in this Proxy Statement. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers and the philosophy, policies and practices described in this Proxy Statement. Accordingly, we are asking you to vote, on an advisory basis, “For” the following resolution at the Annual Meeting:

“RESOLVED, that the compensation paid to Synopsys, Inc.’s named executive officers, as disclosed pursuant to the Securities and Exchange Commission’s compensation disclosure rules, including the Compensation Discussion and Analysis, compensation tables and narrative discussion set forth on pages 35 to 68 of this Proxy Statement, is hereby approved.”

This advisory resolution will be approved if the holders of a majority of the shares present in person or represented by proxy and entitled to vote at the Annual Meeting, and voting on this Proposal 3, vote “For” this Proposal 3. Abstentions will not be counted as either votes cast “For” or “Against” this Proposal 3.

While the results of this advisory vote are not binding, the Compensation Committee will consider the outcome of the vote in making future compensation decisions for named executive officers.

Executive Summary

Fiscal 2014 was a year of notable changes at Synopsys. We introduced several important new electronic design automation (EDA) products, particularly our next-generation IC Compiler™ II and Verification Compiler™ solutions, and entered the software quality, testing, and security space with our acquisition of Coverity, Inc. We also continued to broaden our intellectual property product offerings in fiscal 2014. At the same time, we grew revenue and remained profitable for the ninth straight year.

While our revenue increased by approximately 5% and our diluted earnings per share increased by approximately 4% over fiscal 2013, we fell short of the ambitious revenue and operating margin goals we had set for the year. As a result, the cash incentive plan that our NEOs participate in funded at a lower level than in fiscal 2013. As discussed in more detail below, this lowered funding level, plus aggressive management of our equity burn rate, resulted in a decline in total direct compensation for our NEOs over fiscal 2013.

In designing our executive compensation program, our goal is a competitive and internally equitable program that reflects company performance, job complexity, and the value provided, while also promoting long-term retention and motivation. We believe our executive compensation policies have been important in helping us achieve strong financial performance for nearly a decade, regardless of broader worldwide market conditions. Our future success requires that we continue to cultivate executive talent to lead our business and engage our global workforce.

We are led by Dr. de Geus, an EDA pioneer who co-founded Synopsys more than 28 years ago, and Dr. Chan, who has launched numerous key aspects of our business, including our intellectual property business, and has been with Synopsys for more than 24 years. We believe we continue to benefit from our Co-CEO structure. This structure enables both Dr. de Geus and Dr. Chan to speak with the authority of a CEO as they guide our product innovations across many fields and support our relationships with major customers. Both Dr. de Geus and Dr. Chan have deep knowledge of our products, customers, and industry while providing different strengths. Dr. Chan contributes expertise in the day-to-day operations of our business, while Dr. de Geus leads us in developing and communicating our long-term vision. We rely on the expertise of Drs. de Geus and Chan and all our NEOs to help us continue to build stockholder value.

Fiscal 2014 Executive Compensation Highlights

The cornerstone of our compensation philosophy is pay for performance. We closely align the compensation paid to our NEOs with achievement of both short- and long-term financial goals. In fiscal 2014, we structured our compensation mix such that approximately 88% of the target compensation of Dr. de Geus and Dr. Chan, our Co-CEOs, was performance-based and approximately 78% of the target compensation of our other NEOs, as a group, was performance-based.
Our NEOs receive a salary, equity awards, and potentially earn a cash incentive payment under our Executive Incentive Plan (EIP), each determined by the Compensation Committee of our Board of Directors. The equity awards consist of stock options and performance-based restricted stock units (PRSUs). The performance goals for our EIP and PRSUs support our primary financial objectives of (i) achieving profitable revenue growth and (ii) creating a stable and predictable future revenue stream. Our EIP requires a minimum average achievement of 90% of our goals before any payment can be earned, a threshold we believe is above that of our peer companies.

In fiscal 2014, we did not fully achieve our EIP revenue and operating margin performance goals, and while we did exceed our revenue backlog goals, plan funding was lower than in fiscal 2013. We met the fiscal 2014 non-GAAP net income performance goal for our PRSUs despite the dilutive effect of our Coverity acquisition on net income for the year.

As noted in the table below, total compensation for our NEOs was lower in fiscal 2014 than in fiscal 2013.

<td>The Compensation Committee granted Dr. de Geus less in equity awards, by value, than in fiscal 2013 in order to meet our equity budget constraints. The decrease accounted for the decline in Dr. de Geus’ total compensation in fiscal 2014. Dr. de Geus’ cash incentive payment was the same in fiscal 2014 as in fiscal 2013. In both years, Dr. de Geus requested, and received, a reduction in his calculated incentive payment in order to assist the Compensation Committee in meeting budgetary goals for EIP awards for the rest of the management team.</td>

<td>-8.7%</td>
<td>Dr. Chan receives the same compensation as Dr. de Geus and, as with Dr. de Geus, the decrease in the value of equity awards granted to him in fiscal 2014 accounted for the decline in his total compensation over fiscal 2013. Stockholders’ Say-on-Pay in 2014

In 2014, we held our fourth annual advisory stockholder vote on our executive compensation. Last year’s proxy statement detailed our fiscal 2013 executive compensation as well as important compensation decisions for fiscal 2014, including fiscal 2014 NEO salaries and amounts of equity grants (except for Mr. Runkel, who joined Synopsys in May 2014), and the selection of metrics that would be used in determining achievement of fiscal 2014 performance-based compensation.

More than 98% of the shares that were voted approved our executive compensation as disclosed in last year’s proxy statement. The Compensation Committee heavily weighted this overwhelming approval in deciding to maintain a similar compensation philosophy and structure for fiscal 2015.

Important Executive Compensation Policies and Governance Practices

Our Compensation Committee believes our current executive compensation policies are effective in advancing our strategic plans, reasonable in relation to our peer group and responsible in encouraging our NEOs to work for meaningful stockholder returns without taking unnecessary or excessive risks. The highlights of our compensation program include:

<table>
<thead>
<tr>
<th>Pay for Performance Commitment</th>

<tbody>
<tr>
<td>• Fixed compensation for fiscal 2014 was only 12% of target total direct compensation for our Co-CEOs and 22% for our other NEOs as a group, ensuring that the vast majority of NEO target total direct compensation was performance-based for fiscal 2014.</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Balanced Mix of Performance Goals</th>
</tr>
</thead>
<tbody>
<tr>
<td>• Our Executive Incentive Plan encourages our NEOs to achieve current fiscal year revenue and operating margin goals as well as revenue backlog goals for future years, which promote a predictable long-term revenue stream and help minimize incentives for risky business practices with short-term impact.</td>
</tr>
<tr>
<td>• Our PRSUs require our NEOs to achieve a specified non-GAAP net income target for the current fiscal year to earn the full award, and encourage retention and long-term accountability through time-based vesting over the following three years.</td>

<th>Stock Ownership and Other NEO Requirements</th>

<td>• Synopsys adopted Stock Ownership Guidelines in 2003, and all of our NEOs are in compliance with them as of February 4, 2015. At the end of fiscal 2014, Dr. de Geus held 647,849 shares of our common stock, valued (as of the end of fiscal 2014) at over 50 times his salary. Dr. Chan held 191,147 shares, valued (as of the end of fiscal 2014) at over 15 times his salary.</td>
</tr>
<tr>
<td>• Our NEOs are prohibited from engaging in hedging transactions in Synopsys stock, holding Synopsys stock in a margin account, or pledging Synopsys stock as collateral for a loan.</td>
</tr>
</tbody>
</table>
Reasonable Change of Control Provisions

- Our NEO change of control agreements are “double trigger”—NEOs do not receive a payment simply due to a change of control and do not receive a payment if they continue to be employed in a similar role after the change of control.
- The “double trigger” change of control salary continuation and cash incentive award payments potentially owed to our NEOs do not exceed two times their annual target cash compensation.
- Our agreements do not provide for “golden parachute” excise tax gross ups. Instead, our agreements provide for the clawing back of compensation should excise taxes be triggered in certain situations.

Risk Mitigation

- The performance goals for our cash and equity incentive awards use a variety of performance metrics and focus on both near-term and long-term goals, which diversifies the risk associated with any one metric or aspect of performance and encourages our NEOs to remain focused on performance beyond the immediate fiscal year.
- Our cash and equity incentive awards contain a range of performance levels and payouts to discourage risky actions to meet an all-or-nothing performance goal.
- Our cash incentive awards and PRSUs are capped, and the Compensation Committee retains negative discretion to reduce our NEOs’ cash incentive payments.
- Since December 2008, we have maintained a clawback policy for the recovery of performance-based compensation (both cash and equity) in the event of a substantial financial restatement.
- The Compensation Risk Assessment located after this Compensation Discussion and Analysis describes our Compensation Committee’s assessment that our company-wide compensation policies and practices are reasonable and encourage appropriate behaviors without creating risks that are reasonably likely to have a material adverse effect on us.

Compensation Governance

- Our Compensation Committee is composed solely of independent directors.
- The Compensation Committee directly retains a compensation consultant the Committee has determined to be independent, using the factors set out in applicable SEC and NASDAQ rules. The Compensation Committee reviews this determination annually.
- Our Board of Directors elected to hold an annual advisory say-on-pay vote, and our Compensation Committee considers the outcome of the vote in making compensation decisions.
- Our 2006 Employee Equity Incentive Plan, under which we grant equity awards and cash incentive opportunities to our NEOs, forbids the repricing of equity awards without stockholder approval and contains a number of other features designed to protect stockholder interests, as described on page 21.
- We aggressively manage our equity burn rate, limiting gross share use to 2.2% in fiscal 2014.
- Our Compensation Committee reviews tally sheets of executive compensation.
- We do not provide a matching contribution or preferential interest rates in our deferred compensation plan.
Our Compensation Philosophy

We have designed our executive compensation program to attract, motivate and retain a team of highly qualified executives who will drive technological and business success. In order to motivate and reward our NEOs for work that improves our long-term business performance and increases stockholder value, we have developed the following compensation objectives:

<table>
<thead>
<tr>
<th>Pay for Performance</th>
<th>Competitiveness</th>
<th>Overachievement</th>
</tr>
</thead>
<tbody>
<tr>
<td>Link NEO compensation to the success of our business objectives</td>
<td>Provide competitive compensation that attracts and retains top-performing NEOs</td>
<td>Motivate NEOs to achieve results that exceed our strategic plan targets</td>
</tr>
<tr>
<td>Stockholder Alignment</td>
<td>Balance</td>
<td>Internal Pay Equity</td>
</tr>
<tr>
<td>Align the interests of NEOs and stockholders through the managed use of long-term incentives</td>
<td>Set performance goals that reward an appropriate balance of near- and long-term results</td>
<td>Promote teamwork among NEOs by considering internal fairness in setting compensation levels</td>
</tr>
</tbody>
</table>

Pay for Performance

Underlying these objectives is our *pay-for-performance* philosophy. We believe that the large majority of each NEO’s target total direct compensation should be “performance-based”—that is, contingent upon the overall performance of our business. As shown in the graphs below, 88% of the target total direct compensation of our highest-paid NEOs—Dr. de Geus and Dr. Chan—is performance-based, and 78% of target total direct compensation is performance-based for our other NEOs as a group. We believe this direct link between pay and performance is an effective way to motivate our NEOs to achieve key financial objectives and, ultimately, increase stockholder value.

Role of Compensation Committee

Our Compensation Committee is responsible for determining NEO compensation. The Compensation Committee, which is composed of three independent directors, meets regularly throughout the year to review and discuss, among other items, our compensation philosophy, changes in compensation governance and compliance rules and best practices, and the composition of our peer group for pay comparisons. In the first quarter of each fiscal year, the Compensation Committee reviews and approves:

- The level of achievement of financial performance goals for the prior fiscal year;
- Annual incentive compensation earned, if any, based on that prior fiscal year achievement;
- Annual financial performance goals for the current fiscal year; and
- The level and mix of NEO target compensation for the current fiscal year.

The Compensation Committee also conducts a biennial review of our non-employee director compensation, with the assistance of its compensation consultant, and makes recommendations to our Board.
Role of Compensation Committee Consultant

Our Compensation Committee directly retained the services of Radford, an Aon Hewitt company, as an independent compensation consultant for fiscal 2014. Radford has served the Compensation Committee in this role since September 2006. The Compensation Committee may replace Radford or hire additional consultants at any time. The Compensation Committee retains sole authority to appoint and compensate Radford and to oversee its work for the Committee. Synopsys pays the fees for the services provided by Radford to the Compensation Committee. In fiscal 2014, the services provided by Radford included:

- Assisting in the selection of our peer group companies for fiscal 2015 (and with the determination of our fiscal 2014 peer group in fiscal 2013);
- Providing and analyzing compensation survey data;
- Helping the Compensation Committee interpret compensation data;
- Advising on the reasonableness of our NEO compensation levels and programs;
- Assisting in the review of the NEO compensation disclosure in this Proxy Statement; and
- Conducting a detailed review of our cash and equity compensation plans to provide an independent view of the risks associated with our compensation programs, including those for our NEOs.

In addition to the fees we paid Radford for services provided to our Compensation Committee, we also paid $75,000 in fees to Radford during fiscal 2014 for access by our Human Resources department to Radford’s general employee compensation benchmarking data. After considering the factors set forth in Rule 10C-1(b)(4) under the Exchange Act and NASDAQ Listing Rule 5605(d)(3)(D), including a review of the access fees described above and Radford’s representations to the Compensation Committee regarding each factor, the Committee determined that Radford was independent.

Peer Group Comparisons

Our Compensation Committee reviews compensation data from a specific group of companies that are similar to us in scale and organizational complexity in considering the compensation of our NEOs. For fiscal 2014, the Compensation Committee selected the peer group companies listed below because they: (1) were business or labor market competitors in the software (excluding gaming and e-commerce) or fabless semiconductor industries; (2) generated annual revenues between approximately 0.5 and 2.5 times Synopsys’ revenue ($700 million to $4.5 billion); (3) had a market capitalization between approximately 0.5 and 3 times Synopsys’ market capitalization ($2 billion to $15 billion); and (4) had approximately 2,000 to 13,000 employees. At the time of the selection in May 2013, Synopsys had total revenue for the previous twelve months of approximately $1.81 billion, a market capitalization of approximately $5.60 billion, and, as of the end of the previous fiscal year, 8,138 employees.

Consistent with fiscal 2013, our Compensation Committee focused on the 50th to 60th percentiles of peer data as a general guideline for fiscal 2014 NEO total target direct compensation. With respect to the specific elements of compensation, the Compensation Committee considers the following ranges:

- **Salary**: 25th to 50th percentiles of our peer group for Mr. Beattie, Mr. Logan, Mr. Runkel, and Mr. Cabrera, and below the 25th percentile for Drs. de Geus and Chan, our Co-CEOs, so that less of their total cash compensation is fixed without regard to our performance.
- **Target cash incentive payments**, assuming 100% achievement of performance goals: 75th percentile of our peer group, so that total target cash compensation is around the 50th to 60th percentiles of peers, but with more of each NEO’s cash compensation being performance-based.
- **Equity**, assuming 100% achievement of performance goals: 50th to 60th percentiles of our peer group, both on a grant-date dollar-value basis and a percentage-of-company-equity basis, giving equal weight to each.

Our Compensation Committee believes that peer group comparisons are useful to measure the competitiveness of our compensation practices. The Compensation Committee maintains discretion, however, to set levels of NEO compensation above or below peer levels based upon distinguishing factors such as individual performance, an NEO’s level of experience and responsibilities, internal pay equity, long-term wealth accumulation and our compensation budget.

**Role of Management**

Our Compensation Committee discusses NEO performance assessments and compensation targets with Dr. de Geus and our Senior Vice President of Human Resources. To assess Co-CEO performance, the Compensation Committee oversees a comprehensive assessment process that includes feedback from our Board of Directors and members of senior management and is facilitated by our Senior Vice President of Human Resources. We also have an executive compensation team that provides background on company budgetary constraints and internal pay equity to help the Compensation Committee understand Radford’s recommendations in those contexts. No NEO is present for Compensation Committee decisions related to his individual compensation.

**Tally Sheets**

Prior to approving target compensation levels for the upcoming fiscal year, our Compensation Committee reviews tally sheets for each NEO to review how each core element of compensation relates to other elements and to total pay. The tally sheets summarize target total direct compensation, as well as potential payments upon change of control or, if applicable, involuntary termination. The tally sheets also summarize historical compensation for our NEOs, allowing the Compensation Committee to review NEO wealth accumulation.

**Annual Say-on-Pay Vote**

Our stockholders have the opportunity to cast an annual advisory vote on our NEO compensation (say-on-pay vote)—see Proposal 3 on page 34 of this Proxy Statement. At each of the past four annual meetings, no less than 97% of the shares that were voted approved our NEO compensation. Although the vote is non-binding, the Compensation Committee considers the results of the say-on-pay vote when making compensation decisions, allowing our stockholders to provide input on our compensation philosophy, policies and practices.

**Core Elements of NEO Direct Compensation**

Our three core elements of NEO direct compensation are salary, a cash incentive payment opportunity and equity awards.

**Salary**

Salaries compensate our NEOs for expected levels of day-to-day performance. Our Compensation Committee believes that salaries should be determined by each individual’s role and responsibilities, our financial projections, peer data, our budget for the coming year, and historical salary levels.
Cash Incentive Payment
We use annual cash incentive compensation to align NEO performance with near-term financial objectives and future revenue goals. These cash incentive payments can be paid to NEOs only if we achieve a significant level of our financial performance goals, which advance our long-term strategic plans and, ultimately, stockholder value. Our Compensation Committee grants cash incentive compensation opportunities under our 2006 Employee Equity Incentive Plan, as amended, which was most recently approved by our stockholders in April 2014. The Compensation Committee calculates whether cash incentive opportunities have been earned according to our Executive Incentive Plan—162(m) (EIP), which was approved by the Compensation Committee in January 2010. While our intention is that these cash incentive payments are exempt under Section 162(m) of the Internal Revenue Code, we cannot guarantee deductibility and reserve the discretion to pay non-deductible amounts.

Executive Incentive Plan. Under the EIP, our Compensation Committee approves target cash incentive payments for the fiscal year, our annual objective performance goals, and a payout matrix that determines how much of the target payment may be paid at each level of achievement of our performance goals. After the end of the fiscal year, the Compensation Committee applies an objective payment formula provided by the EIP to calculate the amount of potential cash incentive payments, but it retains discretion to reduce those payments below the amounts determined by the formula.

Target Cash Incentive Payment. A target cash incentive payment is the amount of cash incentive compensation that an NEO could earn if we achieve our performance goals. Targets are expressed as a percentage of an NEO’s salary. In reviewing targets, our Compensation Committee takes into consideration each individual’s role and responsibilities, our financial projections, peer data, the budget for the coming year, and historical levels.

Performance Goals. The EIP requires our Compensation Committee to set annual performance goals based on revenue, operating margin, and revenue backlog. We must reach a high level of achievement of these equally-weighted goals, which the EIP refers to as Corporate Financial Goals, before any cash incentive payment may be earned. In addition, under the EIP, the Compensation Committee sets a further revenue backlog goal called a Revenue Predictability Goal that, if fully achieved, can increase NEO cash incentive payments through a multiplier.

(1) Non-GAAP operating margin is GAAP operating margin adjusted to eliminate the effect of stock compensation, acquisition-related costs, amortization of intangible assets, certain unusual events and the income tax effect of pre-tax non-GAAP adjustments.

(2) Revenue backlog for a particular year is the portion of committed orders not yet recognized as revenue but that we expect to be recognized in that particular year, measured as of the end of the current fiscal year.

(3) We consider our second-year revenue backlog target to be confidential, and the disclosure of this target would cause us competitive harm. In general, our Compensation Committee sets revenue backlog targets that it believes to be challenging but attainable in the absence of a further deterioration in macroeconomic conditions. Second-year revenue backlog targets were achieved in fiscal 2010 through fiscal 2013, but not in fiscal 2009.

The EIP uses current fiscal year revenue and non-GAAP operating margin to focus our NEOs on revenue growth and cost control for the current fiscal year. The EIP goals based on two subsequent
years of revenue backlog encourage our NEOs to address future revenue and revenue predictability. We believe the exclusive use of corporate performance metrics, rather than a mix of corporate and individual metrics, fosters teamwork among our NEOs and reflects the importance of company-wide performance to stockholder value. Furthermore, we consider these performance metrics to be superior indicators of our recent financial performance and future prospects. Our Compensation Committee believes the consistent application of these measures, which have been used for seven straight fiscal years, allows our NEOs to focus on sustained performance rather than short-term accomplishments and has contributed to our consistent performance.

**Payout Matrix.** Each year, our Compensation Committee approves a payout matrix that determines, within boundaries established by the EIP, what percentage of target cash incentive payments can be paid out at each level of achievement of our Corporate Financial Goals. The EIP requires a minimum average achievement of 90% of our Corporate Financial Goals before our NEOs can earn any cash incentive payment. Furthermore, according to the EIP, the payout matrix may not award more than 67.5% of a target payment for that 90% achievement threshold.

The EIP is structured in this way to provide a limited payment opportunity when performance goals are narrowly missed. We believe this limits our exposure to excessive risk-taking that can arise with “all or nothing” performance conditions. We believe this minimum 90% achievement level holds our NEOs to a higher level of performance than peer practice. It is also 10% above the minimum achievement level for our broad-based employee incentive compensation plans, allowing employees to earn incentive pay before executives.

For fiscal 2014, our Compensation Committee approved a payout matrix that allows our NEOs to earn 100% of their target cash incentive payments if we achieve an average of 100% of our Corporate Financial Goals, which is consistent with incentive compensation plans for our other employees. The following table provides excerpts from the fiscal 2014 payout matrix.

(1) We round our average achievement to the nearest quarter percent and use straight-line interpolation to calculate the exact payout factor for achievement levels that fall in between levels specified in the matrix. For example, if we achieve our Corporate Financial Goals at an average of 101.75%, then the Corporate Financial Payout Factor is 107.39%.
**EIP Payment Formula.** After the end of our fiscal year, our Compensation Committee certifies whether performance goals were met and uses the following formula from the EIP to calculate potential cash incentive payments:

\[
\text{Potential Cash Incentive Payment} = \text{Target Cash Incentive Payment} \times \text{Corporate Financial Payout Factor} \times \text{Revenue Predictability Payout Factor (if applicable)} \times \text{CFG Multiplier (if applicable)}
\]

</tr>
</tbody>
</table>

*Cap:* Every cash incentive payment is capped by the EIP at the lesser of $2,000,000 or 200% of the NEO’s target.

**Actual Cash Incentive Payments.** Actual cash incentive payments are only approved after our Compensation Committee has reviewed the potential cash incentive payment calculations and considered other relevant information not incorporated into the EIP payment formula, such as the impact of major acquisitions during the year, individual performance, and affordability. The Compensation Committee is empowered to reduce potential cash incentive payments, regardless of whether any multiplier has been earned. The Compensation Committee may not increase potential payments, and in no event can an actual cash incentive payment exceed the lesser of $2,000,000 or 200% of the NEO’s target cash incentive payment.

**Equity Awards**

We believe that equity awards align the interests of our NEOs with the long-term interests of our stockholders by rewarding long-term value creation measured by our stock price and by providing retention incentives through multi-year vesting periods.

Our Compensation Committee grants equity awards to our NEOs under our 2006 Employee Plan. Currently, the Compensation Committee grants our NEOs **stock options** with time-based vesting and **performance-based restricted stock units** (PRSUs), which are eligible to vest only upon achievement of pre-established performance criteria and are subject to time-based vesting thereafter. The Compensation Committee considers both stock options and PRSUs to be performance-based compensation.

The size of equity awards granted to each NEO is based on an estimated target dollar value. The Compensation Committee also considers our equity budget for the coming year, as well as each individual NEO’s role and responsibilities, in order to manage potential stockholder dilution and to preserve internal pay equity between NEOs and our employees in general.

After choosing the general target value for each NEO’s equity awards, our Compensation Committee seeks to allocate the dollar value equally between stock options and PRSUs. The Compensation Committee believes this ratio is appropriate because it encourages our NEOs to focus both on near-
term results, by requiring the achievement of a near-term performance condition for the PRSUs to vest, and on long-term value creation, since stock options and PRSUs reward sustained increases in our stock price, though only to the extent the employee vests in the award by remaining in service for four years. We also believe this mix effectively manages dilution from our equity compensation program, allowing us to grant fewer shares through PRSUs while delivering value comparable to stock options.

To determine the target number of PRSU shares to be granted for fiscal 2014, the Compensation Committee used an estimate of our closing stock price on the expected grant date to calculate an award worth half of the target equity value. For stock options, the Compensation Committee used a Black-Scholes option-pricing model to estimate the fair value of a stock option share on the expected grant date and allocated the other half of the total target equity value to stock options. In the case of both stock options and PRSUs, the numbers of shares awarded by the Compensation Committee are based on estimates of conditions on the grant date, and the actual grant date fair value of awards may differ based on our actual Black-Scholes stock option value and closing stock price on the effective grant date.

The Compensation Committee assumes, for purposes of setting PRSU targets, that 100% of the PRSUs’ performance condition will be achieved. In addition to the possibility that the condition will not be met, the grant date value of any NEO equity award does not necessarily represent the actual value that may be realized upon vesting or exercise of such award.

In addition to stock options and PRSUs, the Compensation Committee retains discretion to grant new-hire, promotional or special recognition awards on terms that vary from our annual grants. New-hire restricted stock units typically vest based on service over three years. The Compensation Committee does not typically grant PRSUs to new hires as they typically join mid-year and are unable to make a full-year contribution towards the achievement of performance goals, and because the Committee believes it is a market practice.

**PRSUs Terms.** Each year, the Compensation Committee selects a non-GAAP net income goal for PRSUs because it is an important measure of our success that is distinct from other metrics used in our EIP, such as the revenue backlog goals focused on our future revenue streams. Non-GAAP net income is GAAP net income adjusted for stock compensation expense, acquisition-related costs, amortization of intangible assets, certain unusual events and the income tax effect of pre-tax non-GAAP adjustments. Our fiscal 2014 goal was non-GAAP net income of $392.7 million.

Each PRSU grant is made at the maximum amount of shares that can be earned if we fully achieve our target non-GAAP net income goal and will be reduced for actual performance below target levels. There is no increase in shares for overachievement. The actual number of shares that are earned and eligible to vest depends on the level of achievement of our goal, and achievement below 95% results in the cancellation of the entire award:

**Percentage Achievement of PRSU Non-GAAP Net Income Performance Goal**

<tr>

</tbody>
</table>

(1) If we achieve between 95% and 100% of our performance goal, then between 50% and 100% of the PRSU award is earned and eligible to vest. The exact amount of shares earned is calculated by linear interpolation.

(2) 100% of the PRSU award is earned and eligible to vest if we achieve 100% or more of our performance goal. No additional shares are earned if we exceed our performance goal.
The Compensation Committee rewards performance levels between 95% and 100% to provide our NEOs with a partial award for substantially achieving our non-GAAP net income goal. The Compensation Committee believes this limits excessive risk-taking that can be encouraged by a single “all or nothing” performance condition.

All PRSUs remain subject to time-based vesting over four years. If the performance goal is achieved, only 25% of the earned PRSU shares vest at the end of the performance year. The remaining earned PRSU shares vest annually over the following three years, provided the NEO continues to remain employed by Synopsys, which encourages retention as well as long-term focus and accountability.

**Fiscal 2014 NEO Compensation**

In fiscal 2014, we structured our compensation mix such that approximately 88% of the target compensation of Dr. de Geus and Dr. Chan, our Co-CEOs, was performance-based and approximately 78% of the target compensation of our other NEOs, as a group, was performance-based. We did not fully achieve our EIP revenue and operating margin performance goals, and while we exceeded revenue backlog goals, our plan funding was lower than in fiscal 2013. We met the fiscal 2014 non-GAAP net income performance goal for our PRSUs despite the dilutive effect of our acquisition of Coverity, Inc. on net income for the year.

As described below, our lower EIP funding level as well as aggressive equity burn rate management led to a decrease in our NEOs’ fiscal 2014 total compensation from fiscal 2013.

**Co-CEOs.** Our Co-CEOs received less in equity grants, by grant date fair value, in order to meet our equity budget constraints, and the cuts accounted for the decline in their total compensation as reported in the Summary Compensation Table on page 57. Both Dr. de Geus and Dr. Chan received the same cash incentive payment in fiscal 2014 as in fiscal 2013. In both years, both Dr. de Geus and Dr. Chan requested, and received, reductions in their calculated incentive payment in order to assist the Compensation Committee in meeting budgetary goals for EIP awards for the rest of the management team, as described in more detail below.

In setting compensation for fiscal 2014, the Compensation Committee maintained its position from fiscal 2013 that our Co-CEOs should be paid equally in alignment with their shared leadership role. The Compensation Committee continues to believe that our Co-CEOs are co-equal in their contributions and responsibilities, while offering different perspectives and unique abilities that continue to benefit Synopsys.

**Other NEOs.** Lower cash incentive payments accounted for the decline in total compensation for Mr. Beattie and Mr. Logan in fiscal 2014, as reported in the Summary Compensation Table on page 57. While Mr. Logan received a promotional stock option grant and a modest salary increase in recognition of his promotion to Executive Vice President in fiscal 2014, they were outweighed by his reduced cash incentive payment. Our remaining NEOs did not serve with us for the full fiscal year: Mr. Runkel joined Synopsys in May 2014 and Mr. Cabrera resigned in January 2014.

**Salaries**

The Compensation Committee did not adjust salaries for our Co-CEOs and Mr. Beattie because the Committee believed their salaries continued to be appropriate for their roles and responsibilities and because they remained within our peer group guideline range.
The Compensation Committee increased Mr. Logan’s salary by approximately 5% for fiscal 2014 in recognition of his promotion to Executive Vice President at the beginning of fiscal 2014. His salary remained within the 25th to 50th percentiles of our peer group. The Compensation Committee increased the fiscal 2014 salary for Mr. Cabrera based on a promotion he received during fiscal 2013. When Mr. Runkel joined Synopsys in May 2014, the Compensation Committee selected a salary it deemed appropriate for his role and level of experience, and at a level that was within the 25th to 50th percentiles of our peer group.

The Compensation Committee has sparingly adjusted NEO salaries over the past five fiscal years:

Cash Incentive Payments

Target levels for our NEOs’ cash incentive payments remained the same in fiscal 2014 as the Compensation Committee believed they continued to provide an appropriate level of incentive. Although Mr. Logan’s target remained at 145% of his salary, his target cash incentive payment for fiscal 2014 increased due to the approximately 5% increase in his salary, as described above.

**Revenue Predictability Goal**

| Fiscal 2016 revenue backlog(1)                   | *(2)                | 119.3%                 |

(1) Revenue backlog for a particular year is the portion of committed orders not yet recognized as revenue but that we expect to be recognized in that particular year, measured as of the end of the current fiscal year.

(2) We consider our second-year revenue backlog target to be confidential, and the disclosure of this target would cause us competitive harm.

In December 2014, our Compensation Committee met with Dr. de Geus to discuss the fiscal 2014 performance of each of the other NEOs, calculate potential cash incentive payments, and determine the actual incentive payments. Based on our achievement of EIP performance goals, the calculation of cash incentive payments using the EIP’s payment formula would have yielded awards of approximately 147.6% of our NEOs’ target payments. However, to meet budgetary goals, the Compensation Committee reduced total EIP awards below this level. Nearly all of the reduction came at the expense of the awards for Dr. de Geus and Dr. Chan, who had each previously requested that any cuts be made at the expense of their cash incentive payments, in order to maintain parity with their executive team. Each of their awards was reduced by approximately 8% from their calculated levels under the EIP payment formula. Dr. de Geus and Dr. Chan made a similar request in fiscal 2013, and they received the same cash incentive payment in fiscal 2013 as in fiscal 2014. In addition, the Compensation Committee reduced Mr. Runkel’s calculated cash incentive payment by approximately 8% as he did not have the same role in guiding our fiscal 2014 performance as our other NEOs due to joining Synopsys mid-year.
After careful consideration, the Compensation Committee approved the following fiscal 2014 cash incentive payments for Dr. de Geus, Dr. Chan, and our other NEOs:

<table>

(1) If Mr. Runkel had served for a full fiscal year, his target cash incentive payment would have been $245,000. Because he joined mid-year, his target was based on his prorated salary.

(2) Mr. Cabrera resigned from Synopsys effective as of January 31, 2014 and thus did not receive any cash incentive payment for fiscal 2014.

**Equity Awards**

The table below provides the grant date fair value of the stock options and performance-based RSUs (PRSUs) granted to our NEOs in fiscal 2014, as well as the number of PRSU shares that were earned and became eligible to vest based on our achievement of our PRSU performance goal. We reported $399.1 million in non-GAAP net income in fiscal 2014, 101.6% of our fiscal 2014 PRSU performance goal of $392.7 million. As a result, the full amounts of granted PRSU shares were earned and became eligible to vest, and 25% of those eligible shares vested in December 2014.

The Compensation Committee generally granted our NEOs less in annual equity awards by grant date fair value for fiscal 2014, chiefly to meet equity budget constraints. The Compensation Committee carefully monitors our equity budget to manage potential stockholder dilution and to preserve internal pay equity between NEOs and our employees in general. As a result of budgetary considerations, the total value of equity awards for each of our NEOs other than Mr. Logan was below the 50th to 60th percentiles of our peer group. Mr. Logan was below the 50th to 60th percentiles of our peer group in order to reflect the broader role he took on at the beginning of the year, which included the leadership of our corporate marketing organization.

Equity compensation decreased by approximately 15% for our Co-CEOs. Mr. Logan and Mr. Beattie received one-time special recognition stock option awards for fiscal 2014. Mr. Logan’s award was in recognition of his promotion to Executive Vice President and increased responsibility, while Mr. Beattie was recognized for his leadership in managing our finance organization in a challenging global macroeconomic environment. Both awards vest over four years. But for these special recognition awards, Mr. Logan and Mr. Beattie’s equity compensation would have slightly decreased compared to fiscal 2013.
Mr. Runkel received new-hire restricted stock units, rather than PRSUs, in connection with joining Synopsys in May 2014. This award vests based on service over three years, aiding in retention and the alignment of his interests with the long-term interests of our stockholders. Other than this grant, and Mr. Logan and Mr. Beattie’s promotional stock option awards, there were no new-hire, promotional or special recognition restricted stock unit awards for our NEOs in fiscal 2014.

(1) Stock options vest in 6.25% increments every three months over a period of four years, as long as the NEO provides continuous service to us.
(2) The PRSU performance goal was achieved at 101.6%, and accordingly, 25% of these PRSU shares vested on December 12, 2014. The remaining 75% of these shares is scheduled to vest in three equal annual installments beginning on December 8, 2015, as long as the NEO provides continuous service to us.
(3) New-hire RSUs granted to Mr. Runkel vest in three equal annual installments beginning on June 15, 2015, as long as Mr. Runkel provides continuous service to us.
(4) The new-hire stock option granted to Mr. Runkel vests as to 25% of the shares underlying the option on the first anniversary of the grant date and in 6.25% increments every three months thereafter, as long as Mr. Runkel provides continuous service to us.
(5) Mr. Cabrera resigned from Synopsys effective as of January 31, 2014, prior to vesting of any of these awards.

Other Benefits

**General Health and Welfare Benefits.** Our NEOs are eligible to participate in a variety of employee benefit plans on the same terms as our other employees, including medical, dental and vision care plans, life and disability insurance, our tax-qualified 401(k) plan, and our Employee Stock Purchase Plan. We believe these benefits are consistent with benefits provided by our peer group and help us to attract and retain high quality executives.

In fiscal 2015, we changed our time-off policy for all U.S. employees. Under our new policy, exempt employees do not accrue paid time off and are not limited to or allotted a specific amount of paid time off. We froze such employees’ earned time off as of January 3, 2015, and the frozen amount will be paid to employees, including our NEOs, in two installments in July 2015 and March 2016 (or earlier on a termination of employment, if required by applicable law).

**Perquisites & Other Benefits.** No perquisites or other special executive benefits were given to our NEOs in fiscal 2014. In general, Synopsys and our Compensation Committee do not provide perquisites to our NEOs.

**Deferred Compensation Plans.** In 1996, the Compensation Committee established a deferred compensation program that allows our NEOs and other highly compensated individuals to save a portion of their compensation on a tax-deferred basis. We offer this program in order to remain competitive with a number of our peer companies and because the tax benefit it offers comes at a relatively low cost to us. The program is currently administered through two deferred compensation plans (one of which is “grandfathered” and closed to new participants). Under these plans, our NEOs and other highly compensated employees may elect to defer up to 50% of their salaries and up to 100% of their cash incentive compensation. Distributions from the deferred compensation plans are generally payable upon termination of employment and are made over 5 to 15 years or as a lump sum,
at the option of the participant. We do not make any matching or discretionary contributions to the plans, there are no guarantees or minimum returns on investments, and undistributed amounts under the plans are subject to the claims of our creditors.

Severance and Change of Control Benefits

Executive Change of Control Severance Benefit Plan. For the benefit of certain key executives, we maintain an Executive Change of Control Severance Benefit Plan (Change of Control Plan), which was approved by our Board of Directors in March 2006 and amended in December 2008. Each of our NEOs is covered under the Change of Control Plan, except Drs. de Geus and Chan, whose benefits are described below. The Change of Control Plan provides for limited cash and equity benefits in the event an executive’s employment is terminated in connection with a change of control of Synopsys. The Compensation Committee believes these incentives would help us retain our executives, and therefore maintain the stability of our business, during the potentially volatile period accompanying a change of control. The Compensation Committee believes the benefits are also comparable to benefits offered by our peer group, which helps us attract talented executives and maintain a consistent management team.

The Change of Control Plan only provides benefits if there is a “double trigger”: in addition to requiring a change of control of Synopsys, benefits are only provided if either (i) the eligible executive is involuntarily terminated without cause during the 30 days before or 12 months after the change of control; or (ii) there is a constructive termination of the executive within 12 months after the change of control. “Change of control,” “involuntary termination without cause,” and “constructive termination” are defined in the Change of Control Plan. We are not required to pay any tax gross-up amounts under the Change of Control Plan. To receive benefits, the executive must sign a release and severance agreement and, upon written request, enter into an 18-month non-competition agreement. Furthermore, benefits are subject to immediate termination, or recovery, under certain circumstances, such as an executive’s breach of our proprietary information or confidentiality agreements, breach of our non-solicitation and non-compete agreements, or interference with our existing business relationships.

Our potential payment obligations under the Change of Control Plan are described in the section titled “Potential Payments upon Termination or Change of Control” below on page 66 of this Proxy Statement.

Severance and Change of Control Arrangements for Dr. Aart de Geus and Dr. Chi-Foon Chan. Drs. de Geus and Chan are not covered by the Change of Control Plan described above but are eligible for severance and change of control benefits through their respective employment agreements, which were entered into in October 1997 and amended in March 2006 and June 2008. As with our other NEOs, we believe that the change of control benefits we offer are reasonable, consistent with benefits offered by our peer group, and would help retain the focused services of Drs. de Geus and Chan in the event of a change of control transaction. We further offer severance benefits to Drs. de Geus and Chan, which are only provided for an involuntary termination, because the benefits help us remain competitive for their services, are comparable to the benefits provided by our peer group to similarly situated executives, and are reasonable in amount.

The severance and change of control provisions are the same in each agreement. Change of control benefits require a “double trigger”: they are only provided for (i) an involuntary termination of employment without cause within 24 months following a change of control or (ii) a voluntary resignation of employment for good reason within 24 months following a change of control. Severance benefits are only payable for (a) an involuntary termination without cause or (b) a voluntary resignation for good reason. The terms “change of control,” “involuntary termination,” “cause,” and “good reason” are defined in the agreements. To receive benefits, Drs. de Geus and Chan must sign a waiver and release of claims. We are not required to pay any tax gross-up amounts under these agreements. These agreements also provide that a portion of the cash benefits payable in connection with an involuntary termination (apart from a change of control) will not be paid if Dr. de Geus or Dr. Chan, as applicable, engage in misconduct, including unauthorized disclosure of our trade secrets or confidential information or willful violations of our written policies, within six months of termination.
Our potential payment obligations under the employment agreements of Drs. de Geus and Chan are described in the section titled "Potential Payments upon Termination or Change of Control" below on page 66 of this Proxy Statement.

**Equity Plans.** If we are acquired or involved in a similar corporate transaction, and the surviving company does not assume, replace or otherwise continue all of our outstanding equity awards, our equity incentive plans generally provide that such awards will fully vest. Corporate transactions under the plans generally include a sale or other disposition of 90% or more of our outstanding securities, a sale or other disposition of substantially all of our assets, a merger or consolidation in which we are not the surviving company, or a merger or consolidation in which we are the surviving company but our outstanding shares are converted into other property. We provide this benefit to all employees who hold equity awards under our plans to promote the stability and focused service of our workforce during a potentially uncertain time. Our Compensation Committee believes this benefit encourages our employees to work diligently towards the completion of a transaction that would potentially maximize stockholder value, even when our employees’ own equity awards would not survive the transaction.

**Other Policy Considerations**

**Stock Ownership Guidelines.** Our Compensation Committee has maintained stock ownership guidelines since fiscal 2003 to further align the interests of our senior management with those of our stockholders. Under our current guidelines, individuals employed in certain specified positions are encouraged to achieve the recommended stock ownership level within four years. The stock ownership recommendations for our NEOs are: Dr. de Geus—50,000 shares; Dr. Chan—50,000 shares; Mr. Beattie—10,000 shares; Mr. Logan—10,000 shares; Mr. Runkel—10,000 shares; and Mr. Cabrera—10,000 shares. As of January 31, 2015, each of our NEOs held the recommended number of shares, other than Mr. Runkel, who joined Synopsys in May 2014 and has not yet served for four years. Our Co-CEOs each held at least four times their recommended number of shares, as of that date.

**Equity Grant Timing Policy.** We generally grant equity awards to executives at the beginning of each fiscal year at a Compensation Committee meeting that is typically scheduled more than a year in advance. For stock option grants, the Compensation Committee sets the exercise price at the closing price of our common stock on the NASDAQ Global Select Market on the date of the meeting. We generally plan to hold the meeting within two weeks after the release of our financial results so that the option exercise price reflects a fully-informed market price. In the event the meeting falls before the release of our financial results, the Compensation Committee will approve the stock option grants prior to the release of our results but set the exercise price to be the market closing price on the second trading day following the release. In the case of new-hire, promotional, or special recognition equity grants for executives, the Compensation Committee typically grants such awards shortly after the hiring, promotion or special achievement occurs, unless it is during a closed company trading window, which includes periods immediately preceding the release of our financial results.

**Burn Rate.** Each fiscal year, the Compensation Committee approves an annual gross equity budget to closely manage our equity compensation share reserve and stockholder dilution. The Compensation Committee endeavors to achieve a gross burn rate that approximates the average rate for our peer group companies as well as for the software and services industry more generally, and to achieve burn rates that are within the limits published by independent shareholder advisory groups, such as Institutional Shareholder Services (referred to in this Proxy Statement as ISS). Our gross burn rate for each of the last several years was well within the guidelines recommended by ISS.

**Tax Deductibility of NEO Compensation.** Section 162(m) of the Internal Revenue Code generally limits the amount of NEO compensation we may deduct for annual federal income tax purposes to $1 million per NEO. However, compensation that qualifies as “performance-based” under Section 162(m) may be excluded from the $1 million limit. Our EIP is intended to permit us to pay “performance-based” cash compensation, and our Compensation Committee may grant equity awards intended to qualify as “performance-based” compensation. Although our Compensation Committee considers the deductibility of the compensation it awards, it retains the flexibility to award compensation that is consistent with our objectives and philosophy even if it does not qualify for a tax deduction.
Clawback Policy. In December 2008, our Board of Directors adopted a Compensation Recovery Policy, which allows us to recover or “clawback” cash and equity compensation paid to covered employees under certain circumstances. Pursuant to the policy, we may require a covered employee to return all or a portion of any compensation paid or received after January 1, 2009, if: (1) the compensation was based on the achievement of financial results, and the results were the subject of a substantial restatement of our financial statements as filed with the Securities and Exchange Commission; and (2) less compensation would have been earned by the employee based on the restated financial results. Our Board of Directors has the sole authority to enforce this policy, and it is limited by applicable law. Each of our NEOs is subject to our Compensation Recovery Policy.

No Hedging Transactions. Our insider trading policy prohibits our employees, including our NEOs, and directors from engaging in hedging transactions in our common stock.

No Pledging. Our insider trading policy prohibits our employees, including our NEOs, and directors from holding our common stock in a margin account or pledging it as collateral for a loan.

Fiscal 2015 Target NEO Compensation Decisions
For fiscal 2015, the Compensation Committee maintained an overall compensation philosophy consistent with our philosophy for fiscal 2014, continuing our emphasis on pay for performance. With respect to peer group data, the Compensation Committee referred to the 50th to 75th percentiles of our peers for fiscal 2015 target total direct compensation. The Compensation Committee selected this broader range, as compared to prior years in which we referred to the 50th to 60th percentiles, as it provides more meaningful differentials in pay levels, and because this data range is more readily available and we believe more comparable to what our peer companies use in setting compensation. Nonetheless, the Compensation Committee set target total direct compensation at roughly flat or lower levels for each of our NEOs other than Mr. Beattie and Mr. Logan, whose compensation reflects broader roles and responsibilities.

The Compensation Committee also continued to look to salary ranges below the 25th percentile of our peer group as a guide for our Co-CEOs, and to the 25th to 50th percentile as a guide for our other NEOs, in order to continue to emphasize performance-based compensation in our NEOs’ compensation mix. While the Compensation Committee reviewed peer group data for other individual components of compensation for context, it did not use specific percentile ranges as a guideline for fiscal 2015. In all, performance-based compensation is targeted at approximately 88% of total direct compensation for our Co-CEOs and at approximately 79% for our other NEOs, as a group, in fiscal 2015.

In the first quarter of fiscal 2015, Mr. Beattie was promoted to Executive Vice President, Business Operations and Chief Administrative Officer. Trac Pham was appointed our Chief Financial Officer, and decisions regarding Mr. Pham’s direct compensation for fiscal 2015 are described below. Mr. Pham participates in the Change of Control Plan and other benefits available to our NEOs, described above. He does not have an employment agreement with us. The Compensation Committee made all fiscal 2015 NEO compensation decisions at its pre-scheduled December 2014 meeting.

Salaries
To reflect Mr. Beattie’s promotion and his added responsibilities, the Compensation Committee increased his salary by 10%. The Compensation Committee set Mr. Pham’s salary based on his level of experience and our historical levels for the role. All other NEO salaries remain the same in fiscal 2015.
Cash Incentive Targets

The Compensation Committee adjusted target cash incentive payments for Mr. Beattie and Mr. Logan and kept targets the same for our other NEOs. To reflect Mr. Beattie’s promotion, the Compensation Committee increased his salary, as described above. At the same time, the Compensation Committee reduced his target cash incentive payment, which is expressed as a percentage of salary, in order to minimize the total increase, in dollar terms, compared to fiscal 2014. In all, Mr. Beattie’s total target cash compensation increased by 5% for fiscal 2015.

The Compensation Committee increased Mr. Logan’s target cash incentive payment from 145% to 150% to recognize his important role in attaining our performance goals. Mr. Pham’s target cash incentive payment was set at 80%, based on his level of experience and our historical levels for the role.

The Compensation Committee also continued to use the financial performance metrics in the EIP in setting performance goals for fiscal 2015. Our Compensation Committee believes the fiscal 2015 EIP performance goals are realistic but not easily achievable.

Equity Awards

The Compensation Committee approved equity grants to our NEOs for fiscal 2015. The grants were split equally between stock options and PRSUs based on grant date fair value. On a grant date fair value basis, our Co-CEOs received approximately 3% more in equity awards than in fiscal 2014. In recognition of his new role, Mr. Beattie received a one-time promotional stock option grant, which has the same vesting schedule as the other stock options granted to our NEOs. Mr. Logan received approximately 18% more in equity grants, by value, because the Compensation Committee believes his role in guiding our overall performance has continued to grow. Mr. Runkel received approximately 20% less, by value, compared with fiscal 2014 as he had received larger new-hire equity grants upon joining Synopsys in May 2014. The Compensation Committee determined the value of Mr. Pham’s equity awards based on his level of experience, our historical levels for his role, and our equity budget.

The PRSU awards granted to our NEOs are subject to a performance condition that, as in past practice, is based on a non-GAAP net income goal. All awards are subject to time-based vesting. Our Compensation Committee believes that the PRSU performance goal is realistically possible to achieve but still challenging.

Conclusion

We remain strongly committed to our pay-for-performance philosophy. As a result of the compensation program described above, the majority of each NEO’s compensation depends upon the achievement of our business goals. Our Compensation Committee gives careful consideration to each core element of direct compensation for each NEO. The Compensation Committee believes our NEO compensation program is effective in advancing our goals, reasonable in light of the programs of our peers, and responsible in encouraging our NEOs to work for crucial innovation, business growth and outstanding stockholder returns, without promoting unnecessary or excessive risks.
Compensation Risk Assessment

Our Compensation Committee aims to establish company-wide compensation policies and practices that reward contributions to long-term stockholder value and do not promote unnecessary or excessive risk-taking. In furtherance of this objective, in late 2014, our Compensation Committee conducted an assessment of our compensation arrangements, including those for our NEOs. The assessment process included, among other things, a review of our (1) compensation philosophy, (2) compensation at peer group companies, (3) our compensation mix and (4) the terms and payments under our cash and equity incentive plans. As part of that review, our Compensation Committee asked Radford, its independent compensation consultant, to perform a detailed review of our cash and equity compensation plans in comparison to market practices.

In its review, among other factors, our Compensation Committee considered the following:

- Our revenue model and our cash incentive plan encourage our employees to focus on creating a stable, predictable stream of revenue over multiple years, rather than focusing on current year revenue at the expense of succeeding years.
- The Compensation Committee believes that the allocation of compensation among our core compensation elements effectively balances short-term performance and long-term performance.
- Our cash and equity incentive awards focus on both near-term and long-term goals and, in the case of equity incentive awards, provide for compensation over a four-year period, to encourage our NEOs to remain focused on our performance beyond the immediate fiscal year.
- The performance goals for our cash and equity incentive awards use a variety of performance metrics, which diversifies the risk associated with any one metric or aspect of performance.
- Our cash and equity incentive awards contain a range of performance levels and payouts to discourage executives from taking risky actions to meet a single target with an all-or-nothing result of compensation or no compensation.
- Our EIP caps cash incentive payments at a maximum award size. In addition, the Compensation Committee retains negative discretion to reduce our NEOs’ incentive payments under the plan.
- Our cash incentive payments and equity awards are subject to a clawback policy to recover compensation in the event of a substantial financial restatement.
- Our executives are encouraged to hold a meaningful number of shares of our common stock under our stock ownership policy.

Based upon this assessment, our Compensation Committee believes that our company-wide compensation policies and practices are reasonable and encourage appropriate behaviors without creating risks that are reasonably likely to have a material adverse effect on us.
### Summary Compensation Table

The following table shows compensation awarded to, paid to, or earned by each of our fiscal 2014 executive officers, who consist of Dr. de Geus and Dr. Chan, our Co-Chief Executive Officers; Mr. Beattie, our current Executive Vice President, Business Operations and Chief Administrative Officer, who served as our Chief Financial Officer during all of fiscal 2014; Mr. Logan and Mr. Runkel, our two other executive officers; as well as Mr. Cabrera, our former executive officer who resigned from Synopsys effective January 31, 2014 (collectively, NEOs). The table shows compensation for services performed during fiscal 2014, fiscal 2013, and fiscal 2012.

(1) The amounts shown for stock awards and option awards represent the aggregate grant date fair value of such awards granted to our NEOs in fiscal 2014, fiscal 2013 and fiscal 2012 as computed in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 718, Compensation—Stock Compensation, excluding the effect of forfeitures. For each award, the grant date fair value is calculated using the closing price of our common stock on the grant date and, in the case of performance-based restricted stock unit awards, assuming 100% probability of achievement of performance conditions as of the grant date. These amounts do not represent the actual value that may be realized by the NEO upon vesting or exercise of such awards. For information on the assumptions used to calculate the value of the awards, refer to Note 10 to the consolidated financial statements contained in our 2014 Annual Report on Form 10-K.

(1) The Compensation Committee approved Mr. Runkel’s possible cash awards for fiscal 2014 under the EIP and new-hire equity grants on May 6, 2014, prior to Mr. Runkel’s start date on May 19, 2014. As Synopsys had not yet released its financial results for its second fiscal quarter ended May 3, 2014, the Compensation Committee set the effective grant date for Mr. Runkel’s equity awards to be the second business day after such release, May 23, 2014.

(2) Represents possible cash awards for fiscal 2014 under the EIP. Cash awards paid to NEOs under the EIP are dependent on the achievement of certain performance targets, as well as the level of achievement. The amounts listed under the “Threshold” column represent the cash awards payable to NEOs under the EIP at a 90% average achievement of the Corporate Financial Goals described in “Compensation Discussion and Analysis” beginning on page 35 under the section titled “Cash Incentive Payment.” Pursuant to the EIP, if the average achievement of the Corporate Financial Goals is below 90%, no cash awards are paid. The amounts listed under the “Target” column represent the cash awards payable in fiscal 2014 at a 100% average achievement of the Corporate Financial Goals. The amounts listed under the “Maximum” column represent the maximum cash awards payable, which for each NEO equal the lesser of $2 million or 200% of the NEO’s target variable cash incentive compensation. Actual cash awards paid to the NEOs for fiscal 2014 are reported in the Summary Compensation Table on page 57 under the “Non-Equity Incentive Plan Compensation” column.

(3) Represents stock awards that are eligible to vest only upon achievement of pre-established performance goals. Such awards are granted as restricted stock units and are issued as an equivalent number of shares of our common stock following vesting. The vesting criterion for the target award was the achievement of $392.7 million of non-GAAP net income for fiscal 2014, as further described in “Compensation Discussion and Analysis” beginning on page 35 under the section titled “Equity Awards.” The amounts listed under the “Target” and “Maximum” columns represent the stock awards eligible to vest if 100%, or more than 100%, respectively, of such non-GAAP net income target is achieved. The amounts listed under the “Threshold” column represent the stock awards eligible to vest if 95% of the non-GAAP net income target is achieved. If less than 95% of the non-GAAP net income target is achieved, no stock awards are eligible to vest. As the target vesting criterion was achieved at more than 100%, 25% of each respective maximum award vested on December 12, 2014, and the remaining 75% of each respective award is scheduled to vest in three equal annual installments beginning on December 8, 2015, so long as the NEO provides continuous services to us.

(4) Represents a new-hire equity grant made to Mr. Runkel. This stock award is granted as restricted stock units and is converted into an equivalent number of shares of our common stock following vesting. This award vests in three equal annual installments beginning on June 15, 2015, so long as Mr. Runkel provides continuous services to us.
(5) Represents the fair value of the stock and option awards on the grant date. These amounts do not represent the actual value that may be realized by the NEO upon vesting or exercise of such awards. For information on the assumptions used to calculate the fair value of the option awards, refer to Note 10 to the consolidated financial statements contained in our 2014 Annual Report on Form 10-K.

(6) 6.25% of the shares subject to such non-statutory stock options vested on the three-month anniversary of the grant date, and vesting will continue as to 6.25% quarterly thereafter, so long as the NEO provides continuous services to us.

(7) 25% of the shares subject to such non-statutory option will vest on the one-year anniversary of the grant date, and vesting will continue as to 6.25% of such shares quarterly thereafter, so long as Mr. Runkel provides continuous services to us.

(8) Represents the closing price of our common stock as reported on the NASDAQ Global Select Market on December 12, 2013, the effective date of grant of these awards.

(9) Represents the closing price of our common stock as reported on the NASDAQ Global Select Market on May 23, 2014, the effective date of grant of this award.

(10) Mr. Cabrera resigned from Synopsys effective January 31, 2014. He resigned prior to the vesting of the equity awards reflected in this table, and such awards were cancelled upon his resignation. Mr. Cabrera was not eligible to receive the possible cash award under the EIP reflected in this table due to his resignation during the fiscal year.

(1) The value realized on exercise equals the difference between (a) either (i) the actual sales price of our common stock underlying the options exercised if the shares were immediately sold or (ii) the closing price per share of our common stock as reported on the NASDAQ Global Select Market on the date of exercise if the shares were held and (b) the applicable exercise price of such stock options.

(2) Such number of shares represents the gross number of shares acquired by the NEO on the vesting date. Synopsys withholds shares for tax purposes and the NEO actually receives a smaller number of shares.

(3) The value realized on vesting equals the closing price per share of our common stock as reported on the NASDAQ Global Select Market on the vesting date multiplied by the gross number of shares acquired on vesting as described above in note (2).
We maintain a non-qualified deferred compensation program for a select group of management and highly compensated employees so that an eligible employee may elect, on a prospective basis, to defer the receipt of a portion of the compensation they receive from us. The program is administered under two plans: the Synopsys Deferred Compensation Plan (Deferred Compensation Plan I) and the Synopsys Amended and Restated Deferred Compensation Plan II (Deferred Compensation Plan II). The amount of earnings (or losses) that accrue to a participant's account under either the Deferred Compensation Plan I or the Deferred Compensation Plan II depends on the performance of investment alternatives selected by the participant. The investment alternatives under both plans consist of various investment funds that are generally consistent with the investment opportunities provided to our employees under our 401(k) plan, which are selected and monitored by our Deferred Compensation Plans Committee. Therefore, we do not regard the returns from these investment alternatives as above-market or preferential. We do not supplement or guarantee the returns on amounts deferred under either plan. We have entered into a trust agreement, with a third party provider acting as trustee, to hold certain funds in connection with the program. All funds held in the trust are subject to the claims of our creditors.

The Deferred Compensation Plan I administers the elective deferrals made by eligible employees, including Dr. Chan, prior to January 1, 2005. No further contributions may be made to the Deferred Compensation Plan I; however, gains and losses and distributions and withdrawals continue to be processed on existing account balances in accordance with the terms of the Deferred Compensation Plan I as of December 31, 2004. All accrued balances maintained under the Deferred Compensation Plan I are fully vested. Amounts may be withdrawn from the plan pursuant to elections made by the participants in accordance with the terms of the Deferred Compensation Plan I, including elective withdrawals subject to a 10% forfeiture.

The Deferred Compensation Plan II was originally adopted in 2005 in order to comply with Section 409A of the Internal Revenue Code, and currently allows the deferral by eligible employees of up to 50% of salary and 100% of cash incentive compensation. All account balances maintained under the Deferred Compensation Plan II are currently fully vested. However, we may, at our discretion, make contributions in the future toward participant balances, and those contributions may be made subject to vesting. To date, no such contributions have been made. Amounts may be withdrawn or distributed from the Deferred Compensation Plan II through pre-scheduled payments or upon death, retirement, disability, separation from service or a change in control of Synopsys, as elected in advance by the plan participant in accordance with the terms of the plan. Payments may be made in the form of a lump sum payment or installments.

Potential Payments upon Termination of Employment or Change of Control

Set forth below is a description of potential payments to our NEOs upon a termination of employment or a change of control. For additional information regarding the arrangements for such payments, please also refer to the “Severance and Change of Control Benefits” discussion in the Compensation Discussion and Analysis section beginning on page 35.

Potential Payments upon Involuntary Termination of Employment in Connection with a Change of Control

The table below outlines the potential payments and benefits payable to each NEO in the event of the NEO’s involuntary termination in connection with a change in control of Synopsys, as if the involuntary termination in connection with a change of control had occurred as of November 1, 2014, the last day of fiscal 2014. The payments set forth below are payable to Dr. de Geus and Dr. Chan pursuant to their employment agreements and to Mr. Beattie, Mr. Logan, and Mr. Runkel pursuant to the Executive Change of Control Severance Benefit Plan.

In the event of an involuntary termination of their respective employment other than for cause within 24 months following a change of control of Synopsys, Dr. de Geus and Dr. Chan are each entitled to receive: (1) a lump-sum cash payment equal to two times his base compensation for the current fiscal year or the immediately preceding fiscal year, whichever is greater; (2) a lump-sum cash payment equal to two times his target cash incentive payment for the current fiscal year or, if there is no target cash incentive payment in effect for the current fiscal year, the highest target cash incentive payment in the preceding three fiscal years; (3) the estimated cash value of his health care premiums for 18 months, payable in a lump sum; and (4) full acceleration of all unvested stock options and other equity awards. Dr. de Geus and Dr. Chan must sign a release in order to receive benefits should a qualifying termination occur. Pursuant to their respective employment agreements, no benefits are paid if the employment termination is voluntary or for cause.

Mr. Beattie, Mr. Logan, and Mr. Runkel participate in the Executive Change of Control Severance Benefit Plan, which provides for benefits if the executive’s employment with us is terminated without cause within 30 days before or 12 months after a change of control or there is a constructive termination of the executive’s employment within 12 months after a change of control. The benefits consist of: (1) a cash severance payment equal to one year of salary, payable in four equal quarterly payments; (2) one to two times the executive’s target cash incentive payment, depending upon the timing of the termination within our fiscal year, payable in four equal quarterly payments; (3) a lump-sum cash payment equal to the estimated cost of health care premiums for 12 months; and (4) full acceleration of all unvested stock options and other equity awards held by the executive at the time of termination. An executive must sign a severance agreement and a release and, upon the written request of Synopsys or the surviving corporation in the change of control, enter into an 18-month non-competition agreement in order to receive benefits should a qualifying termination occur. The plan does not provide any benefits if the executive’s employment termination is voluntary or for cause.
### Potential Payments upon a Change of Control

Pursuant to our equity plans, all of our employees receive full acceleration of the vesting of any unvested stock options or stock awards in the event that such equity awards are not assumed, continued or substituted by the surviving or acquiring company following a change of control of Synopsys. The table below outlines the potential payments and benefits payable to each NEO in the event of a change in control of Synopsys in which equity awards are not assumed, continued or substituted, as if the change of control had occurred as of November 1, 2014, the last day of fiscal 2014. Vesting acceleration of equity awards if such equity awards are not assumed, continued or substituted is the only benefit provided to our NEOs in the event of a change of control in which the executive is not involuntarily terminated.

(1) Amounts represent the intrinsic value of accelerated restricted stock units and stock options based upon the closing price per share of our common stock on October 31, 2014, the last trading day of fiscal 2014, of $40.98 as reported on the NASDAQ Global Select Market.

(2) As Mr. Cabrera resigned from Synopsys as of January 31, 2014, he would not have been eligible for any potential payment or benefit in the event of a change of control occurring as of November 1, 2014.
Potential Payments upon Involuntary Termination of Employment

Dr. de Geus and Dr. Chan are the only NEOs who are entitled to severance benefits in the event their employment is involuntarily terminated not in connection with a change of control. No benefits are paid if their termination is for cause or is a voluntary termination without good reason. "Cause" and "good reason" are defined in Dr. de Geus and Dr. Chan’s respective employment agreements. The table below outlines the potential amounts payable to each NEO in the event of such an involuntary termination, as if such event had occurred as of November 1, 2014, the last day of fiscal 2014. Pursuant to their respective employment agreements, Dr. de Geus and Dr. Chan would each receive: (1) a lump-sum cash payment equal to his base compensation during the fiscal year or immediately preceding fiscal year, whichever is greater; (2) a lump-sum cash payment equal to the target cash incentive payment then in effect or, if there is no target cash incentive payment in effect for such year, the highest target cash incentive payment in the three preceding years provided he does not engage in certain conduct for six months following the termination date; and (3) the estimated cash value of his health care premiums for 12 months, payable in a lump sum. Dr. de Geus and Dr. Chan must sign a release in order to receive benefits should a qualifying termination occur.

Director Compensation

Our non-employee directors are compensated for serving on our Board. We do not pay our employees who serve on our Board of Directors any additional compensation for Board membership. Our Compensation Committee reviews our non-employee director compensation with the assistance of a compensation consultant it has determined to be objective and free of conflicts of interest. The Compensation Committee reviews such compensation biennially, at a minimum, and recommends adjustments as appropriate.

Our non-employee director compensation consists of cash and equity awards. We also reimburse directors for out-of-pocket expenses for travel to Board meetings in accordance with our Corporate Travel Policy.

**Cash**

We pay non-employee directors an annual retainer of $125,000 for serving on our Board. We also pay a per meeting fee to members of the Audit Committee of our Board of Directors equal to $2,000 per committee meeting ($4,000 for the Audit Committee chair), up to an annual maximum of $8,000 ($16,000 for the Audit Committee chair). The retainers and meeting fees are paid in advance in four equal payments at our regularly scheduled quarterly Board meetings.

**Equity**

Non-employee directors are eligible to receive equity awards under the 2005 Non-Employee Directors Equity Incentive Plan. The plan provides for automatic grants of equity awards to non-employee members of our Board upon their initial appointment or election, and upon their re-election each year.

**Initial Awards.** New non-employee directors receive (1) an initial stock option for 30,000 shares, vesting in equal installments on the date preceding each of the first four annual stockholders’ meetings following the grant date, subject to continued Board service through each vesting date and (2) if appointed to our Board less than eleven months since the most recent annual meeting of stockholders, an "interim award," in the form of stock options, representing an annual award prorated for the period of time remaining until the next annual meeting of stockholders.

**Annual Awards.** Each re-elected non-employee director receives an annual award comprised of either a stock option grant, a restricted stock grant or a combination of both, as determined by our Board each year. The annual award has an aggregate total fair value on the date of grant equal to the annual cash retainer of $125,000 described above. To the extent the annual award is in the form of a stock option, the award vests in 36 equal monthly installments after the grant date, subject to continued Board service. To the extent the annual award is in the form of restricted stock, the award vests in three equal annual installments on the day before each of the three annual meetings of stockholders immediately following the grant date, subject to continued Board service. In the event of a change of control or similar transaction, the vesting of unvested grants will generally accelerate unless assumed by the successor company. Our Board of Directors elected to receive restricted stock for the annual award for fiscal 2014 and, as a result, we issued 3,229 shares of restricted stock to each non-employee director.
The following table sets forth a summary of the compensation paid to our non-employee directors for services in fiscal 2014.

(1) These amounts represent the aggregate grant date fair values, computed in accordance with ASC Topic 718, Compensation—Stock Compensation, of restricted stock awards issued pursuant to the 2005 Non-Employee Directors Equity Incentive Plan. The grant date fair value of these awards is calculated using the closing price of our common stock of $38.70 on the grant date multiplied by the 3,229 shares granted to each non-employee director. These amounts do not represent the actual value that may be realized by the director upon vesting of such awards. For information on the assumptions used to calculate the value of the awards, refer to Note 10 to the consolidated financial statements contained in our 2014 Annual Report on Form 10-K. Such stock awards vest in three equal annual installments on the day before each of the three annual meetings of stockholders immediately following the grant date. Proposal 4 — Ratification of Selection of Independent Registered Public Accounting Firm

The Audit Committee of our Board of Directors has selected KPMG LLP, our independent registered public accounting firm, to audit our consolidated financial statements for fiscal 2015. KPMG LLP has audited our consolidated financial statements since fiscal 1992. As a matter of good corporate governance, we are asking our stockholders to ratify the Audit Committee’s selection of KPMG LLP as our independent registered public accounting firm for fiscal 2015.

We expect that a KPMG LLP representative will be present at the Annual Meeting, will have the opportunity to make a statement if he or she desires to do so, and will be available to respond to appropriate questions.

Ratification of the selection of KPMG LLP requires that the holders of a majority of the shares present in person or represented by proxy and entitled to vote at the Annual Meeting, and voting on this Proposal 4, vote “For” this Proposal 4. Abstentions will not be counted as either votes cast “For” or “Against” this Proposal 4. Discretionary votes by brokers, banks and related agents on this routine proposal will be counted towards the quorum requirement and will affect the outcome of the vote.

Stockholder ratification of the appointment of KPMG LLP as our independent registered public accounting firm is not required by our Bylaws or otherwise. Nevertheless, our Board of Directors is submitting the selection of KPMG LLP to our stockholders for ratification. If our stockholders do not ratify the selection, the Audit Committee will reconsider whether or not to retain KPMG LLP. Even if the selection is ratified, the Audit Committee in its discretion may direct the selection of a different independent registered public accounting firm at any time if they determine that such a change would be in the best interests of Synopsys and our stockholders.

Our Board of Directors Recommends that You Vote FOR the Ratification of the Selection of KPMG LLP to Serve as Our Independent Registered Public Accounting Firm for Fiscal 2015

Audit Committee Pre-Approval Policies and Procedures

As required by Section 10A(j)(1) of the Exchange Act, all audit and non-audit services to be performed by our independent registered public accounting firm must be approved in advance by the Audit Committee, subject to certain exceptions relating to non-audit services accounting for less than five percent of the total fees paid to our independent registered public accounting firm which are subsequently ratified by the Audit Committee (referred to in this Proposal 4 as the De Minimis Exception). In addition, pursuant to
Section 10A(i)(3) of the Exchange Act, as amended, the Audit Committee has established procedures by which the Chairperson of the Audit Committee may pre-approve such services, provided the Chairperson subsequently reports the details of the services to the full Audit Committee. None of the non-audit services performed by KPMG LLP during fiscal 2014 or fiscal 2013 were performed pursuant to the De Minimis Exception.
Communications with Management and Independent Registered Public Accounting Firm

The Audit Committee has reviewed and discussed our audited financial statements with management. In addition, the Audit Committee has discussed with KPMG LLP, Synopsys’ independent registered public accounting firm, the matters required to be discussed by Auditing Standard No. 16, *Communications with Audit Committees*, which includes, among other items, matters related to the conduct of the audit of our financial statements. The Audit Committee has also received the written disclosures and letter from KPMG LLP required by applicable requirements of the Public Company Accounting Oversight Board regarding KPMG LLP’s communications with the Audit Committee concerning independence. The Audit Committee has discussed with KPMG LLP and reviewed KPMG LLP’s independence from Synopsys, including whether KPMG LLP’s provision of non-audit services was compatible with that independence.

Recommendation Regarding Financial Statements

Based on the review and discussions referred to above, the Audit Committee unanimously recommended to our Board that Synopsys’ audited fiscal 2014 financial statements be included in our 2014 Annual Report on Form 10-K.

(1) Beneficial ownership is determined in accordance with the rules of the Securities and Exchange Commission and generally includes voting or investment power with respect to securities. Except as indicated in the “Additional Information” column, and subject to community property laws where applicable, we believe, based on information furnished by such persons and from Schedules 13D and 13G filed with the Securities and Exchange Commission, that the persons named in the table above have sole voting and investment power with respect to all shares of common stock shown as beneficially owned by them as of January 31, 2015.

(2) Percentage of beneficial ownership is based on 153,456,797 shares of common stock outstanding as of January 31, 2015, adjusted as required by Securities and Exchange Commission rules. Shares of common stock that are subject to stock options or other convertible securities currently issuable or issuable into shares of common stock within 60 days of January 31, 2015, are deemed outstanding for the purposes of computing the percentage ownership of the person holding these stock options or convertible securities, but are not deemed outstanding for computing the percentage ownership of any other person.
Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our directors, executive officers and greater than ten percent beneficial owners of our common stock to file reports of ownership and changes in ownership with the Securities and Exchange Commission. Directors, executive officers and greater than ten percent stockholders are required by the rules and regulations of the Securities and Exchange Commission to furnish us with copies of all Section 16(a) reports they file.

Based solely on our review of the copies of the Forms 3, 4 and 5 filed by or received from our reporting persons (or written representations received from such persons), we believe that all of the Section 16 filing requirements were satisfied during fiscal 2014.

Review, Approval or Ratification of Transactions with Related Persons

Our Code of Ethics and Business Conduct requires that every employee avoid situations where loyalties may be divided between our interests and the employee’s own interests. Employees and directors must avoid conflicts of interest that interfere with the performance of their duties or are not in our best interests.

Pursuant to its written charter, the Audit Committee reviews and approves all related party transactions as such term is used in ASC Topic 850 Related Party Disclosures, or as otherwise required to be disclosed in our financial statements or periodic filings with the Securities and Exchange Commission, other than (a) grants of stock options made by our Board of Directors or any committee thereof or pursuant to an automatic grant plan, or (b) payment of compensation authorized by our Board or any committee thereof. Related party transactions include transactions between us, our executive officers and directors, beneficial owners of five percent or greater of our securities, and all other related persons specified under Item 404 of Regulation S-K promulgated by the Securities and Exchange Commission. We have adopted written policies and procedures regarding the identification of related parties and transactions, and the approval process. The Audit Committee will consider each proposed transaction in light of the specific facts and circumstances presented, including but not limited to the risks, costs and benefits to us and the availability from other sources of comparable services or products.

Certain Relationships and Related Transactions

From the beginning of fiscal 2014 until the present, there have been no (and there are no currently proposed) transactions involving an amount in excess of $120,000 in which Synopsys was (or is to be) a participant and any executive officer, director, five percent beneficial owner of our common stock or member of the immediate family of any of the foregoing persons had (or will have) a direct or indirect material interest, except the compensation arrangements described in this Proxy Statement for our named executive officers and directors and compensation arrangements with our other executive officers not required to be disclosed in this section by the rules and regulations of the Securities and Exchange Commission.

AS AMENDED BY THE BOARD OF DIRECTORS: DECEMBER 12, 2014
AMENDMENT SUBJECT TO APPROVAL BY THE STOCKHOLDERS: APRIL 2, 2015
TERMINATION DATE: APRIL 1, 2026

1. GENERAL.
   (a) Successor and Continuation of Prior Plans. The Plan is intended as the successor and
       continuation of the (i) Synopsys, Inc. 1992 Stock Option Plan, (ii) Synopsys, Inc. 1998
       Nonstatutory Stock Option Plan, and (iii) Synopsys, Inc. 2005 Assumed Stock Option Plan
       (collectively, the “Prior Plans”). Following the Effective Date, no additional stock awards
       shall be granted under the Prior Plans. Any shares remaining available for issuance pursuant to
       the exercise of options under the Prior Plans shall become available for issuance pursuant to Stock
       Awards granted hereunder. Any shares subject to outstanding stock awards granted under the
       Prior Plans that expire or terminate for any reason prior to exercise or settlement shall become
       available for issuance pursuant to Stock Awards granted hereunder. On the Effective Date, all
       outstanding stock options granted under the Prior Plans shall be deemed to be stock options
       granted pursuant to the Plan, but shall remain subject to the terms of the Prior Plans with
       respect to which they were originally granted.

   (b) Eligible Award Recipients. The persons eligible to receive Awards are Employees and
       Consultants. Non-employee Directors are not eligible to receive Awards under this Plan.

   (c) Available Awards. The Plan provides for the grant of the following Stock Awards:
       (i) Incentive Stock Options, (ii) Nonstatutory Stock Options, (iii) Restricted Stock Unit Awards,
           (iv) Stock Appreciation Rights, (v) Performance Stock Awards, and (vi) Other Stock Awards. The
           Plan also provides for the grant of Performance Cash Awards.

   (d) Purpose. The Company, by means of the Plan, seeks to secure and retain the services of
       the group of persons eligible to receive Stock Awards as set forth in Section 1(b), to provide
       incentives for such persons to exert maximum efforts for the success of the Company and any
       Affiliate and to provide a means by which such eligible recipients may be given an opportunity to
       benefit from increases in value of the Common Stock through the granting of Stock Awards.

2. DEFINITIONS.
   As used in the Plan, the following definitions shall apply to the capitalized terms indicated below:

   (a) "Affiliate" means (i) any corporation (other than the Company) in an unbroken chain of
       corporations ending with the Company, provided each corporation in the unbroken chain (other
       than the Company) owns, at the time of the determination, stock possessing fifty percent (50%) or
       more of the total combined voting power of all classes of stock in one of the other corporations in
       such chain, and (ii) any corporation (other than the Company) in an unbroken chain of corporations
       beginning with the Company, provided each corporation (other than the last corporation) in the unbroken
       chain owns, at the time of the determination, stock possessing fifty percent (50%) or more of the total
       combined voting power of all classes of stock in one of the other corporations in such chain. The Board
       shall have the authority to determine (i) the time or times at which the ownership tests are applied, and
       (ii) whether "Affiliate" includes entities other than corporations within the foregoing definition.

   (b) "Award" means a Stock Award or a Performance Cash Award.

   (c) "Board" means the Board of Directors of the Company.

   (d) "Capitalization Adjustment" has the meaning ascribed to that term in Section 9(a).
(e) “Cause” means, with respect to a Participant, the occurrence of any of the following: (i) the Participant commits an act of dishonesty in connection with the Participant’s responsibilities as an Employee or Consultant; (ii) the Participant commits a felony or any act of moral turpitude; (iii) the Participant commits any willful or grossly negligent act that constitutes gross misconduct and/or injures, or is reasonably likely to injure, the Company or any Affiliate; or (iv) the Participant willfully and materially violates (A) any written policies or procedures of the Company or any Affiliate, or (B) the Participant’s obligations to the Company or any Affiliate. The determination that a termination is for Cause shall be made by the Company in its sole discretion. Any determination by the Company that the Continuous Service of a Participant was terminated with or without Cause for the purposes of outstanding Awards held by such Participant shall have no effect upon any determination of the rights or obligations of the Company or such Participant for any other purpose.

(f) “Change in Control” means the occurrence, in a single transaction or in a series of related transactions, of any one or more of the following events:

(i) any Exchange Act Person becomes the Owner, directly or indirectly, of securities of the Company representing more than fifty percent (50%) of the combined voting power of the Company’s then outstanding securities other than by virtue of a merger, consolidation or similar transaction. Notwithstanding the foregoing, a Change in Control shall not be deemed to occur (A) on account of the acquisition of securities of the Company by an investor, any affiliate thereof or any other Exchange Act Person from the Company in a transaction or series of related transactions the primary purpose of which is to obtain financing for the Company through the issuance of equity securities or (B) solely because the level of Ownership held by any Exchange Act Person (the “Subject Person”) exceeds the designated percentage threshold of the outstanding voting securities as a result of a repurchase or other acquisition of voting securities by the Company reducing the number of shares outstanding, provided that if a Change in Control would occur (but for the operation of this sentence) as a result of the acquisition of voting securities by the Company, and after such share acquisition, the Subject Person becomes the Owner of any additional voting securities that, assuming the repurchase or other acquisition had not occurred, increases the percentage of the then outstanding voting securities Owned by the Subject Person over the designated percentage threshold, then a Change in Control shall be deemed to occur;

(ii) there is consummated a merger, consolidation or similar transaction involving (directly or indirectly) the Company and, immediately after the consummation of such merger, consolidation or similar transaction, the stockholders of the Company immediately prior thereto do not Own, directly or indirectly, either (A) outstanding voting securities representing more than fifty percent (50%) of the combined outstanding voting power of the surviving Entity in such merger, consolidation or similar transaction or (B) more than fifty percent (50%) of the combined outstanding voting power of the parent of the surviving Entity in such merger, consolidation or similar transaction, in each case in substantially the same proportions as their Ownership of the outstanding voting securities of the Company immediately prior to such transaction;

(iii) the stockholders of the Company approve or the Board approves a plan of complete dissolution or liquidation of the Company, or a complete dissolution or liquidation of the Company shall otherwise occur;

(iv) there is consummated a sale, lease, exclusive license or other disposition of all or substantially all of the consolidated assets of the Company and its Subsidiaries, other than a sale, lease, license or other disposition of all or substantially all of the consolidated assets of the Company and its Subsidiaries to an Entity, more than fifty percent (50%) of the combined voting power of the voting securities of which are Owned by stockholders of the Company in substantially the same proportions as their Ownership of the outstanding voting securities of the Company immediately prior to such sale, lease, license or other disposition; or

(v) individuals who, on the date this Plan is adopted by the Board, are members of the Board (the “Incumbent Board”) cease for any reason to constitute at least a majority of the
members of the Board; provided, however, that if the appointment or election (or nomination for election) of any new Board member was approved or recommended by a majority vote of the members of the Incumbent Board then still in office, such new member shall, for purposes of this Plan, be considered as a member of the Incumbent Board.

For avoidance of doubt, the term Change in Control shall not include a sale of assets, merger or other transaction effected exclusively for the purpose of changing the domicile of the Company.

Notwithstanding the foregoing, to the extent that the Company determines that any of the payments or benefits under this Plan that are payable in connection with a Change in Control constitute deferred compensation under Section 409A that may only be paid on a transaction that meets the standard of Treasury Regulation Section 1.409A-3(a)(5), the foregoing definition of Change in Control shall apply only to the extent the transaction also meets the definition used for purposes of Treasury Regulation Section 1.409A-3(a)(5), that is, as defined under Treasury Regulation Section 1.409A-3(i)(5).

(g) “Code” means the Internal Revenue Code of 1986, as amended.

However, service solely as a Director, or payment of a fee for such service, shall not cause a Director to be considered a “Consultant” for purposes of the Plan.

(l) “Continuous Service” means that the Participant’s service with the Company or an Affiliate, whether as an Employee, Director or Consultant, is not interrupted or terminated. A change in the capacity in which the Participant renders service to the Company or an Affiliate from a Consultant to Employee shall not terminate a Participant’s Continuous Service. Furthermore, a change in the entity for which the Participant renders such service, provided that there is no interruption or termination of the Participant’s service with the Company or an Affiliate, shall not terminate a Participant’s Continuous Service. However, if the corporation for which a Participant is rendering service ceases to qualify as an Affiliate, as determined by the Board in its sole discretion, such Participant’s Continuous Service shall be considered to have terminated on the date such corporation ceases to qualify as an Affiliate. A leave of absence shall be treated as Continuous Service for purposes of vesting in an Award to such extent as may be provided in the Company’s leave of absence policy or in the written terms of the Participant’s leave of absence.

(m) “Corporate Transaction” means the occurrence, in a single transaction or in a series of related transactions, of any one or more of the following events:

(i) a sale or other disposition of all or substantially all, as determined by the Board in its sole discretion, of the consolidated assets of the Company and its Subsidiaries;

(ii) a sale or other disposition of at least ninety percent (90%) of the outstanding securities of the Company;

(iii) the consummation of a merger, consolidation or similar transaction following which the Company is not the surviving corporation; or

(iv) the consummation of a merger, consolidation or similar transaction following which the Company is the surviving corporation but the shares of Common Stock outstanding immediately preceding the merger, consolidation or similar transaction are converted or exchanged by virtue of the merger, consolidation or similar transaction into other property, whether in the form of securities, cash or otherwise.

(o) "Director" means a member of the Board.

(p) "Disability" means, with respect to a Participant, the inability of such Participant to engage in any substantial gainful activity by reason of any medically determinable physical or mental impairment which can be expected to result in death or which has lasted or can be expected to last for a continuous period of not less than twelve (12) months, as provided in Sections 22(e)(3) and 409A(a)(2)(c)(i) of the Code, and shall be determined by the Board on the basis of such medical evidence as the Board deems warranted under the circumstances.

(q) "Effective Date" means the effective date of the Plan as specified in Section 12.

(v) "Fair Market Value" means for purposes of Sections 3(f), 5(b), 5(c), 6(b), 6(c), 6(d)(iv), 7(c)(ii), 7(c)(iii) and 8(d), as of any date, the value of the Common Stock determined as follows:

(i) If the Common Stock is listed on any established stock exchange or traded on any market system, the Fair Market Value of a share of Common Stock shall be the closing sales price for such stock (or the closing bid, if no sales were reported) as quoted on such exchange or market (or the exchange or market with the greatest volume of trading in the Common Stock) on the date in question, as reported in The Wall Street Journal or such other source as the Board deems reliable. Unless otherwise provided by the Board, if there is no closing sales price (or closing bid if no sales were reported) for the Common Stock on the date in question, then the Fair Market Value shall be the closing sales price (or closing bid if no sales were reported) on the last preceding date for which such quotation exists.

(xx) "Stock Award" means any right granted under the Plan, including an Option, a Stock Appreciation Right, a Restricted Stock Award, a Restricted Stock Unit Award, a Performance Stock Award, or an Other Stock Award.

(yy) "Stock Award Agreement" means a written agreement between the Company and a Participant evidencing the terms and conditions of a Stock Award grant. Each Stock Award Agreement shall be subject to the terms and conditions of the Plan.

.zz) "Subsidiary" means, with respect to the Company, (i) any corporation of which more than fifty percent (50%) of the outstanding capital stock having ordinary voting power to elect a majority of the board of directors of such corporation (irrespective of whether, at the time, stock of any other class or classes of such corporation shall have or might have voting power by reason of the happening of any contingency) is at the time, directly or indirectly, Owned by the Company, and (ii) any partnership in which the Company has a direct or indirect interest (whether in the form of voting or participation in profits or capital contribution) of more than fifty percent (50%).

(aaa) "Ten Percent Stockholder" means a person who Owns (or is deemed to Own pursuant to Section 424(d) of the Code) stock possessing more than ten percent (10%) of the total combined voting power of all classes of stock of the Company or any Affiliate.

3. ADMINISTRATION.

(a) Administration by Board. The Board shall administer the Plan unless and until the Board delegates administration of the Plan to a Committee, as provided in Section 3(c).

(b) Powers of Board. The Board shall have the power, subject to, and within the limitations of, the express provisions of the Plan:

(i) To construe and interpret the Plan and Awards granted under it, and to establish, amend and revoke rules and regulations for administration of the Plan and Awards. The Board, in the exercise of this power, may correct any defect, omission or inconsistency in the Plan or in any Stock Award Agreement or in the written terms of a Performance Cash Award, in a manner and to the extent it shall deem necessary or expedient to make the Plan fully effective.

(ii) To determine from time to time (1) which of the persons eligible under the Plan shall be granted Awards; (2) when and how each Award shall be granted; (3) what type or combination of types of Award shall be granted; (4) the provisions of each Award granted (which need not be identical), including the time or times when a person shall be permitted to receive cash or Common Stock pursuant to an Award; and (5) the number of shares of Common Stock with respect to which a Stock Award shall be granted to each such person.

(iii) To accelerate the time at which an Award may be exercised or the time during which an Award or any part thereof will vest in accordance with the Plan, notwithstanding the provisions in the Award stating the time at which it may be exercised or the time during which it will vest.
(iv) To approve forms of award agreements for use under the Plan and to amend the terms of any one or more outstanding Awards.

(v) To amend the Plan or an Award as provided in Section 10. Subject to the limitations of applicable law, if any, the Board may amend the terms of any one or more Awards without the affected Participant’s consent if necessary to maintain the qualified status of the Award as an Incentive Stock Option, to clarify the manner of exemption from, or to bring the Award into compliance with, Section 409A of the Code or to comply with other applicable laws.

(vi) To terminate or suspend the Plan as provided in Section 11.

(vii) Generally, to exercise such powers and to perform such acts as the Board deems necessary or expedient to promote the best interests of the Company and that are not in conflict with the provisions of the Plan.

(viii) To adopt such procedures and sub-plans as are necessary or appropriate to permit participation in the Plan by individuals who are foreign nationals or employed outside the United States.

(c) Delegation To Committee.

(i) General. The Board may delegate some or all of the administration of the Plan to a Committee or Committees. If administration is delegated to a Committee, the Committee shall have, in connection with the administration of the Plan, the powers theretofore possessed by the Board that have been delegated to the Committee, including the power to delegate to a subcommittee any of the administrative powers the Committee is authorized to exercise (and references in this Plan to the Board shall thereafter be to the Committee or subcommittee), subject, however, to such resolutions, not inconsistent with the provisions of the Plan, as may be adopted from time to time by the Board or the Committee (as applicable). The Board may retain the authority to concurrently administer the Plan with the Committee and may, at any time, re-vest in the Board some or all of the powers previously delegated.

(ii) Section 162(m) and Rule 16b-3 Compliance. In the sole discretion of the Board, the Committee may consist solely of two or more Outside Directors, in accordance with Section 162(m) of the Code, and/or solely of two or more Non-Employee Directors, in accordance with Rule 16b-3. In addition, the Board or the Committee, in its sole discretion, may (1) delegate to a committee of one or more members of the Board who need not be Outside Directors the authority to grant Awards to eligible persons who are either (a) not then Covered Employees and are not expected to be Covered Employees at the time of recognition of income resulting from such Award, or (b) not persons with respect to whom the Company wishes to comply with Section 162(m) of the Code, and/or (2) delegate to a committee of one or more members of the Board who need not be Non-Employee Directors the authority to grant Stock Awards to eligible persons who are not then subject to Section 16 of the Exchange Act.

(d) Delegation to an Officer. The Board may delegate to one or more Officers of the Company the authority to do one or both of the following (i) designate Employees of the Company or any of its Subsidiaries to be recipients of Options, Stock Appreciation Rights and, to the extent permitted by applicable law, other Stock Awards and, to the extent permitted by applicable law, the terms thereof, and (ii) determine the number of shares of Common Stock to be subject to such Stock Awards granted to such Employees; provided, however, that the Board resolutions regarding such delegation shall specify the total number of shares of Common Stock that may be subject to the Options granted by such Officer. Any such Stock Awards granted by Officers will be granted on the form of Stock Award Agreement most recently approved for use by the Committee or the Board, unless otherwise provided in the resolutions approving the delegation authority. Notwithstanding anything to the contrary in this Section 3(d), the Board may not delegate to an Officer authority to determine the Fair Market Value of the Common Stock pursuant to Section 2(v)(ii) above.

(e) Effect of Board’s Decision. All determinations, interpretations and constructions made by the Board in good faith shall not be subject to review by any person and shall be final, binding and conclusive on all persons.
(f) Repricing; Cancellation and Re-Grant of Stock Awards. Neither the Board nor any Committee shall have the authority to: (i) reprice any outstanding Stock Awards under the Plan, (ii) provide for the exchange of an Option or Stock Appreciation Right for cash when the exercise price or strike price of such Option or Stock Appreciation Right, respectively, is greater than or equal to the Fair Market Value of a share of Common Stock or (iii) cancel and re-grant any outstanding Stock Awards under the Plan, in each case unless the stockholders of the Company have approved such an action within twelve (12) months prior to such an event, provided, however, that this provision shall not prevent cancellations of Stock Awards upon expiration or termination of such Stock Awards and the return of the underlying shares of Common Stock to the Plan for future issuance pursuant to Section 4(b) hereof.

4. SHARES SUBJECT TO THE PLAN.

(a) Share Reserve. Subject to the provisions of Section 9(a) relating to Capitalization Adjustments, the number of shares of Common Stock that may be issued pursuant to Stock Awards shall not exceed Seventy-Nine Million Seven Hundred Ninety-Seven Thousand Two Hundred Forty-Eight (79,797,248) shares of Common Stock in the aggregate. Subject to Section 4(b), the number of shares available for issuance under the Plan shall be reduced by: (i) one (1) share for each share of stock issued pursuant to (A) an Option granted under Section 6, or (B) a Stock Appreciation Right granted under Section 7(c), and (ii) (A) one and thirty-six hundredths (1.36) shares for each share of Common Stock issued prior to February 27, 2009 pursuant to a Restricted Stock Award, Restricted Stock Unit Award, or Other Stock Award granted under Section 7, (B) two and eighteen hundredths (2.18) shares for each share of Common Stock issued on or after February 27, 2009 pursuant to a Restricted Stock Award, Restricted Stock Unit Award, or Other Stock Award granted under Section 7, (C) one and twenty-five hundredths (1.25) shares for each share of Common Stock issued on or after March 24, 2011 pursuant to a Restricted Stock Award, Restricted Stock Unit Award, or Other Stock Award granted under Section 7, (D) one and five tenths (1.50) shares for each share of Common Stock issued on or after April 3, 2012 pursuant to a Restricted Stock Award, Restricted Stock Unit Award, or Other Stock Award granted under Section 7, and (E) one and six tenths (1.60) shares for each share of Common Stock issued on or after April 2, 2015 pursuant to a Restricted Stock Award, Restricted Stock Unit Award, or Other Stock Award granted under Section 7. Shares may be issued in connection with a merger or acquisition as permitted by NASDAQ Listing Rule 5635(c) or, if applicable, NYSE Listed Company Manual Section 303A.08, or other applicable rule, and such issuance shall not reduce the number of shares available for issuance under the Plan.

(b) Reversion of Shares to the Share Reserve.

(i) Shares Available For Subsequent Issuance. If any (i) Stock Award shall for any reason expire or otherwise terminate, in whole or in part, without having been exercised in full, (ii) shares of Common Stock issued to a Participant pursuant to a Stock Award are forfeited to or repurchased by the Company at their original exercise or purchase price (if any) pursuant to the Company’s reacquisition or repurchase rights under the Plan, including any forfeiture or repurchase caused by the failure to meet a contingency or condition required for the vesting of such shares, or (iii) Stock Award is settled in cash, then the shares of Common Stock not issued under such Stock Award, or forfeited to or repurchased by the Company, shall revert to and again become available for issuance under the Plan. To the extent there is issued a share of Common Stock pursuant to a Stock Award that counted as either (A) one and thirty-six hundredths (1.36) shares, (B) two and eighteen hundredths (2.18) shares, (C) one and twenty-five hundredths (1.25) shares, (D) one and five tenths (1.50) shares, or (E) one and six tenths (1.60) shares as applicable, against the number of shares available for issuance under the Plan pursuant to Section 4(a) and such share of Common Stock again becomes available for issuance under the Plan pursuant to this Section 4(b) on or after April 2, 2015, then the number of shares of Common Stock available for issuance under the Plan shall increase by 1.60 shares (regardless of when such share was issued).

(ii) Shares Not Available for Subsequent Issuance. If any shares subject to a Stock Award are not delivered to a Participant because the Stock Award is exercised through a reduction of shares subject to the Stock Award (i.e., “net exercised”) or an appreciation
distribution in respect of a Stock Appreciation Right is paid in shares of Common Stock, the
number of shares subject to the Stock Award that are not delivered to the Participant shall not
remain available for subsequent issuance under the Plan. If any shares subject to a Stock
Award are not delivered to a Participant because such shares are withheld in satisfaction of the
withholding of taxes incurred in connection with the exercise of, or the issuance of shares under,
a Stock Award, the number of shares that are not delivered to the Participant shall not remain
available for subsequent issuance under the Plan. If the exercise price of any Stock Award is
satisfied by tendering shares of Common Stock held by the Participant (either by actual delivery
or attestation), then the number of shares so tendered shall not remain available for subsequent
issuance under the Plan.

(c) Incentive Stock Option Limit. Notwithstanding anything to the contrary in this Section 4,
subject to the provisions of Section 9(a) relating to Capitalization Adjustments the aggregate maximum
number of shares of Common Stock that may be issued pursuant to the exercise of Incentive Stock
Options shall be Seventy-Nine Million Seven Hundred Ninety-Seven Thousand Two Hundred Forty-Eight
(79,797,248) shares of Common Stock.

(d) Source of Shares. The stock issuable under the Plan shall be shares of authorized but
unissued or reacquired Common Stock, including shares repurchased by the Company on the open
market or otherwise.

5. ELIGIBILITY.

(a) Eligibility for Specific Stock Awards. Incentive Stock Options may be granted only to
Employees. Stock Awards other than Incentive Stock Options may be granted to Employees and
Consultants; provided, however, that Nonstatutory Stock Options and Stock Appreciation Rights may
not be granted to Employees and Consultants who are providing Continuous Services only to any
“parent” of the Company, as such term is defined in Rule 405 promulgated under the Securities Act,
unless such Stock Awards comply with (or are exempt from) Section 409A of the Code or unless the
stock underlying such Stock Awards is otherwise determined to be “service recipient stock” under
Section 409A of the Code. Stock Awards under this Plan may not be granted to non-employee
Directors.

(b) Ten Percent Stockholders. An Employee who is also a Ten Percent Stockholder shall not
be granted an Incentive Stock Option unless the exercise price of such Option is at least one hundred
ten percent (110%) of the Fair Market Value of the Common Stock on the date of grant and the Option
has a term of no more than five (5) years from the date of grant and is not exercisable after the
expiration of five (5) years from the date of grant.

(c) Section 162(m) Limitation on Annual Awards. Subject to the provisions of Section 9(a)
relating to Capitalization Adjustments no Employee shall be eligible to be granted Stock Awards whose
value is determined by reference to an increase over an exercise or strike price of at least one hundred
percent (100%) of the Fair Market Value of the Common Stock on the date the Stock Award is granted
covering more than one million (1,000,000) shares of Common Stock during any calendar year.

6. OPTION PROVISIONS.

Each Option shall be in such form and shall contain such terms and conditions as the Board
shall deem appropriate. All Options shall be separately designated Incentive Stock Options or
Nonstatutory Stock Options at the time of grant, and, if certificates are issued, a separate certificate or
certificates shall be issued for shares of Common Stock purchased on exercise of each type of Option.
The provisions of separate Options need not be identical; provided, however, that each Option
Agreement shall include (through incorporation of provisions hereof by reference in the Option or
otherwise) the substance of each of the following provisions:

(a) Term. No Option shall be exercisable after the expiration of seven (7) years from the date of
grant, or such shorter period specified in the Option Agreement; provided, however, that an Incentive
Stock Option granted to a Ten Percent Stockholder shall be subject to the provisions of Section 5(b).

(b) Exercise Price of an Incentive Stock Option. Subject to the provisions of Section 5(b)
regarding Ten Percent Stockholders, the exercise price of each Incentive Stock Option shall be not
less than one hundred percent (100%) of the Fair Market Value of the Common Stock subject to the Option on the date the Option is granted. Notwithstanding the foregoing, an Incentive Stock Option may be granted with an exercise price lower than that set forth in the preceding sentence if such Option is granted pursuant to an assumption or substitution for another option in a manner consistent with the provisions of Sections 409A and 424(a) of the Code.

(c) Exercise Price of a Nonstatutory Stock Option. The exercise price of each Nonstatutory Stock Option shall be not less than one hundred percent (100%) of the Fair Market Value of the Common Stock subject to the Option on the date the Option is granted. Notwithstanding the foregoing, a Nonstatutory Stock Option may be granted with an exercise price lower than that set forth in the preceding sentence if such Option is granted pursuant to an assumption or substitution for another option in a manner consistent with the provisions of Sections 409A and 424(a) of the Code.

(d) Consideration. The purchase price of Common Stock acquired pursuant to the exercise of an Option shall be paid, to the extent permitted by applicable law and as determined by the Board in its sole discretion, by any combination of the methods of payment set forth below. The Board shall have the authority to grant Options that do not permit all of the following methods of payment (or otherwise restrict the ability to use certain methods) and to grant Options that require the consent of the Company to utilize a particular method of payment. The methods of payment permitted by this Section 6(d) are:

(i) by cash or check;
(ii) pursuant to a program developed under Regulation T as promulgated by the Federal Reserve Board that, prior to the issuance of Common Stock, results in either the receipt of cash (or check) by the Company or the receipt of irrevocable instructions to pay the aggregate exercise price to the Company from the sales proceeds;
(iii) by delivery to the Company (either by actual delivery or attestation) of shares of Common Stock;
(iv) by a “net exercise” arrangement, if the option is a Nonstatutory Stock Option, pursuant to which the Company will reduce the number of shares of Common Stock issued upon exercise by the largest whole number of shares with a Fair Market Value that does not exceed the aggregate exercise price; provided, however, the Company shall accept a cash or other payment from the Participant to the extent of any remaining balance of the aggregate exercise price not satisfied by such reduction in the number of whole shares to be issued; provided, however, that shares of Common Stock will no longer be outstanding under an Option and will not be exercisable thereafter to the extent that (i) shares are used to pay the exercise price pursuant to the “net exercise,” (ii) shares are delivered to the Participant as a result of such exercise, and (iii) shares are withheld to satisfy tax withholding obligations; or
(v) in any other form of legal consideration that may be acceptable to the Board.

(e) Transferability of Options. The Board may, in its sole discretion, impose such limitations on the transferability of Options as the Board shall determine. In the absence of such a determination by the Board to the contrary, the following restrictions on the transferability of Options shall apply:

(i) Restrictions on Transfer. An Option shall not be transferable except by will or by the laws of descent and distribution and shall be exercisable during the lifetime of the Optionholder only by the Optionholder.

(ii) Domestic Relations Orders. Notwithstanding the foregoing, an Option may be transferred pursuant to a domestic relations order; provided, however, that if an Option is an Incentive Stock Option, such Option may be deemed to be a Nonstatutory Stock Option as a result of such transfer.

(iii) Beneficiary Designation. Notwithstanding the foregoing, the Optionholder may, by delivering written notice to the Company, in a form provided by or otherwise satisfactory to the Company and any broker designated by the Company to effect Option exercises, designate a third party who, in the event of the death of the Optionholder, shall thereafter be entitled to
exercise the Option. In the absence of such a designation, the executor or administrator of the Optionholder’s estate shall be entitled to exercise the Option. However, the Company may prohibit designation of a beneficiary at any time, including due to any conclusion by the Company that such designation would be inconsistent with the provisions of applicable laws.

(f) **Vesting of Options Generally.** The total number of shares of Common Stock subject to an Option may vest and therefore become exercisable in periodic installments that may or may not be equal. The Option may be subject to such other terms and conditions on the time or times when it may or may not be exercised (which may be based on performance or other criteria) as the Board may deem appropriate. The vesting provisions of individual Options may vary. The provisions of this Section 6(f) are subject to any Option provisions governing the minimum number of shares of Common Stock as to which an Option may be exercised.

(g) **Termination of Continuous Service.** In the event that an Optionholder’s Continuous Service terminates (other than for Cause or upon the Optionholder’s death or Disability), the Optionholder may exercise his or her Option (to the extent that the Optionholder was entitled to exercise such Option as of the date of termination of Continuous Service) but only within such period of time ending on the earlier of (i) the date three (3) months following the termination of the Optionholder’s Continuous Service (or such longer or shorter period specified in the Option Agreement), or (ii) the expiration of the term of the Option as set forth in the Option Agreement. If, after termination of Continuous Service, the Optionholder does not exercise his or her Option within the time specified herein or in the Option Agreement (as applicable), the Option shall terminate.

(h) **Extension of Termination Date.** An Optionholder’s Option Agreement may provide that if the exercise of the Option following the termination of the Optionholder’s Continuous Service (other than upon the Optionholder’s death or Disability) would be prohibited at any time solely because the issuance of shares of Common Stock would violate the registration requirements under the Securities Act, then the Option shall terminate on the earlier of (i) the expiration of a period of three (3) months after the termination of the Optionholder’s Continuous Service (or such longer or shorter period specified in the Option Agreement), or (ii) the expiration of the term of the Option as set forth in the Option Agreement during which the exercise of the Option would not be in violation of such registration requirements, or (ii) the expiration of the term of the Option as set forth in the Option Agreement.

(i) **Disability of Optionholder.** In the event that an Optionholder’s Continuous Service terminates as a result of the Optionholder’s Disability, the Optionholder may exercise his or her Option (to the extent that the Optionholder was entitled to exercise such Option as of the date of termination of Continuous Service), but only within such period of time ending on the earlier of (i) the date twelve (12) months following the termination of Continuous Service (or such longer or shorter period specified in the Option Agreement), or (ii) the expiration of the term of the Option as set forth in the Option Agreement. If, after termination of Continuous Service, the Optionholder does not exercise his or her Option within the time specified herein or in the Option Agreement (as applicable), the Option shall terminate.

(j) **Death of Optionholder.** In the event that (i) an Optionholder’s Continuous Service terminates as a result of the Optionholder’s death, or (ii) the Optionholder dies within the period (if any) specified in the Option Agreement after the termination of the Optionholder’s Continuous Service for a reason other than death, then the Option may be exercised (to the extent the Optionholder was entitled to exercise such Option as of the date of death) by the Optionholder’s estate, by a person who acquired the right to exercise the Option by bequest or inheritance or by a person designated to exercise the option upon the Optionholder’s death, but only within the period ending on the earlier of (i) the date twelve (12) months following the date of death (or such longer or shorter period specified in the Option Agreement), or (ii) the expiration of the term of such Option as set forth in the Option Agreement. If, after the Optionholder’s death, the Option is not exercised within the time specified herein or in the Option Agreement (as applicable), the Option shall terminate.

(k) **Termination for Cause.** In the event that an Optionholder’s Continuous Service is terminated for Cause, the Option shall terminate immediately and cease to remain outstanding and the Option shall cease to be exercisable with respect to any shares of Common Stock (whether vested or unvested) at the time of such termination.
7. PROVISIONS OF STOCK AWARDS OTHER THAN OPTIONS.

(a) Restricted Stock Awards. Each Restricted Stock Award Agreement shall be in such form and shall contain such terms and conditions as the Board shall deem appropriate. To the extent consistent with the Company’s Bylaws, at the Board’s election, shares of Common Stock may be (i) held in book entry form subject to the Company’s instructions until any restrictions relating to the Restricted Stock Award lapse; or (ii) evidenced by a certificate, which certificate shall be held in such form and manner as determined by the Board. The terms and conditions of Restricted Stock Award Agreements may change from time to time, and the terms and conditions of separate Restricted Stock Award Agreements need not be identical; provided, however, that each Restricted Stock Award Agreement shall include (through incorporation of the provisions hereof by reference in the agreement or otherwise) the substance of each of the following provisions:

(i) Consideration. A Restricted Stock Award may be awarded in consideration for (i) past or future services rendered to the Company or an Affiliate, or (ii) any other form of legal consideration that may be acceptable to the Board, in its sole discretion, and permissible under applicable law.

(ii) Vesting. Shares of Common Stock awarded under a Restricted Stock Award Agreement may be subject to forfeiture to the Company in accordance with a vesting schedule to be determined by the Board.

(iii) Termination of Participant’s Continuous Service. In the event a Participant’s Continuous Service terminates, the Company may receive via a forfeiture condition or repurchase right any or all of the shares of Common Stock held by the Participant which have not vested as of the date of termination of Continuous Service under the terms of the Restricted Stock Award Agreement.

(iv) Transferability. Rights to acquire shares of Common Stock under the Restricted Stock Award Agreement shall be transferable by the Participant only upon such terms and conditions as are set forth in the Restricted Stock Award Agreement, as the Board shall determine in its sole discretion, so long as Common Stock awarded under the Restricted Stock Award Agreement remains subject to the terms of the Restricted Stock Award Agreement.

(b) Restricted Stock Unit Awards. Each Restricted Stock Unit Award Agreement shall be in such form and shall contain such terms and conditions as the Board shall deem appropriate. The terms and conditions of Restricted Stock Unit Award Agreements may change from time to time, and the terms and conditions of separate Restricted Stock Unit Award Agreements need not be identical; provided, however, that each Restricted Stock Unit Award Agreement shall include (through incorporation of the provisions hereof by reference in the agreement or otherwise) the substance of each of the following provisions:

(i) Consideration. A Restricted Stock Unit Award may be awarded in consideration for (i) past or future services rendered to the Company or an Affiliate, or (ii) any other form of legal consideration that may be acceptable to the Board, in its sole discretion, and permissible under applicable law.

(ii) Vesting. At the time of the grant of a Restricted Stock Unit Award, the Board may impose such restrictions on or conditions to the vesting of the Restricted Stock Unit Award as it, in its sole discretion, deems appropriate.

(iii) Payment. A Restricted Stock Unit Award may be settled by the delivery of shares of Common Stock, their cash equivalent, any combination thereof or in any other form of consideration, as determined by the Board and contained in the Restricted Stock Unit Award Agreement.

(iv) Termination of Participant’s Continuous Service. Except as otherwise provided in the applicable Restricted Stock Unit Award Agreement, such portion of the Restricted Stock Unit Award that has not vested will be forfeited upon the Participant’s termination of Continuous Service.
(c) **Stock Appreciation Rights.** Each Stock Appreciation Right Agreement shall be in such form and shall contain such terms and conditions as the Board shall deem appropriate. The terms and conditions of Stock Appreciation Right Agreements may change from time to time, and the terms and conditions of separate Stock Appreciation Right Agreements need not be identical; *provided, however, that each Stock Appreciation Right Agreement shall include (through incorporation of the provisions hereof by reference in the agreement or otherwise) the substance of each of the following provisions:*

(i) **Term.** No Stock Appreciation Right shall be exercisable after the expiration of seven (7) years from the date of grant, or such shorter period specified in the Stock Appreciation Right Agreement.

(ii) **Strike Price.** Each Stock Appreciation Right will be denominated in shares of Common Stock equivalents. The strike price of each Stock Appreciation Right shall not be less than one hundred percent (100%) of the Fair Market Value of the Common Stock equivalents subject to the Stock Appreciation Right on the date of grant.

(iii) **Calculation of Appreciation.** The appreciation distribution payable on the exercise of a Stock Appreciation Right will be not greater than an amount equal to the excess of (i) the aggregate Fair Market Value (on the date of the exercise of the Stock Appreciation Right) of a number of shares of Common Stock equal to the number of share of Common Stock equivalents in which the Participant is vested under such Stock Appreciation Right, and with respect to which the Participant is exercising the Stock Appreciation Right on such date, over (ii) the strike price that is determined by the Board on the date of grant of the Stock Appreciation Right.

(iv) **Vesting.** At the time of the grant of a Stock Appreciation Right, the Board may impose such restrictions or conditions to the vesting of such Stock Appreciation Right as it, in its sole discretion, deems appropriate.

(v) **Exercise.** To exercise any outstanding Stock Appreciation Right, the Participant must provide written notice of exercise to the Company in compliance with the provisions of the Stock Appreciation Right Agreement evidencing such Stock Appreciation Right.

(vi) **Payment.** The appreciation distribution in respect of a Stock Appreciation Right may be paid in Common Stock, in cash, in any combination of the two or in any other form of consideration, as determined by the Board and set forth in the Stock Appreciation Right Agreement evidencing such Stock Appreciation Right.

(vii) **Termination of Continuous Service.** In the event that a Participant’s Continuous Service terminates (other than for Cause or upon the Participant’s death or Disability), the Participant may exercise his or her Stock Appreciation Right (to the extent that the Participant was entitled to exercise such Stock Appreciation Right as of the date of termination of Continuous Service) but only within such period of time ending on the earlier of (i) the date three (3) months following the termination of the Participant’s Continuous Service (or such longer or shorter period specified in the Stock Appreciation Right Agreement), or (ii) the expiration of the term of the Stock Appreciation Right as set forth in the Stock Appreciation Right Agreement. If, after termination of Continuous Service, the Participant does not exercise his or her Stock Appreciation Right within the time specified herein or in the Stock Appreciation Right Agreement (as applicable), the Stock Appreciation Right shall terminate.

(viii) **Extension of Termination Date.** A Participant’s Stock Appreciation Right Agreement may provide that if the exercise of the Stock Appreciation Right following the termination of the Participant’s Continuous Service (other than upon the Participant’s death or Disability) would be prohibited at any time solely because the issuance of shares of Common Stock would violate the registration requirements under the Securities Act, then the Stock Appreciation Right shall terminate on the earlier of (i) the expiration of a period of three (3) months after the termination of the Participant’s Continuous Service (or such longer or shorter period specified in the Stock Appreciation Right Agreement) during which the exercise of the Stock Appreciation Right would not be in violation of such registration requirements, or (ii) the expiration of the term of the Stock Appreciation Right as set forth in the Stock Appreciation Right Agreement.
(ix) **Disability of Participant.** In the event that a Participant’s Continuous Service terminates as a result of the Participant’s Disability, the Participant may exercise his or her Stock Appreciation Right (to the extent that the Participant was entitled to exercise such Stock Appreciation Right as of the date of termination of Continuous Service), but only within such period of time ending on the earlier of (i) the date twelve (12) months following such termination of Continuous Service (or such longer or shorter period specified in the Stock Appreciation Right Agreement), or (ii) the expiration of the term of the Stock Appreciation Right as set forth in the Stock Appreciation Right Agreement. If, after termination of Continuous Service, the Participant does not exercise his or her Stock Appreciation Right within the time specified herein or in the Stock Appreciation Right Agreement (as applicable), the Stock Appreciation Right shall terminate.

(x) **Death of Participant.** In the event that (i) a Participant’s Continuous Service terminates as a result of the Participant’s death, or (ii) the Participant dies within the period (if any) specified in the Stock Appreciation Right Agreement after the termination of the Participant’s Continuous Service for a reason other than death, then the Stock Appreciation Right may be exercised (to the extent the Participant was entitled to exercise such Stock Appreciation Right as of the date of death) by the Participant’s estate, by a person who acquired the right to exercise the Stock Appreciation Right by bequest or inheritance or by a person designated to exercise the Stock Appreciation Right upon the Participant’s death, but only within the period ending on the earlier of (i) the date twelve (12) months following the date of death (or such longer or shorter period specified in the Stock Appreciation Right Agreement), or (ii) the expiration of the term of such Stock Appreciation Right as set forth in the Stock Appreciation Right Agreement. If, after the Participant’s death, the Stock Appreciation Right is not exercised within the time specified herein or in the Stock Appreciation Right Agreement (as applicable), the Stock Appreciation Right shall terminate.

(xi) **Termination for Cause.** In the event that a Participant’s Continuous Service is terminated for Cause, the Stock Appreciation Right shall terminate immediately and cease to remain outstanding and the Stock Appreciation Right shall cease to be exercisable with respect to any shares of Common Stock (whether vested or unvested) at the time of such termination.

(d) **Performance Awards.**

(i) **Performance Stock Awards.** A Performance Stock Award is either a Restricted Stock Award or Restricted Stock Unit Award that may be granted, may vest, or may be exercised based upon the attainment during a Performance Period of certain Performance Goals. A Performance Stock Award may, but need not, require the completion of a specified period of Continuous Service. The length of any Performance Period, the Performance Goals to be achieved during the Performance Period, and the measure of whether and to what degree such Performance Goals have been attained shall be conclusively determined by the Committee in its sole discretion. The maximum benefit to be received by any Participant in any calendar year attributable to Performance Stock Awards described in this Section 7(d)(i) shall not exceed the value of one million (1,000,000) shares of Common Stock.

(ii) **Performance Cash Awards.** A Performance Cash Award is a cash award that may be granted or paid upon the attainment during a Performance Period of certain Performance Goals. A Performance Cash Award may also require the completion of a specified period of Continuous Service. The length of any Performance Period, the Performance Goals to be achieved during the Performance Period, and the measure of whether and to what degree such Performance Goals have been attained shall be conclusively determined by the Committee in its sole discretion. The maximum benefit to be received by any Participant in any calendar year attributable to Performance Cash Awards described in this Section 7(d)(ii) shall not exceed two million dollars ($2,000,000).

(e) **Other Stock Awards.** Other forms of Stock Awards valued in whole or in part by reference to, or otherwise based on, Common Stock may be granted either alone or in addition to Stock Awards.
provided for under Section 6 and the preceding provisions of this Section 7. Subject to the provisions of the Plan, the Board shall have sole and complete authority to determine the persons to whom and the time or times at which such Other Stock Awards will be granted, the number of shares of Common Stock (or the cash equivalent thereof) to be granted pursuant to such Other Stock Awards and all other terms and conditions of such Other Stock Awards. No Other Stock Award may have a term in excess of seven (7) years from the date of grant.

8. MISCELLANEOUS.

(a) Use of Proceeds. Proceeds from the sale of shares of Common Stock pursuant to Stock Awards shall constitute general funds of the Company.

(b) Stockholder Rights. No Participant shall be deemed to be the holder of, or to have any of the rights of a holder with respect to, any shares of Common Stock subject to such Stock Award unless and until such Participant has satisfied all requirements for exercise of, or the issuance of shares under, the Stock Award pursuant to its terms and the issuance of the Common Stock has been entered into the books and records of the Company.

(c) No Employment or Other Service Rights. Nothing in the Plan, any Stock Award Agreement or other instrument executed thereunder or in connection with any Award granted pursuant thereto shall confer upon any Participant any right to continue to serve the Company or an Affiliate in the capacity in effect at the time the Award was granted or shall affect the right of the Company or an Affiliate to terminate (i) the employment of an Employee with or without notice and with or without cause, (ii) the service of a Consultant pursuant to the terms of such Consultant’s agreement with the Company or an Affiliate, or (iii) the service of a Director pursuant to the Bylaws of the Company or an Affiliate, and any applicable provisions of the corporate law of the state in which the Company or the Affiliate is incorporated, as the case may be.

(d) Incentive Stock Option $100,000 Limitation. To the extent that the aggregate Fair Market Value (determined at the time of grant) of Common Stock with respect to which Incentive Stock Options are exercisable for the first time by any Optionholder during any calendar year (under all plans of the Company and any Affiliates) exceeds one hundred thousand dollars ($100,000), the Options or portions thereof that exceed such limit (according to the order in which they were granted) shall be treated as Nonstatutory Stock Options, notwithstanding any contrary provision of the applicable Option Agreement(s).

(e) Investment Assurances. The Company may require a Participant, as a condition of exercising or acquiring Common Stock under any Stock Award, (i) to give written assurances satisfactory to the Company as to the Participant’s knowledge and experience in financial and business matters and/or to employ a purchaser representative reasonably satisfactory to the Company who is knowledgeable and experienced in financial and business matters and that he or she is capable of evaluating, alone or together with the purchaser representative, the merits and risks of exercising the Stock Award; and (ii) to give written assurances satisfactory to the Company stating that the Participant is acquiring Common Stock subject to the Stock Award for the Participant’s own account and not with any present intention of selling or otherwise distributing the Common Stock. The foregoing requirements, and any assurances given pursuant to such requirements, shall be inoperative if (i) the issuance of the shares upon the exercise or acquisition of Common Stock under the Stock Award has been registered under a then currently effective registration statement under the Securities Act, or (ii) as to any particular requirement, a determination is made by counsel for the Company that such requirement need not be met in the circumstances under the then applicable securities laws. The Company may, upon advice of counsel to the Company, place legends on stock certificates issued under the Plan as such counsel deems necessary or appropriate in order to comply with applicable securities laws, including, but not limited to, legends restricting the transfer of the Common Stock.

(f) Securities Law Compliance. The Company shall seek to obtain from each regulatory commission or agency having jurisdiction over the Plan such authority as may be required to grant Stock Awards and to issue and sell shares of Common Stock upon exercise of the Stock Awards; provided, however, that this undertaking shall not require the Company to register under the Securities Act the Plan, any Stock Award or any Common Stock issued or issuable pursuant to any such Stock Award. If, after reasonable efforts, the Company is unable to obtain from any such regulatory
commission or agency the authority that counsel for the Company deems necessary for the lawful issuance and sale of Common Stock under the Plan, the Company shall be relieved from any liability for failure to issue and sell Common Stock upon exercise of such Stock Awards unless and until such authority is obtained. A Participant shall not be eligible for the grant of a Stock Award or the subsequent issuance of Common Stock pursuant to the Stock Award if such grant or issuance would be in violation of any applicable securities laws.

(g) **Withholding Obligations.** Unless prohibited by the terms of a Stock Award Agreement or the written terms of a Performance Cash Award, the Company may, in its sole discretion, satisfy any federal, state or local tax withholding obligation relating to an Award by any of the following means (in addition to the Company’s right to withhold from any compensation paid to the Participant by the Company) or by a combination of such means: (i) causing the Participant to tender a cash payment; (ii) withholding shares of Common Stock from the shares of Common Stock issued or otherwise issuable to the Participant in connection with a Stock Award; provided, however, that no shares of Common Stock are withheld with a value exceeding the amount of tax required to be withheld by law (or such other amount as may be necessary to avoid classification of the Stock Award as a liability for financial accounting purposes); (iii) withholding cash from an Award settled in cash; (iv) withholding payment from any amounts otherwise payable to the Participant; or (v) by such other method as may be set forth in the Award agreement.

(h) **Electronic Delivery.** Any reference herein to a “written” agreement or document shall include any agreement or document delivered electronically, filed publicly at www.sec.gov (or any successor website thereto) or posted on the Company’s intranet.

(i) **Deferrals.** To the extent permitted by applicable law, the Board, in its sole discretion, may determine that the delivery of Common Stock or the payment of cash, upon the exercise, vesting or settlement of all or a portion of any Award may be deferred and may establish programs and procedures for deferral elections to be made by Participants. Deferrals by Participants will be made in accordance with Section 409A of the Code. Consistent with Section 409A of the Code, the Board may provide for distributions while a Participant is still an employee or otherwise providing services to the Company. The Board is authorized to make deferrals of Awards and determine when, and in what annual percentages, Participants may receive payments, including lump sum payments, following the Participant's termination of Continuous Service, and implement such other terms and conditions consistent with the provisions of the Plan and in accordance with applicable law.

(j) **Compliance with Section 409A.** Unless otherwise expressly provided for in a Stock Award Agreement or the written terms of a Performance Cash Award, the Plan and Award agreements will be interpreted to the greatest extent possible in a manner that makes the Plan and the Awards granted hereunder exempt from Section 409A of the Code, and, to the extent not so exempt, in compliance with Section 409A of the Code. If the Board determines that any Award granted hereunder is not exempt from and is therefore subject to Section 409A of the Code, the agreement evidencing such Award shall incorporate the terms and conditions necessary to avoid the consequences specified in Section 409A(a)(1) of the Code, and to the extent an Award agreement is silent on terms necessary for compliance, such terms are hereby incorporated by reference into such Award agreement. Notwithstanding anything to the contrary in this Plan (and unless the Award agreement specifically provides otherwise), if the shares of the Company’s Common Stock are publicly traded and if a Participant holding an Award that constitutes “deferred compensation” under Section 409A of the Code is a “specified employee” for purposes of Section 409A of the Code, no distribution or payment of any amount that is due because of a “separation from service” (as defined in Section 409A of the Code without regard to alternative definitions thereunder) will be issued or paid before the date that is six (6) months following the date of such Participant’s “separation from service” or, if earlier, the date of the Participant’s death, unless such distribution or payment can be made in a manner that complies with Section 409A of the Code, and any amounts so deferred will be paid in a lump sum on the day after such six (6) month period elapses, with the balance paid thereafter on the original schedule.

(k) **Non-Exempt Employees.** No Stock Award granted to an Employee who is a non-exempt employee for purposes of the Fair Labor Standards Act of 1938, as amended, shall be first exercisable for any shares of Common Stock until at least six (6) months following the date of grant. Notwithstanding the foregoing, consistent with the provisions of the Worker Economic Opportunity Act,
(i) in the event of the Participant’s death or Disability, (ii) upon a Corporate Transaction in which such Stock Award is not assumed, continued, or substituted, (iii) upon a Change in Control, or (iv) upon the Participant’s retirement (as such term may be defined in the Participant’s Stock Award agreement or in another applicable agreement or in accordance with the Company’s then current employment policies and guidelines), any vested Stock Awards may be exercised earlier than six (6) months following the date of grant. The foregoing provision is intended to operate so that any income derived by a non-exempt employee in connection with the exercise or vesting of a Stock Award will be exempt from his or her regular rate of pay.

(l) **No Obligation to Notify or Minimize Taxes.** The Company shall have no duty or obligation to any Participant to advise such holder as to the time or manner of exercising such Stock Award. Furthermore, the Company shall have no duty or obligation to warn or otherwise advise such holder of a pending termination or expiration of a Stock Award or a possible period in which the Stock Award may not be exercised. The Company has no duty or obligation to minimize the tax consequences of a Stock Award to the holder of such Stock Award.

(m) **Corporate Action Constituting Grant of Stock Awards.** Corporate action constituting a grant by the Company of a Stock Award to any Participant shall be deemed completed as of the date of such corporate action, unless otherwise determined by the Board, regardless of when the instrument, certificate, or letter evidencing the Stock Award is communicated to, or actually received or accepted by, the Participant. In the event that the corporate records (e.g., Board consents, resolutions or minutes) documenting the corporate action constituting the grant contain terms (e.g., exercise price, vesting schedule or number of shares) that are inconsistent with those in the Stock Award Agreement or the written terms of a Performance Cash Award as a result of a clerical error in the papering of the Award agreement, the corporate records will control.

9. **ADJUSTMENTS UPON CHANGES IN COMMON STOCK; CORPORATE TRANSACTIONS.**

(a) **Capitalization Adjustments.** If any change is made in, or other events occur with respect to, the Common Stock subject to the Plan or subject to any Stock Award after the effective date of the Plan set forth in Section 12 without the receipt of consideration by the Company (through merger, consolidation, reorganization, recapitalization, reincorporation, stock dividend, dividend in property other than cash, stock split, liquidating dividend, combination of shares, exchange of shares, change in corporate structure or other transaction not involving the receipt of consideration by the Company (each a "Capitalization Adjustment")), the Board shall appropriately and proportionately adjust: (i) the class(es) and maximum number of securities subject to the Plan pursuant to Section 4(a), (ii) the class(es) and maximum number of securities that may be issued pursuant to the exercise of Incentive Stock Options pursuant to Section 4(c), (iii) the class(es) and maximum number of securities that may be awarded to any person pursuant to Sections 5(c) and 7(d)(i), and (iv) the class(es) and number of securities and price per share of stock subject to outstanding Stock Awards. The Board shall make such adjustments, and its determination shall be final, binding and conclusive. (Notwithstanding the foregoing, the conversion of any convertible securities of the Company shall not be treated as a transaction "without receipt of consideration" by the Company.)

(b) **Dissolution or Liquidation.** In the event of a dissolution or liquidation of the Company, all outstanding Stock Awards (other than Stock Awards consisting of vested and outstanding shares of Common Stock not subject to a forfeiture condition or the Company’s right of repurchase) shall terminate immediately prior to the completion of such dissolution or liquidation, and the shares of Common Stock subject to the Company’s repurchase option or subject to the forfeiture condition may be repurchased or reacquired by the Company notwithstanding the fact that the holder of such Stock Award is providing Continuous Service, provided, however, that the Board may, in its sole discretion, cause some or all Stock Awards to become fully vested, exercisable and/or no longer subject to repurchase or forfeiture (to the extent such Stock Awards have not previously expired or terminated) before the dissolution or liquidation is completed but contingent on its completion.
(c) **Corporate Transaction.** The following provisions shall apply to Stock Awards in the event of a Corporate Transaction unless otherwise provided in a written agreement between the Company or any Affiliate and the holder of the Stock Award or unless otherwise expressly provided by the Board at the time of grant of a Stock Award:

(i) **Stock Awards May Be Assumed.** In the event of a Corporate Transaction, any surviving corporation or acquiring corporation (or the surviving or acquiring corporation’s parent company) may assume or continue any or all Stock Awards outstanding under the Plan or may substitute similar stock awards for Stock Awards outstanding under the Plan (including, but not limited to, awards to acquire the same consideration paid to the stockholders of the Company pursuant to the Corporate Transaction), and any reacquisition or repurchase rights held by the Company in respect of Common Stock issued pursuant to Stock Awards may be assigned by the Company to the successor of the Company (or the successor’s parent company, if any), in connection with such Corporate Transaction. A surviving corporation or acquiring corporation may choose to assume or continue only a portion of a Stock Award or substitute a similar stock award for only a portion of a Stock Award. The terms of any assumption, continuation or substitution shall be set by the Board in accordance with the provisions of Section 3(b).

(ii) **Stock Awards Held by Current Participants.** In the event of a Corporate Transaction in which the surviving corporation or acquiring corporation (or its parent company) does not assume or continue any or all outstanding Stock Awards or substitute similar stock awards for such outstanding Stock Awards, then with respect to Stock Awards that have not been assumed, continued or substituted and that are held by Participants whose Continuous Service has not terminated prior to the effective time of the Corporate Transaction (referred to as the "Current Participants"), the vesting of such Stock Awards (and, if applicable, the time at which such Stock Awards may be exercised) shall (contingent upon the effectiveness of the Corporate Transaction) be accelerated in full to a date prior to the effective time of such Corporate Transaction as the Board shall determine (or, if the Board shall not determine such a date, to the date that is five (5) days prior to the effective time of the Corporate Transaction), and such Stock Awards shall terminate if not exercised (if applicable) at or prior to the effective time of the Corporate Transaction, and any reacquisition or repurchase rights held by the Company with respect to such Stock Awards shall lapse (contingent upon the effectiveness of the Corporate Transaction). No vested Restricted Stock Unit Award shall terminate pursuant to this Section 9(c)(ii) without being settled by delivery of shares of Common Stock, their cash equivalent, any combination thereof, or in any other form of consideration, as determined by the Board, prior to the effective time of the Corporate Transaction.

(iii) **Stock Awards Held by Former Participants.** In the event of a Corporate Transaction in which the surviving corporation or acquiring corporation (or its parent company) does not assume or continue any or all outstanding Stock Awards or substitute similar stock awards for such outstanding Stock Awards, then with respect to Stock Awards that have not been assumed, continued or substituted and that are held by persons other than Current Participants, the vesting of such Stock Awards (and, if applicable, the time at which such Stock Award may be exercised) shall not be accelerated and such Stock Awards (other than a Stock Award consisting of vested and outstanding shares of Common Stock not subject to the Company’s right of repurchase) shall terminate if not exercised (if applicable) prior to the effective time of the Corporate Transaction; provided, however, that any reacquisition or repurchase rights held by the Company with respect to such Stock Awards shall not terminate and may continue to be exercised notwithstanding the Corporate Transaction. No vested Restricted Stock Unit Award shall terminate pursuant to this Section 9(c)(iii) without being settled by delivery of shares of Common Stock, their cash equivalent, any combination thereof, or in any other form of consideration, as determined by the Board, prior to the effective time of the Corporate Transaction.
(iv) **Payment for Stock Awards in Lieu of Exercise.** Notwithstanding the foregoing, in the event a Stock Award will terminate if not exercised prior to the effective time of a Corporate Transaction, the Board may provide, in its sole discretion, that the holder of such Stock Award may not exercise such Stock Award but will receive a payment, in such form as may be determined by the Board, equal in value to the excess, if any, of (i) the value of the property the holder of the Stock Award would have received upon the exercise of the Stock Award immediately prior to the effective time of the Corporate Transaction, over (ii) any exercise price payable by such holder in connection with such exercise.

(d) **Change in Control.** A Stock Award may be subject to additional acceleration of vesting and exercisability upon or after a Change in Control as may be provided in the Stock Award Agreement for such Stock Award or as may be provided in any other written agreement between the Company or any Affiliate and the Participant. A Stock Award may vest as to all or any portion of the shares subject to the Stock Award (i) immediately upon the occurrence of a Change in Control, whether or not such Stock Award is assumed, continued, or substituted by a surviving or acquiring entity in the Change in Control, or (ii) in the event a Participant’s Continuous Service is terminated, actually or constructively, within a designated period following the occurrence of a Change in Control. In the absence of such provisions, no such acceleration shall occur.

10. **AMENDMENT OF THE PLAN AND STOCK AWARDS.**

(a) **Amendment of Plan.** Subject to the limitations of applicable law, the Board at any time, and from time to time, may amend the Plan. However, stockholder approval shall be required for any amendment of the Plan that either (i) materially increases the number of shares of Common Stock available for issuance under the Plan, (ii) materially expands the class of individuals eligible to receive Awards under the Plan, (iii) materially increases the benefits accruing to Participants under the Plan or materially reduces the price at which shares of Common Stock may be issued or purchased under the Plan, (iv) materially extends the term of the Plan, or (v) expands the types of Awards available for issuance under the Plan, but only to the extent required by applicable law or listing requirements.

(b) **Stockholder Approval.** The Board, in its sole discretion, may submit any other amendment to the Plan for stockholder approval, including, but not limited to, amendments to the Plan intended to satisfy the requirements of Section 162(m) of the Code and the regulations thereunder regarding the exclusion of performance-based compensation from the limit on corporate deductibility of compensation paid to Covered Employees.

(c) **Contemplated Amendments.** It is expressly contemplated that the Board may amend the Plan in any respect the Board deems necessary or advisable to provide eligible Employees with the maximum benefits provided or to be provided under the provisions of the Code and the regulations promulgated thereunder relating to Incentive Stock Options and/or to bring the Plan and/or Incentive Stock Options granted under it into compliance therewith.

(d) **Amendment of Awards.** The Board, at any time and from time to time, may amend the terms of any one or more Awards (either directly or by amending the Plan), including, but not limited to, amendments to provide terms more favorable than previously provided in the Stock Award Agreement or the written terms of a Performance Cash Award, subject to any specified limits in the Plan that are not subject to Board discretion; provided, however, that the rights under any Award outstanding at the time of such amendment shall not be materially impaired by any such amendment unless (i) the Company requests the consent of the affected Participant, and (ii) such Participant consents in writing.

11. **TERMINATION OR SUSPENSION OF THE PLAN.**

(a) **Plan Term.** The Board may suspend or terminate the Plan at any time. Unless sooner terminated, the Plan shall terminate on April 1, 2026. No Awards may be granted under the Plan while the Plan is suspended or after it is terminated.

(b) **No Impairment of Rights.** Suspension or termination of the Plan shall not impair rights and obligations under any Award granted while the Plan is in effect except with the written consent of the affected Participant.
12. EFFECTIVE DATE OF PLAN.
   The Plan became effective upon approval by the stockholders at Synopsys’ 2006 Annual Meeting of Stockholders.

13. CHOICE OF LAW.
   The law of the State of Delaware shall govern all questions concerning the construction, validity and interpretation of this Plan, without regard to that state’s conflict of laws rules.
